About this document

This document contains Version 2011 of the National EWCP Authorization Boilerplate ("Boilerplate"). The Boilerplate contains the national standard language for Authorizations for EWCP loans. It replaces all regional, state and local boilerplates and is mandatory.

The term "Boilerplate" means that this language is not to be altered. It may not be changed based on local or personal preference. Based on information received from the local SBA Processing Offices, the Boilerplate should contain language necessary to accommodate state-specific requirements. Boilerplate language may only be altered with sufficient justification and then only on a rare fact specific basis.

About the "EWCP Wizard"

The EWCP Wizard, sometimes referred to as "Wizard," was automated using Microsoft Word and has been designed to run in Word 2003 (11). The Wizard is compatible to a limited degree with Word 2000 (9), and Word 2002 (10). SBA cannot effectively support compatibility issues relating to versions of Word other than Word 2003 (11) and Word 2007 (12).

SBA upgraded to Word 2007 (12) during 2010. Version "2011" of the EWCP Wizard is programmed in Visual Basic for Applications (VBA). Changes to the Wizard and Boilerplate are outlined in the **What's new in this version?** section below.

Together, the Boilerplate and the Wizard constitute the "Authorization." The EWCP Wizard is a technical tool intended to make it easier to create authorizations based on the Boilerplate. It is not an expert system with lots of checks and balances. Use of the EWCP Wizard or any other automation tool does not release Lender from their responsibility to ensure that the authorizations they create comply with the Boilerplate. The National EWCP Authorization is incorporated by reference into SOP 50 10 5(C).

Below is the list of EWCP Wizard sections with their location in the Boilerplate:

Format Conventions

All comments, references and instructions in the sections titled "Boilerplate" and "Appendix A" are located in shaded areas (gray or blue shade). All non-shaded areas in these two sections and Appendix A constitute the standardized text itself.

Text appearing in brackets [] must be completed, for instance:

[Name] — must be replaced by a name in the final authorization;

[Amount] — must be replaced by a \$ amount;

[OPTION — This sentence is optional] — Optional text — can be inserted or not;

[SELECT — this text — OR — that text] — User must select one of the available options;

[SELECT — First, Second, Third, Fourth, Fifth] — User must select one of the listed items;

[Write Your Own] — User can insert own text

Paragraphs will be renumbered depending on which options are selected. All other comments should be self-explanatory.

What's new in this version?

This section highlights the major differences between the Boilerplate and Wizard version 1.4 (released on May 5, 2003 and this version, version 2011 of the Boilerplate and Wizard. Changes made to the Boilerplate and Wizard were based on statutory requirements, Agency regulations, SOP requirements and several recommendations from the field. This listing can also be found during operation of the Wizard in the "What's New" section of the EWCP Wizard Help topics, which is available from the EWCP Wizard menu.

Below is a summary of substantive EWCP-specific changes. Changes which simply mirror changes in other (already released) Authorizations or changes reflecting standard SOP requirements are not re-stated below.

The following changes are listed in the order in which they first appear in the Boilerplate:

1. **D. REQUIRED FORMS:**

- The required forms list has been updated to remove SBA Form Cap 1050. In section D5, however, the requirement that the lender submit a transcript of account semi-annually remains in the authorization; the lender may use its own form. SBA Form 1050, Settlement Sheet, is required at first disbursement.

2. **E. CONTINGENCIES:**

- The paragraph referring to the EWCP Operating Guidelines has been eliminated because those guidelines are obsolete and guidance on the EWCP has been incorporated into SOP 50 10.

3. **F. NOTE TERMS:**

- Paragraph F3, Repayment Terms, Option 2 – in variable rate loans, the choices to which the interest rate may be tied have been expanded. The choices now include: the Wall Street Journal, the Lender's prime rate, LIBOR, the Fed Funds rate, and a "Write your own" option.
- An additional option for variable rate loans with a floor or minimum interest rate has been added to allow input of the floor or minimum rate, as follows:

Note: The above interest rate charged by Lender is subject to a floor or minimum interest rate of [%] %.

- Paragraph F4a, F4b, F5, and F6 – modified to allow the Lender to apply each payment either to interest accrued to the date of payment, and then the balance to principal, or to apply the entire payment to principal. Because interest is collected monthly, Lenders typically choose to apply transaction payments entirely to principal.

- Paragraph F6(a) – A paragraph has been added indicating the required action to be taken should the borrower be over advanced according to the Borrowing Base formula. The following wording has been added as an Optional paragraph:

Should the Borrowing Base Certificate show this Loan to be over advanced according to the Borrowing Base formula, Borrower will be required to make a principal payment in an amount sufficient to bring the loan balance within the allowable Borrowing Base formula.

- Optional Paragraph F6(b) (Asset Based Loans) – If this Optional paragraph is chosen, a control account paragraph will automatically be inserted into the Use of Proceeds section. If not chosen, a control account will not be required.
- Paragraph F, Additional Repayment Term Provisions (grey box) – The Lender may impose a late payment charge on the borrower. The following paragraph regarding late charges has been added:

Late Charge: If a payment on this Note is more than [~~number of days (10 days minimum)~~–**default is 10**] days late, Lender may charge Borrower a late fee of up to [~~percent~~–**default is 5**] % of the unpaid portion of the regularly scheduled payment.

- The paragraph under the grey box titled “The following paragraph must appear if proceeds are authorized to support Standby Letter of Credit” has been modified to read as follows:

If Lender is required to make a disbursement because a Standby Letter of Credit is drawn upon, Borrower must immediately make a payment equal to the draw unless this payment is rescheduled by written agreement of Lender and SBA or unless, in an Asset Based loan, the draw is covered by the Borrowing Base. Lender will apply 100% of the proceeds of the payment to principal.

- For variable rate loans, the choices to which the interest rate may be tied have been expanded. See the first bullet under paragraph 3 above.

4. G. USE OF PROCEEDS AND CONDITIONS FOR DISBURSEMENT

- Paragraph G1 has been modified to add Standby Letter of Credit language:

The total outstanding principal balance of [~~SELECT - EITHER~~ – this Loan [~~default, or~~] any amount authorized in support of Standby Letter(s) of Credit [~~or~~] this Loan plus any amount authorized in support of Standby Letter(s) of Credit] may never exceed \$[**Amount**].

- The old paragraph G2 (5/5/03 Boilerplate) requiring evidence that Borrower is current on all taxes has been eliminated because the borrower is required to sign a certification in reference to this later in the Boilerplate. Any paragraph with similar wording throughout G either has been eliminated or has required the borrower to sign a certification in lieu of requiring lender to “verify.”
- A new Paragraph G2 has been added which reads as follows:

The loan must be made for a sound business purpose and must benefit the small business, and a 7(a) loan may not be split into two 7(a) loans merely to benefit the Lender. 13 CFR 120.120 and 120.130(e).

Note: The paragraphs below refer to the numbering on the new EWCP Authorization 2011. Due to paragraphs being added or split the numbering compared to EWCP Authorization 1.4 has been changed slightly.

- Paragraphs G4b(1), G5b(1) and G6b – modified to include an option which allows the Borrower to sell in U.S. dollars or a foreign currency (if hedging is entered into to mitigate the risk). Note the Lender is required to use an established exchange rate and document the loan file to verify the exchange rate used.
- Paragraph G4b(3)(c), G5b(3)(c), and G6b – modified to define ineligible receivables as those that are more than a specified number of days past the due date of the invoice (default is 60 days). Previously, the applicable date used to determine eligibility of receivables was the date of the invoice.

- Paragraphs G4, G5, G6, and G7 – previously required assignments of any Letter of Credit, Export Credit Insurance, and contract proceeds along with written acknowledgement of all assignments. This requirement has remained the same for any Letter of Credit and Export Credit Insurance. However, for contracts the condition has changed in that a written acknowledgement is no longer required. Note: previously this was one paragraph and in the 2011 Authorization it has been split into two paragraphs.
- Paragraph G6d(2) – modified to add options regarding the Borrowing Base and concentration of receivables:

Option for restriction on % of Inventory in Borrowing Base

- (a) In addition, Lender must verify that the portion of the principal balance of the Loan that is supported by Export Inventory does not exceed 60% of the outstanding loan balance plus the sum of any Letter(s) of Credit supported by the Loan

Option concerning Concentration of Receivables

- (b) In addition, Lender must verify that the concentration of receivables to any single foreign buyer does not exceed _____% of the total eligible foreign receivables being advanced against.

- Paragraphs Gd(9) and G7d(11), which require a control account for incoming foreign accounts receivable, have been made optional. This option is chosen in the Note Terms section (if Option 3b is selected then the Control Account is included).
- A new paragraph G7a was added regarding Standby Letters of Credit:
 - a. Proceeds to be used to pay Standby Letter(s) of Credit associated with export transactions when payment is demanded by the issuing institution.
- Paragraph G7b and G7c, “advance payment guarantee” – has been added to the list of items which require the issuance of a Standby Letter of Credit.
- Paragraph G7d(3) is a new paragraph regarding Standby Letters of Credit:

Obtain cash collateral from Borrower equal to at least 25% of the Standby Letter(s) of credit supported, with all cash collateral being placed in an account controlled by lender for the benefit of borrower, **or** determine the Borrowing Base in an Asset Based Loan will support at least 25% of the total of all Standby Letter(s) of Credit supported by the loan.
- Paragraph G7(e) – regarding Standby Letters of Credit has been modified:

If Lender is required to make a disbursement because a Standby Letter of Credit is drawn upon, Borrower must immediately make a payment equal to the draw unless this payment is rescheduled by written agreement of Lender and SBA or unless, in an Asset Based loan, the draw is covered by the Borrowing Base. Lender will apply 100% of the proceeds of the payment to principal.

Previously, draws were payable within 30 days and there was no exception for Asset Based loans.

5. H. COLLATERAL CONDITIONS

Appendices A and B, which list the standard collateral provisions are identical to those of the 7(a) Authorization.

6. I. ADDITIONAL CONDITIONS

- Paragraph I1d – modified to include airborne freight.
- Paragraph I8 – this is a new paragraph requiring Lender to verify that any applicable owner, Director, or Officer has Lawful Permanent Resident status or legal alien status using Form G-845 prior to disbursement.
- Paragraph I9, Certifications and Agreements (formerly paragraph I8) – I9a has added the language “Prior to the first disbursement” to the certifications required.

Note: the paragraphs below were part of paragraph 8 in the former EWCP Authorization 1.4.

- Paragraph 9a(1) – the reference to SBA Form 793 has been removed because it is no longer required.
- Paragraph 9b – modified to require the certification prior to first disbursement.
- Paragraph 9b(2)(i) – this paragraph was eliminated because SBA Form Cap 1050 is no longer used. The lender may submit a transcript of account semi-annually to meet the requirement.

LENDER / SBA INFORMATION

13 CFR 120.10 — Definition of Authorization states that the Authorization is not a contract to make a loan. The Authorization is not a Loan Agreement. It is intended to provide Lender with the specific conditions which must be met for SBA to provide a guarantee of the loan Lender is making to Borrower. It is not a contract to loan money, and Borrower is not a third party beneficiary of the Authorization. SBA does not lend money to Borrower and cannot force Lender to make a loan to Borrower based on the Authorization.

For EWCP Wizard users: The EWCP Wizard automatically inserts the appropriate paragraph below based on the maturity period specified in F.1.

A. THE GUARANTEE FEE IS \$ [Amount] .

Insert the following paragraph if maturity is more than 12 months

Lender must pay the guarantee fee within 90 days of the date of this Authorization. Failure to timely pay the guarantee fee will result in cancellation of the SBA guarantee. The 90-day deadline may not be extended. Lenders are required to make their payments electronically. Payment can be made at www.pay.gov or by ACH if they have previously enrolled with the SBA. No part of the guarantee fee is refundable if Lender has made any disbursement. Lender may collect this fee from Borrower after initial disbursement of Loan. Borrower may use Loan Proceeds to reimburse Lender for the guarantee fee.

For loans of \$150,000 or less, Lender may retain 25 percent of the guarantee fee but must remit the remainder to SBA.

Insert the following paragraph if maturity is 12 months or less

Lender must have paid the guarantee fee prior to SBA signing this authorization. Any Lender with authority to sign this Authorization on behalf of SBA certifies that it has paid the guarantee fee to the Small Business Administration prior to signing this Authorization. No guarantee exists if Lender has not paid the guarantee fee in full. SBA will not refund the guarantee fee after the date of this Authorization except as provided in SBA Standard Operating Procedures. Payment of the guarantee fee is not contingent upon disbursement. Lender may collect this fee from Borrower upon receipt by Lender of the Authorization. Borrower may use Loan Proceeds to reimburse Lender for the guarantee fee.

Recovery Act Approval (MANDATORY for Section 501) ***Insert the following paragraph if maturity is more than 12 months***

SBA Payment of Guaranty Fee is authorized through September 30, 2010, or until appropriated funds authorized for that purpose are exhausted, whichever is sooner.

Payment of the guarantee fee will be made by SBA subject to Section 501 of the American Recovery and Reinvestment Act of 2009, as extended by the Small Business Jobs Act of 2010 and as extended by the Continuing Appropriations Act, 2011. Lender must not charge or collect this fee from the borrower. Borrower has no obligation to pay this fee when the fee has been paid by SBA.

CAIP Approval (MANDATORY for CAIP Applications)

Guarantee Fee payment by U.S. Community Adjustment and Investment Program (CAIP). SBA Notices 5000-530 and 5000-657. CAIP Finance Committee approval required. SBA Notice 5000-971. **NOTE: CAIP cannot be used for PLP loans.**

Payment of the guarantee fee by North American Development Bank (NADBank) is subject to the approval of the CAIP Finance Committee. If the Committee does not authorize payment by NADBank, then responsibility for the fee will remain as otherwise stated in this Authorization. SBA requires Lender to pay the guarantee fee up front as normally required for standard SBA loans. If a

CAIP application is officially approved by the CAIP Finance Committee, SBA will reimburse Lender for the guarantee fee, and Lender then must reimburse any portion of the fee previously passed on to Borrower.

ONGOING SERVICING FEE

1. Close the Loan in accordance with the terms and conditions of this Authorization.
2. Obtain valid and enforceable Loan documents, including obtaining the signature or written consent of any obligor's spouse if such consent or signature is necessary to bind the marital community or create a valid lien on marital property.

hazard area and that building is collateral for the Loan, Lender must require Borrower to also obtain flood insurance for the Personal Property Collateral under the NFIP.

- (3) If any equipment, fixtures, or inventory that is collateral for the loan (“Personal Property Collateral”) is in a building any portion of which is located in a special flood hazard area and that building is not collateral for the Loan, Lender must require Borrower to obtain available flood insurance for the Personal Property Collateral. Appendix C

Frequently-Asked Questions (FAQ's)—7a

This appendix is a compilation of frequently asked questions (FAQ's) relating to the Boilerplate. For questions relating to the operation of the Wizard, refer to the FAQ section of the "7a Wizard Help Topics" available from the 7a Wizard menu.

What should you do if you don't find the answer to your question in this FAQ?

Additional FAQ's published after the release date of this document will be posted on SBA's Intranet and banking web site (www.sba.gov/aboutsba/sbaprograms/elending/authorizations/).

SBA has created an Exchange Mailbox - "Auth-7a@sba.gov" to receive and respond to questions raised by SBA employees. SBA employees should first submit questions, comments and suggestions through their supervisory financing personnel or counsel, who may be able to resolve the issue locally.

Lenders should submit comments and suggestions through their local SBA office.

1. Why was the Authorization changed so that it is no longer a Loan Agreement?

Under SBA regulations, the Authorization is not an agreement to lend money (see 13 CFR 120.10). The Authorization is intended to provide the lender with specific conditions which must be met for SBA to provide a guaranty of the loan the lender is making to the borrower. It is not a contract between SBA and the borrower, and the borrower is not a third party beneficiary of the Authorization. SBA is not lending money to the borrower and SBA cannot force a lender to make a loan to any borrower, even if the borrower complies with the terms of the Authorization. The borrower and operating company do not sign the Authorization. The change in focus reflects these SBA policies.

The requirements of the Authorization are directed to the lender. SBA is not directing borrowers to meet certain requirements. SBA directs lenders to obtain the information, documents, and certifications from the borrowers necessary to meet SBA's requirements for a guaranty. When a lender requests that SBA honor its guaranty, SBA requires the lender to present evidence that the loan was properly closed in accordance with the Authorization and serviced and liquidated according to SBA policies. Lenders are responsible for meeting SBA requirements and the focus of the Authorization emphasizes this SBA policy.

2. Does SBA require a loan agreement? What sample form can lenders use for borrower's certifications?

SBA does not require that a lender use a loan agreement. It is up to a lender to determine whether a loan agreement is needed for its lending practice. Paragraph C. of the Boilerplate states that it is a lender's sole responsibility to close the loan in accordance with the terms and conditions of the authorization, to obtain valid and enforceable loan documents, and to retain the documents. SBA does not require a loan agreement but does require that the documents be enforceable and that the borrower makes certain certifications. Lenders are provided with a sample form, Borrower's Certification (2 pages - see Appendix D), which is a compilation of the various certifications found in the Boilerplate and provides a space for the borrower to initial next to those certifications applicable to the particular loan. Lenders will need to retain an executed document containing these certifications, and may use this sample form as a basis for that document or for incorporating the required certifications into their loan agreement. Lenders are also provided with a sample Loan Agreement form (1 page - see Appendix D) which they may use. SBA is leaving the issue of whether a loan agreement is required, and what form it should take, up to the lender, but SBA does require that necessary borrower's certifications be made in writing.

3. What if Authorization provisions conflict with SOP 50-10?

If you discover an apparent conflict, please send an e-mail to "Auth-7a@sba.gov" mailbox describing the conflict and stating the SOP paragraph and the authorization paragraph which you believe conflict. You must continue to use the Boilerplate. The Boilerplate reflects current SBA policy. OGC and OFA have reviewed and approved the Boilerplate. The Boilerplate is considered an Appendix to SOP 50-10(5). The Boilerplate will be updated from time to time to reflect policy changes in subsequent regulations, Notices, or SOPs.

4. How will subsequent modifications to the Authorization be distributed to the field?

The Authorization will be modified periodically to address state-specific issues, implement policy changes, and correct "glitches".

Future updates to the Authorization will be available at www.sba.gov/aboutsba/sbaprograms/elending/authorizations/. OCIO will download copies automatically

to each processing office's LAN with notification via SBA information channels. SBA offices also will be able to obtain the files from the above web site or via [SBA's Intranet](#).

Lenders should check the SBA web site or with their local SBA office periodically to insure they have the latest version of the Authorization. Once SBA releases a new version, there will be a 30-day grace period to begin using the new version. If you are using the Wizard, the version is printed in the footer of each authorization document, or the version can be seen by selecting the 'About 7a Wizard' option in the 7a Wizard menu. It is also printed on the first page of the Boilerplate.

5. Can you include additional forms in section "D. Required Forms"?

The Boilerplate lists all SBA required forms. (The 7a Wizard automatically adds SBA Forms 148 and 601 when applicable.)

The SBA Deed of Trust and Mortgage are no longer required forms. Lenders may use their own lien instruments, which must comply with legal requirements and prudent lending practices. If they do, they must add to all lien instruments the federal law and arbitration provisions required in the Collateral section of the Authorization. This language must also be added to the SBA Deed of Trust and Mortgage forms if the lender chooses to use these forms. The federal law provisions stating that the lien instrument is to be construed in accordance with federal law if SBA is enforcing the Note protects SBA if the lender assigns its loan documents to SBA for enforcement. The arbitration clause is necessary to protect SBA from binding arbitration clauses found in some local forms.

The SBA Standby Creditor's Agreement also is no longer a required form. Lenders may use the revised Form 155 or a substantially equivalent form. The revised Form 155 is available on [SBA's Intranet](#), and on the SBA internet banking site at www.sba.gov/tools/forms/sbapartnerforms/lenderforms/.

SBA offices may not require lenders to use any local forms.

6. Why doesn't SBA instruct lenders how to obtain insurance, perfect liens or meet other requirements in the Authorization?

The Authorization gives a lender the requirements that must be met for SBA to guarantee a loan. It does not instruct the lender how specifically to meet those requirements. As lenders, they are responsible for knowing how to properly close loans, secure collateral, and obtain and perfect the required lien position. A lender and SBA sign a Loan Guaranty Agreement, SBA Form 750, that provides the general requirements the lender must meet for SBA to guarantee loans at lender's request. SBA lenders must follow SBA's regulations and SOP requirements. They are held to a prudent lender standard.

7. Why doesn't the Authorization specify how to perfect a lien for each piece of real estate taken as collateral or specify which signatures a lender must obtain for rental property?

The Boilerplate notifies lenders that they must obtain "the signature or written consent of any obligor's spouse if such consent or signature is necessary to bind the marital community or create a valid lien on marital property." SBA holds lenders responsible for knowing how to create and properly perfect a lien on property required by the Authorization. The Authorization gives a lender the requirements that must be met for SBA to guarantee the loan between the lender and the borrower. It does not instruct the lender on how to meet those requirements. The lender, not SBA, must determine the legal ownership of a piece of real estate and determine what signatures must be obtained to create enforceable documents.

8. Why are machinery, furniture and business assets not collateral categories in the lien provisions?

The Boilerplate provisions for personal property collateral use the defined terms in the Uniform Commercial Code (Code) for property categories. The Code states which types of property fall into each category. Machinery, furniture and business assets are included in one or more of the defined collateral categories. For example, machinery and furniture are defined as equipment under the Code. If you cannot determine the appropriate option(s), consult with counsel.

9. May I write my own repayment terms, or use local lender terms and skip the standard repayment terms?

You may not replace the standard repayment terms in the Authorization with lender-specific or office-specific language. This includes the terms related to initial adjustment of the interest rate on variable rate loans. All authorized 7a loan options have been provided. The language has also been approved as acceptable to the secondary market. If there is a need for a specific term for a particular loan that is not in the Boilerplate, you and the SBA counsel should work together to draft a provision for use in that specific case.

Colson, NAGGL, several national PLP lenders, and other lenders have reviewed and commented on the repayment provisions. Their comments were taken into account in drafting the terms in the Boilerplate and certain options were added in response to lenders' concerns.

10. Why doesn't the Authorization require lenders to use the low prime published in the Wall Street Journal?

The Wall Street Journal now only publishes one prime rate. This rate is based on the corporate loan rate charged by 75% of the nation's 30 largest banks.

11. Can I remove the extraneous documents in the "Borrower, Guarantor and Operating Company Documents" section?

No. The Authorization intentionally lists documents required for all types of legal entities. Borrowers, Guarantors and Operating Companies frequently change their legal structures between the time the authorization is issued and the loan is closed. The list tells a lender what is required for each entity and accommodates changes in organization that are made before closing. Lenders should inform SBA of any changes and should submit material changes for SBA review and approval.

12. Why does the Authorization have the SBA Logo instead of the SBA Seal?

SBA Headquarters selected the Logo instead of the Seal.

13. How is the SBA Loan Name determined?

Choose the first available name from this list:

- a. dba of the Operating Company
- b. name of the Operating Company
- c. dba of the Borrower
- d. name of the Borrower

In the case of multiple borrowers or operating companies, apply the same rule, using the first operating company or borrower listed by the Loan Officer.

14. What is SBA's Environmental Policy?

SBA's Environmental Policy is in SOP 50-10(5), Subpart "B", Chapter 4. Lenders must be familiar with this policy. Basic environmental conditions are set forth in the Boilerplate. Lenders should consult with the local SBA office where the real property is located to ascertain any state or local requirements to be added to the authorization. Except for PLP loans, a lender must submit the results of the Environmental Investigation to the SBA. If it is not submitted to the processing office at the time of application, then it must be submitted to the SBA office identified in the authorization prior to disbursement. Except for PLP loans, a lender must not disburse a loan until SBA has reviewed the results of the investigation and is satisfied that the risk of potential environmental contamination has been sufficiently minimized. PLP lenders must comply with the environmental provisions of the SOP in conducting the environmental investigation and reaching a conclusion that the risk of contamination is sufficiently minimized.

15. Why does the Authorization place restrictions on any lender's non-SBA financing when that lender takes a shared lien on joint ("Pari Passu") financing?

The Authorization provides that when any lender, including the participant lender (the "Pari Passu Lender"), makes a related non-SBA ("Pari Passu") loan taking a shared lien position on collateral also financed with and securing an SBA loan, any charges and advances made by that Pari Passu Lender in connection with the shared lien are prohibited, other than advances made in connection with reasonable costs of collection, maintenance and protection of Pari Passu Lender's shared lien. The Authorization also prohibits the Pari Passu Lender from making a demand on the Pari Passu Loan for reasons other than default. The purpose of this provision is to insulate the SBA loan from any shared lien default charges or open ended features which may adversely affect repayment of the SBA loan. If the Pari Passu Lender is not the participant lender, then prior to disbursement the participant Lender must obtain an Inter-Creditor Agreement from the Pari Passu Lender containing these provisions.

16. How does a lender or SBA loan officer add loan specific provisions to the Authorization?

There is an OPEN OPTION for the processing officer or lender to add loan specific requirements. It is expected that lender and SBA staff, including SBA counsel, will communicate closely in drafting these requirements. For more information on how to use the Open Options with the 7a Wizard, refer to the 7a Wizard Help available from the 7a Wizard menu.

Any special conditions created for use in the authorization can only be used one time before obtaining SBA approval of the language. This includes conditions created by PLP Lenders or SBA offices. To obtain approval to use a special condition in more than one authorization, contact 7(a) Policy Branch, Office of Financial Assistance, Mail Code 7881, Washington, DC 20416.

Loan Agreement and Borrower's Certification Sample documents (Appendix D of the National EWCP Authorization Boilerplate version 2011)

This document is a copy of Appendix D of the National EWCP Authorization Boilerplate version 2011 in MS-Word format. It contains 2 sample documents provided to lenders under the conditions described below:

SBA does not require that a lender use a loan agreement. It is up to a lender to determine whether a loan agreement is needed for its lending practice. Paragraph C. of the Boilerplate states that it is a lender's sole responsibility to close the loan in accordance with the terms and conditions of the authorization, to obtain valid and enforceable loan documents, and to retain the documents.

SBA does not require a loan agreement but does require that the documents be enforceable and that the borrower makes certain certifications.

Lenders are provided with a sample **Loan Agreement** form (1 page) which they may use. SBA is leaving the issue of whether a loan agreement is required, and what form it should take, up to the lender, but SBA does require that necessary borrower's certifications be made in writing.

Lenders are also provided with a sample form, **Borrower's Certifications** (2 pages), which is a compilation of the various certifications found in the Boilerplate and provides a space for the borrower to initial next to those certifications applicable to the particular loan. Lenders will need to retain an executed document containing these certifications, and may use this sample form as a basis for that document or for incorporating the required certifications into their loan agreement.
