Whether you are a business owner or an aspiring entrepreneur, you and your business will benefit enormously from the most successful ongoing business development program for women in the nation. At this unique event, you will be able to actively participate in seminars specifically designed to address the major issues you face in running your business.

Among the issues discussed will be:

- * Access to capital and financing growth
- * Strategic sales and marketing
- * Professional services including accounting, insurance, and legal services
- * Technology and communications
- * Corporate and federal procurement

You will also have the opportunity to network with peers, corporate sponsors and partner organizations in our Exhibit area!
