SBA Offers Disaster Assistance to Indiana Residents Affected By the Severe Storms, Flooding and Tornadoes in Lake County

WASHINGTON – Indiana residents and businesses affected by the severe storms, flooding and tornadoes in Lake County that occurred on August 4, 2008 can apply for low-interest disaster loans from the U.S. Small Business Administration, SBA Acting Administrator Jovita Carranza announced today.

Acting Administrator Carranza made the loans available following a letter from Indiana Governor Mitchell E. Daniels, Jr. on August 11, requesting a disaster declaration by the SBA. The declaration covers Lake and the adjacent counties of Jasper, Newton and Porter in Indiana; and Cook, Kankakee and Will counties in Illinois.

“We look forward to working with the State of Indiana and the people affected by the severe storms, flooding and tornadoes to make the SBA disaster loans available to homeowners, renters and businesses,” said Acting Administrator Carranza.

“Loans up to \$200,000 are available to homeowners to repair or replace damaged or destroyed real estate,” said Frank Skaggs, Director of SBA’s Disaster Field Operations Center in Atlanta. Homeowners and renters are eligible for loans up to \$40,000 to repair or replace damaged or destroyed personal property. “The SBA’s customer service representatives will be on hand at the Disaster Loan Outreach Center to issue loan applications, answer questions about the SBA’s disaster loan program, explain the application process and help individuals complete their applications,” said Skaggs.

The Center will be located in the following community and will open as indicated:

Gail Gesell, SBA's Indiana District Director added that "Low-interest Federal disaster loans are available to homeowners, renters, businesses and non-profit organizations of all sizes whose property was damaged or destroyed by the severe storms, flooding and tornadoes."

Businesses and non-profit organizations of any size may borrow up to \$2 million to repair or replace damaged or destroyed real estate, machinery and equipment, inventory, and other business assets. The SBA also offers mitigation loans to disaster victims based on 20 percent of the verified physical loss. These funds are designed to help borrowers pay for protective measures to minimize damages of the same kind in the future.

For small businesses, and most private, non-profit organizations of all sizes, the SBA offers Economic Injury Disaster Loans (EIDLs) to help meet working capital needs caused by the disaster. EIDL assistance is available regardless of whether the business suffered any physical property damage.

Interest rates are as low as percent 2.687 for homeowners and renters, and 4 percent for businesses, with terms up to 30 years. Loan amounts and terms are set by the SBA and are based upon each applicant's financial condition.

Individuals and businesses unable to visit the Center in person may obtain information and loan applications by calling the SBA's Customer Service Center at 1-800-659-2955 (1-800-877-8339 for the hearing impaired), Monday through Friday from 8 a.m. to 9 p.m., and Saturday and Sunday 9 a.m. to 6 p.m. EDT, or by emailing our customer service center at disastercustomerservice@sba.gov.
