

Charge-Off Tabs

Charge-off is an SBA administrative action whereby a loan is reclassified from "liquidation" to "charge-off" status and the outstanding balance of the loan is removed from the Agency's accounting records. It has no impact on an Obligor's liability for the loan balance. (SOP 50-57)

This Tab system was designed to help you assemble your final wrap-up report. In order for SBA to process and expedite your request for Charge Off, the following Charge-Off Tabs must be completed. Please be sure to complete all information requested and provide the appropriate supporting documentation as noted. If any information is not provided, please provide an explanation.

Once your Charge-Off package is received it will be assigned to a Loan Specialist for review. All Charge Off requests are assigned for review and consideration to a Loan Specialist in order of date received. If we are unable to process your request, you will be notified by the Loan Specialist or our Customer Service Department.

Is Charge-off Appropriate?

Charge-off is appropriate when:

- All reasonable efforts have been exhausted to achieve recovery from (1) voluntary payments on the Note, (2) compromise agreement with the Obligors; (3) liquidation of the collateral; and (4) enforced collections;
- The estimated cost of further collection efforts exceeds the anticipated recovery;
- The only remaining avenue of recovery is from Obligors who cannot be located or who are unable to pay the loan balance; or
- The loan balance is uncollectible due to discharge in bankruptcy (i.e., release of the debtor from any further personal liability for pre-bankruptcy debts), the expiration of the statute of limitations (i.e., the passing of the deadline for suing), or the existence of another defense available to the remaining Obligors under state or federal law.

*** If Lender believes the loan is paid in full, contact the Center to reconcile.**

If you answered **Yes** to any of the questions, this loan is **NOT** ready for charge-off. Do not submit this package until the loan is fully ready for charge-off. Until then, continue to submit **Semi-annual Reports (SAR)** until the loan is ready for charge-off or paid in full.

Note:

SBA **cannot** consider the payment of expenses or the charge off of a loan, without an outstanding balance.

If the lender has marked the loan as **paid in full** and **released** the **guarantors**, SBA **cannot** consider the payment of fees, as those fees can no longer be added to the principal balance.

When applying recovery proceeds, **be sure to apply them to** 1) expenses, 2) principal balance, 3) accrued interest (after the principal balance of the loan has been paid in full).

Total Recovery

Application of Recoveries

Unless the terms of a workout agreement or some other legally binding document, such as a court order, specify otherwise, recoveries (i.e., funds obtained through liquidation activities) are to be applied in the following order: Recoverable Expenses incurred in the liquidation process; Principal balance of the loan; and Accrued interest.

Have all recoveries been sent to SBA? Yes No

If No to either question, please attach a memo of explanation.

Requests for approval of Recoverable Expenses may only be submitted with the Lender's Purchase Package or with the Lender's Wrap-Up Report (Charge-Off Tabs). Please read SBA Informational Notice 5000-1311 for guidance on when lenders may submit requests for approval of Recoverable Expenses. Please use the Care of Preservation of Collateral (CPC) Tabs, located at <https://www.sba.gov/document/sba-form--care-and-preservation-collateral-cpc-tabs-0> when submitting a Recoverable Expense request with your Wrap-Up Report (Charge-Off Tabs). After the loan has been charged off, SBA will no longer accept a request for reimbursement of recoverable expenses.
