

# SBA Information Notice

---

**TO:** All SBA Employees and SBA Lenders

**CONTROL NO.:** 5000-17013

**SUBJECT:** Website Updates for Lenders

**EFFECTIVE:** October 27, 2017

---

The U.S. Small Business Administration (SBA) has recently updated its webpages for SBA Lenders. The Agency's intention was to provide our partners with an updated website that would work across all electronic devices and create a more streamlined experience. Unfortunately, we've been experiencing some technical difficulties. The result is that some of the links and important information has either been misdirected or difficult to find.

We regret the update of our webpages have been inconvenient to our lending partners. SBA's OCIO digital services team is working diligently to correct the issues with the goal of creating a seamless, convenient experience.

We appreciate your feedback to help us to ensure all website issues are identified. If you are unable to find a link or page on the updated website for lenders located at [www.sba.gov/partners](http://www.sba.gov/partners), please send a quick email to [websupport@sba.gov](mailto:websupport@sba.gov).

## **Questions**

Questions concerning this Notice or updates to the Lender website should be directed to [websupport@sba.gov](mailto:websupport@sba.gov).
