Comments:**Graded Agency:**

DHS continues to recognize the value and expertise the small business community offers in support of the DHS mission. The Department fully supports the President's Initiative on Small Business Contracting, and DHS continues to look for new small business prime and subcontracting opportunities. We are committed to a unified approach that leverages the commitment of senior leadership, small business specialists, contracting personnel, and program office staff in developing strategies that support critical homeland security missions as well as meeting objectives related to small business participation in the procurement process. DHS looks forward to our continued partnership with SBA as we continually identify small business contracting opportunities.

SBA:

The Department of Homeland Security (DHS) met 3 of its 5 prime contracting goals: Women Owned Small Business, Small Disadvantaged Business and Service-Disabled Veteran Owned Small Business. However, it did not meet its prime contracting goals for Small Business and HUBZone.

Fiscal year 2010 prime contracting achievement saw increases over FY2009 in Service-Disabled Veteran Owned Small Business. DHS FY2010 achievement declined for Women Owned Small Business, Small Disadvantaged Business and HUBZone. FY2010 Small Business achievement remained unchanged from FY2009.

DHS regularly attends Small Business Procurement Advisory Council meetings.
