Under 13 CFR 120.520(b), SBA is not obligated to purchase the guaranteed portion of a loan unless a Lender has submitted to SBA documentation that SBA deems sufficient to allow SBA to determine whether purchase of the guaranty is warranted. Additionally, under 13 CFR 120.520(c), a lender's failure to provide sufficient post-purchase documentation may lead to an initiation of an action for recovery from the lender for moneys paid by SBA to a registered holder on a guaranty. For these reasons, SBA has the right to request additional documentation other than the items listed on this index, and the Lender must comply with SBA's request.

Required

Demand Letter

In order for SBA to process the guaranty purchase request, the lender must use the preformatted [Demand Letter](#), signed by an officer of the lending institution.

If the purchase has already occurred and you are submitting a post purchase package, no demand letter is required. Simply check this box. Post Purchase Package

Early Default Definition

A loan is considered Early Default when the default occurred within 18 months of the initial disbursement of the proceeds from an SBA Loan . If the final disbursement occurred more than 6 months after the initial disbursement, the 18-month period will begin to run from the date of the final disbursement.

If the Borrower cures the default and makes scheduled loan payments for 12 months after the initial 18-month period (30 months), it is not considered early default.

The following events of default would constitute an Early Default if they occurred within the specified 18-month period:

- Failure to make a scheduled loan payment;
- Funding scheduled loan payments from the sale of collateral rather than from business operations
