Awards Overview

As part of National Small Business Week, the U.S. Small Business Administration takes the opportunity to highlight the impact of outstanding entrepreneurs, small business owners, and community members from all 50 states and U.S. territories. Every day, they're working to grow small businesses, create 21st century jobs, drive innovation, and increase America's global competitiveness. And in recognizing the changing face of America, the SBA's National Small Business Week awards honor individuals and businesses that reflect our nation's rich diversity.

The nomination, eligibility criteria, selection process, evaluation criteria, and time frame for the various SBA Awards selected from nominated individuals or businesses are set forth in the following pages.

The Agency reserves the right, in its sole reasonable discretion, to remove a nominee from the selection process. All nominees will be subject to background checks. Adverse information obtained through the background check, including compliance with Federal civil rights laws, may result in disqualification by SBA. Individuals or teams may not be nominated for more than one National Small Business Week award category. Winners at any level will be selected by a panel of judges that may be comprised of both SBA employees and non-Federal employees. Non-federal employees serving as judges must sign a conflict of interest/non-disclosure certification. SBA employees may solicit nominations, but they cannot submit nominations on behalf of the nominee.
