

Surplus Personal Property for Veteran-Owned Small Business Programs

Eligible veteran-owned small businesses can apply to receive federal surplus property.

The General Services Administration's (GSA) Federal Surplus Personal Property Donation Program enables certain non-federal organizations to obtain personal property that the federal government no longer needs. Eligible veteran-owned small businesses can now work with the U.S. Small Business Administration (SBA) to access federally-owned surplus personal property through the donation program.

Eligibility

VOSBs may obtain federal surplus property from the State Agencies for Surplus Property (SASP) in the state where the property will be primarily located and placed in use. In order to meet the baseline eligibility requirements, the VOSB must be:

- ★ Located and operated within the state
- ★ Unconditionally owned and controlled by one or more eligible veterans, service-disabled veterans, or surviving spouses
- ★ Registered and in "verified" status in the VA's VETS First Verification Program database

Roles and Responsibilities:

- ★ GSA oversees the reuse and donation of federal personal property.
- ★ SASPs are responsible for managing surplus property disbursement.
- ★ The SBA educates VOSBs on what is needed to participate in the program.
