STATUTORY REQUIREMENTS

Statute

This is the annual report on the U.S. Small Business Administration's (SBA) systematic collection of data on the operations of the 8(a) Business Development (BD) Program as required by Section 408 of the Business Opportunity Development Reform Act of 1988, Public Law 100-656, codified at Section 7(j)(16) of the Small Business Act, 15 U.S.C. § 636(j)(16).

SMALL BUSINESS ACT - Sections 7(j)(16)(A), (B), and (C)

- (A) The Administrator shall develop and implement a process for the systematic collection of data on the operations of the Program established pursuant to paragraph (10).
- (B) Not later than April 30 of each year, the Administrator shall submit a report to the Congress on the Program that shall include the following:
 - (i) The average personal net worth of individuals who own and control concerns that were initially certified for participation in the Program during the immediately preceding Fiscal Year. The Administrator shall also indicate the dollar distribution of net worth, at \$50,000 increments, of all such individuals found to be socially and economically disadvantaged. For the first report required pursuant to this paragraph the Administrator shall also provide the data specified in the preceding sentence for all eligible individuals in the Program as of the effective date of this paragraph.
 - (ii) A description and estimate of the benefits and costs that have accrued to the economy and the Federal Government in the immediately preceding Fiscal Year due to the operations of those business concerns that were performing contracts awarded pursuant to section 8(a).
 - (iii) A compilation and evaluation of those business concerns that have exited the Program during the immediately preceding three Fiscal Years. Such compilation and evaluation shall detail the number of concerns actively engaged in business operations, those that have ceased or substantially curtailed such operations, including the reasons for such actions, and those concerns that have been acquired by other firms or organizations owned and controlled by other than socially and economically disadvantaged individuals. For those businesses that have continued operations after they exited from the Program, the Administrator shall also separately detail the benefits and costs that have accrued to the economy during the immediately preceding Fiscal Year due to the operations of such concerns.
 - (iv) A listing of all participants in the Program during the preceding Fiscal Year identifying, by State and by Region, for each firm: the name of the concern, the race or ethnicity, and gender of the disadvantaged owners, the dollar value of all contracts received in the preceding year, the dollar amount of advance payments received by each concern pursuant to contracts awarded under section 8(a), and a description including (if appropriate) an estimate of the dollar value of all benefits

received pursuant to paragraphs (13) and (14) and section 7(a)(20) during such year.

- (v) The total dollar value of contracts and options awarded during the preceding Fiscal Year pursuant to section 8(a) and such amount expressed as a percentage of total sales of (I) all firms participating in the Program during such year; and (II) of firms in each of the nine years of program participation.
- (vi) A description of such additional resources or program authorities as may be required to provide the types of services needed over the next two-year period to service the expected portfolio of firms certified pursuant to section 8(a).
- (vii) The total dollar value of contracts and options awarded pursuant to section 8(a), at such dollar increments as the Administrator deems appropriate, for each four-digit standard industrial classification code under which such contracts and options were classified.

(C) The first report required by subparagraph (B) shall pertain to Fiscal Year 1990.

Abbreviations

Ethnicity/Race (for individually owned firms)

Abbreviation	Ethnicity/Race
AP	Asian Pacific American
BA	Black American
HA	Hispanic American
NA	Native American
OT	Other (American)
SA	Subcontinent Asian American

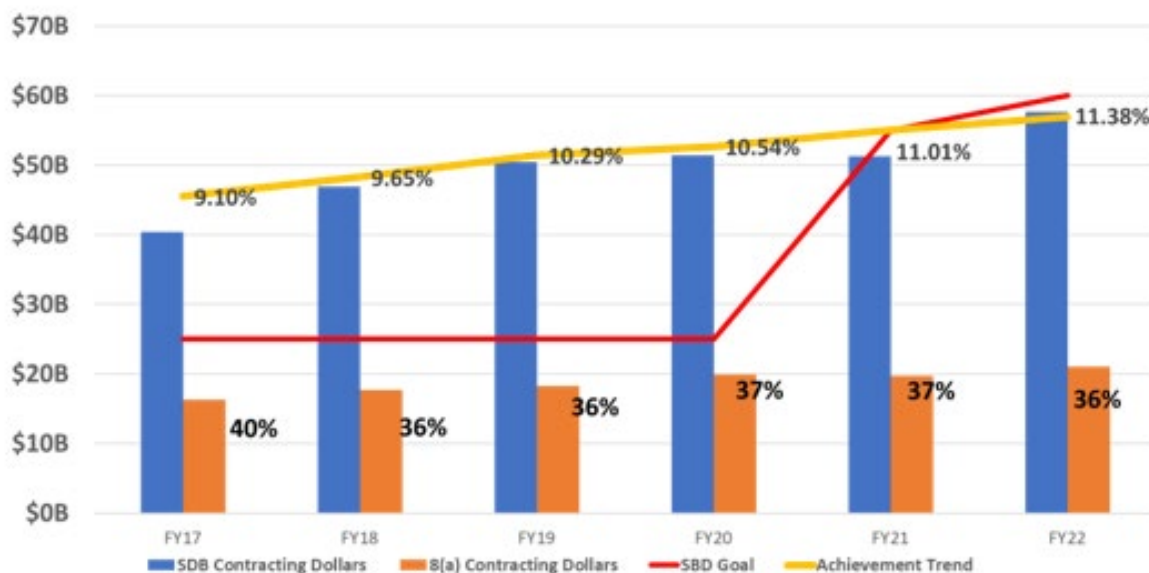

Entity-owned firms

Abbreviation	Entity
ANC	Owned by an Alaska Native Corporation
CDC	Owned by a Community Development Corporation
NHO	Owned by a Native Hawaiian Organization
AIT	Owned by an American Indian Tribe

Executive Summary

The 8(a) Minority Small Business and Capital Ownership Development Program (herein referenced as the “8(a) BD Program” or “8(a) Program”) provides participating socially and economically disadvantaged small businesses with access to powerful contracting opportunities to ignite wealth generation, job creation, and economic development in historically underserved communities by empowering Black, Hispanic, Asian American, and Native American entrepreneurs through Federal contract awards. As the largest purchaser of goods and services in the world, with over \$600 billion in procurement spending in Fiscal Year (FY) 2022, the Federal government exceeded its small business contracting goal of 23% awarding an all-time high 26.5% of Federal contract dollars to small businesses. This historic level amounts to a \$162.9 billion investment in the small business economy – an \$8.7 billion increase from the previous Fiscal Year. For the second consecutive year, Small Disadvantaged Business (SDB) spending exceeded its 11% goal, demonstrating again its capacity and duty to ensure that the nation’s most underinvested in, disadvantaged communities have a more level playing field on which to compete for Federal contracts. Housed within the SBA, the 8(a) BD Program remains one of the most effective economic instruments at the Federal government’s disposal to achieve this commitment to underserved communities—a commitment that this Administration, under the leadership of President Biden and Administrator Guzman, has only elevated through the new Small Disadvantaged Business (SDB) contracting goal of 15% by FY 2025.¹

Figure 1: *Small Disadvantaged Business Contract Dollars*

¹ SBA FY 2022 Small Business Federal Procurement Scorecard data released July 18, 2023.

The 8(a) BD Program continues to improve on its central mission of advocating for and advancing the business acumen and technical capabilities of socially and economically disadvantaged individuals across the country. Figure 1 demonstrates that 8(a) contracting comprises nearly 36% of Federal spend to SDB firms. In FY 2022, more than 60% of the Federal government's SDB goal achievement towards the 11% SDB goal came from non-8(a) firms.

The Small Business Act requires the SBA to provide information on participants in the 8(a) Program for the report year and the status of the business concerns that exited the program during the preceding three Fiscal Years of the report year. This report provides information on firms that exited the program during the three preceding Fiscal Years, e.g., FY 2019, FY 2020, and FY 2021.

The FY 2022 marked the 55th year of the SBA's 8(a) Program. During FY 2022, a total of 5,451 businesses participated in the program.² These firms made significant contributions to the Federal, state, and local tax bases and contributed an estimated 166,423 jobs to the nation's economy.³ Between October 1, 2021, and September 30, 2022, a total of 542 new firms were certified to participate in the program.

According to data collected from the Federal Procurement Data System – Next Generation (FPDS-NG) total Federal obligations recorded for participating firms were \$29,797,786,545. This consisted of \$20,956,548,265 in 8(a) sales and \$8,841,238,280 in non-8(a) sales. The 8(a) obligations represent an estimated 70.3 percent of total revenue for FY 2022 firms.⁴

To assess the current business status of former 8(a) firms that exited and completed⁵ the program during the three preceding Fiscal Years, SBA utilized information and data available through Dun and Bradstreet (D&B), a company that provides commercial data and analytics for businesses. Between October 1, 2018, and September 30, 2021, a total of 988 firms exited the program. Of these firms, 934 are active⁶, 47 had ceased business operations,⁷ and 7 firms did not have business data available. Of the active firms, one was acquired by another firm or organization owned and controlled by other than socially and economically disadvantaged individuals and 182 firms were substantially curtailed.⁸

Pursuant to D&B figures, the 1,034 former participants that exited or completed the program during FY 2019, FY 2020, and FY 2021 collectively reported revenues for FY 2022 of approximately \$1,929,962,226 and provided jobs for approximately 15,127 persons.

² In determining this figure, any firm that was a Participant for at least one day during the fiscal was included.

³ Data regarding jobs (employees) was pulled via SAM.gov.

⁴ 8(a) contract dollars reflect FPDS-NG Small Business Goaling FY 2022 Report using certified data as of February 21, 2023, while non-8(a) dollars reflect an SBA FPDS-NG Ad Hoc Report as of February 21, 2023.

⁵ The term "completed" refers to firms that completed the full nine-year program term. The term "exited" refers to firms that left the program based on their voluntary withdrawal or program termination.

⁶ Active firms are defined as being actively engaged in business operations.

⁷ Ceased firms are firms that are out of business.

⁸ For purposes of this report substantially curtailed business concerns are those firms with the number of employees at the end of the reporting year to be less than 50 percent of the number of employees at the end of the Fiscal year when the business left the 8(a) BD program.

Program Overview and Outlook

Mission: The purpose of the 8(a) Program is to assist eligible small disadvantaged business concerns to compete in the American economy through business development. These small disadvantaged businesses are owned and controlled by US citizens who are socially and economically disadvantaged. Other program participants include small businesses owned by Alaska Native Corporations, Native Hawaiian Organizations, Indian tribes, and Community Development Corporations, which are responsible for the welfare of their native or underserved communities. The 8(a) Program fulfills its mission by providing business development resources, such as marketing, managerial, technical, and financial and procurement assistance.

Business Development: The 8(a) Program promotes business development over a nine-year period. Each participant is assigned to a Business Opportunity Specialist from their local SBA District Office who provides business developmental assistance. The 8(a) firms can receive guidance from many organizations outside of the SBA, to include SCORE mentors, Small Business Development Centers (SBDC), APEX (formerly known as Procurement Technical Assistance Centers (PTAC)) and Women's Business Centers (WBC). In addition, through award of sole source and limited competition contracts, the 8(a) Program provides a logical and systematic approach to market access and enterprise growth to Program participants.

Management and Technical Assistance: Pursuant to Section 7(j) of the Small Business Act, SBA's 7(j) Management and Technical Assistance program, also referred to as the 7(j) program, provides high-quality assistance to eligible small disadvantaged businesses to help them successfully compete for Federal, state, and local contracting opportunities as a prime or subcontractor. Businesses in the program receive training, executive education, and one-on-one consulting in a wide range of activities, and the opportunity to participate in courses in the following areas: accounting, marketing, strategic and operational planning, financial analysis, contract management, business development, and other areas as needed. To be eligible for the 7(j) program, a small business must be one or more of the following:

- Located in areas of high unemployment or low income,
- Owned by low-income individuals,
- Certified as an 8(a) participant, HUBZone small business, or economically-disadvantaged women-owned small business.

In FY 2022, the SBA increased 8(a) Program success as 7(j) training was delivered to over 14,000 eligible small, disadvantaged firms. As a result of the business development provided through the 7(j) Program's marketing intelligence tool, 30 percent of participating small disadvantaged businesses received contract awards.⁹ This targeted assistance continues to provide complete access to Federal agency forecast opportunities so firms can better allocate their marketing and business development resources to make timely decisions and pursue teaming opportunities that lead to new Federal contracts.

The **President's Management Agenda** call on agencies to create a diverse and resilient Federal marketplace. The 8(a) Program applications is at an all-time high and this increase in applications is forecasted to continue. Support, as well the ability to build the business acumen, of active

⁹ SBA's FY 2024 Congressional Budget Justification and FY 2022 Annual Performance Report (www.sba.gov).

participants during their 9-year program term is essential. The 8(a) Program remains one of the most critical mechanisms that the Federal government has for achieving its commitment to equity in procurement and for ensuring that Federal agencies can effectively leverage the talents and ideas inherent in SBA's contract-ready 8(a) Program participants. The pool of Certified firms in the current 8(a) portfolio has the capacity, knowledge base, and agility to successfully perform in everything from major environmental remediation projects to biopharmaceuticals to cybersecurity programming to green engineering services.

1. NET WORTH OF NEWLY CERTIFIED PROGRAM PARTICIPANTS

SMALL BUSINESS ACT – SECTION 7(J)(16)(B)(i)

([T]he administrator shall submit a report to Congress...that shall include the following:)

The average personal net worth of individuals who own and control concerns that were initially certified for participation in the Program during the immediately preceding Fiscal Year. The Administrator shall also indicate the dollar distribution of net worth, at \$50,000 increments, of all such individuals found to be socially and economically disadvantaged.

1. Unadjusted Personal Net Worth¹⁰: The unadjusted personal net worth, for program purposes, is the net value of the remaining assets of an individual, after total liabilities are deducted from their total assets. During the 2022 Fiscal Year, 542 individuals were initially certified to participate in the 8(a) BD program. Figure 2 represents data on the unadjusted personal net worth of those individuals in their initial application, while Table 1 presents the data in tabular form. Individuals are grouped by their unadjusted net worth in \$50,000 increments. For example, we can see from Figure 2 that 52% of newly certified firms have an unadjusted net worth of \$500,000 or less.
2. Adjusted Personal Net Worth¹¹: For 8(a) BD program purposes, the Small Business Act directs SBA to compute an individual's personal net worth without regard to his or her equity in a primary residence or that individual's ownership interest in the participant firm. SBA regulations further exclude the value of funds invested in an individual's Individual Retirement Account or other official retirement account. Thus, in determining whether or not an individual qualifies as economically disadvantaged, SBA excludes such assets from the individual's personal net worth. For the time period covering this report, an applicant's adjusted new worth cannot exceed \$750,000. Figure 3 and Table 2 represent data on the adjusted personal net worth of those individuals after SBA's review. For example, Figure 3 illustrates that 61% of newly certified firms have an adjusted net worth of \$150,000 or less. 61.4% of newly certified firms have less than \$150,000 in adjusted net worth and 81.4% of newly certified firms have less than \$300,000.

¹⁰ Data for Table I was verified in SBA's system of record, Certify@sba.gov.

¹¹ Data for Table II was verified in SBA's system of record, Certify@sba.gov.

Figure 2: Unadjusted Net Worth

The unadjusted net worth for newly certified firms in FY 2022 are shown below in Figure 1. Firms are bucketed by their unadjusted net worth in \$50,000 increments. The light blue bars represent the number of firms in each bucket with the number labeled above each bar, while the dark blue line represents the cumulative percentage of newly certified firms at that bucket.

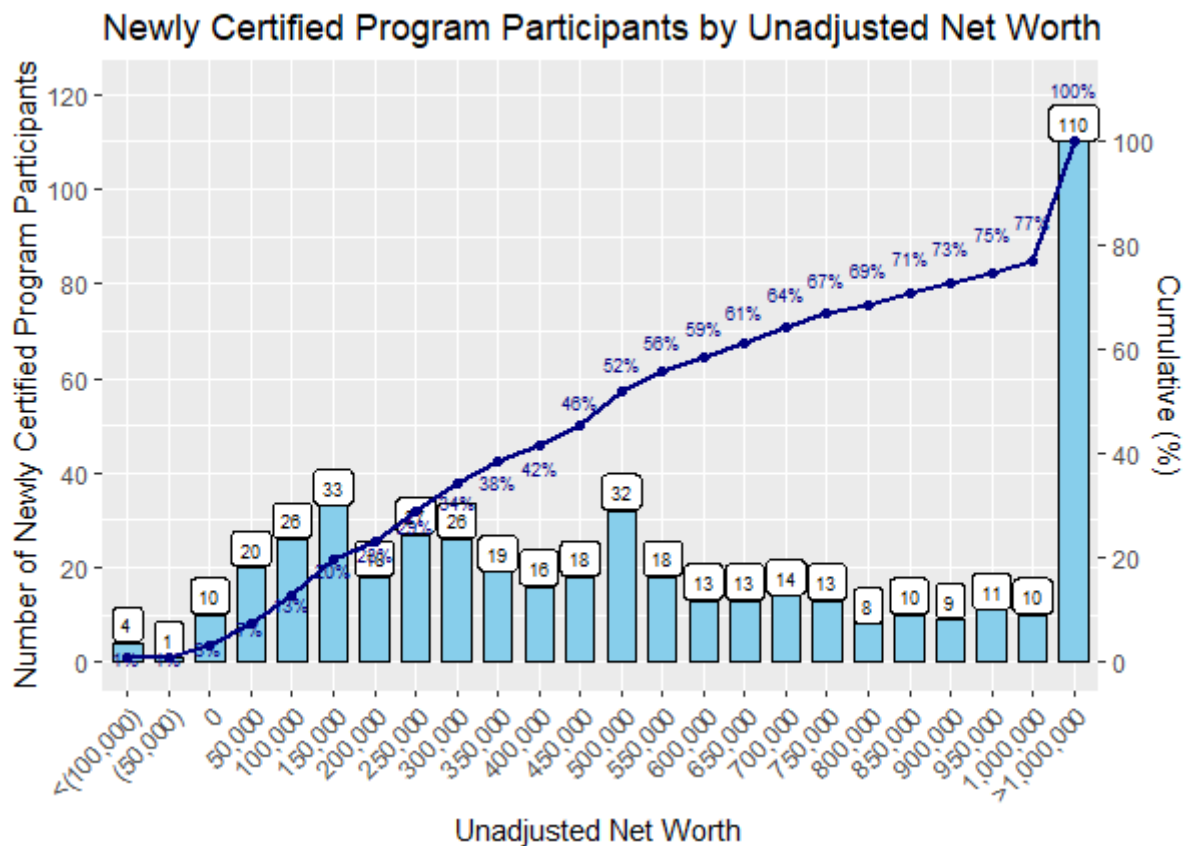

Table 1 Unadjusted Net Worth Tabulations

Table 1 below shows the same data in tabular form. We see 52.2% of Newly Certified Firms have less than \$500,000 in unadjusted net worth and 77% of newly certified firms have less than \$1,000,000.

Unadjusted Net Worth	Number of Newly Certified Firms	Percentage of New Firms	Cumulative Percentage
<(100,000)	4	0.8%	1%
(100,000) - (50,000)	1	0.2%	1%
(50,000) – 0	10	2.1%	3%
0 - 50,000	20	4.2%	7%

1. BENEFITS AND COSTS OF THE 8(A) BD PROGRAM TO THE ECONOMY AND GOVERNMENT

SMALL BUSINESS ACT - Section 7(j)(16)(B)(ii)

([T]he administrator shall submit a report to the Congress...that shall include the following:)

A description and estimate of the benefits and costs that have accrued to the economy and the Federal Government in the immediately preceding Fiscal Year due to the operation of those business concerns that were performing contracts awarded pursuant to section 8(a).

During FY 2022, a total of 5,451 firms participated in the 8(a) BD Program and provided employment for more than 166,423 people.

According to data collected from the Federal Procurement Data System – Next Generation (FPDS-NG) total Federal obligations to participating firms were \$29,797,786,545. This consisted of \$20,956,548,265 in 8(a) sales and \$8,841,238,280 in non-8(a) sales. The 8(a) obligations represent an estimated 70.3 percent of total revenue for FY 2022 firms.

1.1. Benefits to the Economy and to the Government

In principle, the benefit to the economy represents the incremental gain to disadvantaged groups from employment and income supported by 8(a) business development assistance as well as incremental gains in business sustainability. The following are areas in which program participants are contributing to the gross domestic product: the nation’s tax base, employment, and the individual wealth and well-being of all Americans.

In addition, on November 16, 2020, SBA merged the 8(a) Mentor-Protégé program and the All Small Mentor-Protégé program into one program as SBA’s Mentor-Protégé program (MPP) to assist all small businesses (protégés) to gain capacity and win government contracts through partnerships with more experienced companies (mentors). The merger into one program made it easier for eligible businesses to create mentor-protégé agreements by saving them both time and resources.

A mentor and its protégé can submit an offer as a joint venture for any small business contract, including socio-economic set-asides for 8(a), service-disabled, veteran-owned, women-owned, and HUBZone businesses, provided the protégé individually qualifies for the procurement.

The 8(a) Program participants benefitted from assistance under the 7(j) Management and Technical Assistance Program. The program provides high-quality assistance to SBA-approved small businesses to help them successfully compete for Federal, state, and local contracting opportunities as a prime or subcontractor. In FY 2022, the Federal government exceeded its small business contracting goal (which is established by statute at 23%), awarding a record breaking \$132.9 billion in prime contracts to small businesses.

Additionally, SBA provides assistance under the 8(a) Surplus Property Program by allowing eligible 8(a) firms to obtain surplus property from State Agencies for Surplus Property (SASP) through a Memorandum of Agreement (MOA) between the SBA, the U.S. General Services Administration (GSA), and the SASP in accordance with 15 U.S.C. § 636 (j)(13)(F). The Federal Surplus Property program provides a valuable opportunity for 8(a) firms to access needed property to expand, grow and obtain equipment that they might not otherwise have the resources to purchase. In FY 2022, 89 certified 8(a) firms received surplus property collectively valued at \$18.5 million for the total cost of \$1.9 million, a savings of \$16.6 million.

Table 3: FY 2022 Active 8(a) Firms and Federal Contracts

Active 8(a) Firms Receiving Federal Contracts	Active 8(a) Firms Not Receiving Federal Contracts
3,888	1,563

As a result of 8(a) firms receiving business development assistance from the 8(a) Program, in FY 2022, 71.3% of active 8(a) firms received Federal contracts.

Table 4: FY 2022 Disaggregated Contracting Data on 8(a) Individually Owned Program Participants

Race/Ethnicity	8(a) Contract Dollars	Non-8(a) Contract Dollars
Asian Pacific American	\$635,093,148	\$623,254,523
Black American	\$1,826,661,003	\$1,412,381,421

8	3,546,687,340	2,073,694,886	1,472,992,441
9	1,845,737,465	1,080,945,358	764,792,111
10	1,776,617,695	996,837,376	809,780,312
11	1,062,107,275	593,000,428	469,106,840
12	63,865,022	36,692,072	27,172,946
Total	23,417,753,664	14,576,515,386	8,841,238,268

Note: Program year 10, 11 and 12 reflects the result of the provision in the Consolidated Appropriations Act, 2021, and the National Defense Authorization Act for Fiscal Year 2021, which authorized certain 8(a) Participants to extend their 8(a) BD program term.

1.1.1. Jobs Supported by 8(a) Firms

The participating 5,451 8(a) firms provided employment to an estimated 166,423 people during FY 2022, representing an average of 31 employees per company. The 8(a) Program is a source of employment in all fifty states as well as the District of Columbia, Guam, Puerto Rico, and the U.S. Virgin Islands.

Table 7 displays the breakdown of all active program participants and the firms newly certified in FY 2022.

Table 7: Jobs Supported by 8(a) Firms

Firm Type	Total	Average per Firm	Median per Firm
All Firms Active in Report FY	166,423	31	9
Firms Certified in FY 22	5,144	9	3

1.1.2. Effect on Economic Output from 8(a) Contract Obligations

A broader economic benefit is the change in economic output that results from these contracts, which is estimated by applying a fiscal multiplier approach. This method uses data on Federal spending to determine how much total spending occurs as a result of each additional dollar of Federal spending. Estimates of this multiplier vary due to estimation methods, time period, economic conditions, and type of spending, but for the U.S., estimates generally fall within the range of 0.5 and 2.5¹². Research from Federal Reserve economists has estimated the aggregate fiscal multiplier for the U.S. to be 1.64 (¹³while an SBA-commissioned economic impact study conducted by Optimal Solutions Group, LLC found that each 8(a) set-aside contracting dollar generated \$2.60 of economic output and \$1.54 of GDP in FY 2021¹⁴ (Using this range of fiscal multipliers, we can provide an estimated range of the broader economic benefits of the 8(a) program.

Figure 4 below displays the economic output that resulted from Federal 8(a) Contract obligations from FY 2019 to FY 2022. The black dashed line represents the aggregate fiscal multiplier found in Dupor, et al. (2019) of 1.54¹⁵. However, estimates of the fiscal multiplier vary, and the blue shaded region depicts this uncertainty by calculating the change in economic output for fiscal multipliers that range in size from 0.5 on the conservative end to 2.6 on the higher end.

Figure 4: Change in GDP as a Result of 8(a) Contract Obligations

1.2. Costs to the Government

The SBA’s Office of Business Development (BD), under the Office of Government Contracting and Business Development (GCBD), is responsible for the administration of the 8(a) BD program. In collaboration, the Office of Field Operations (OFO) is responsible for the servicing 8(a) firms during the firm’s program term. The OFO Business Opportunity Specialists located throughout SBA’s 68 District Offices deliver critical business development assistance to 8(a) Program Participants to help them achieve their business plan goals and to grow, succeed and be viable in the Federal marketplace.

1.2.1. Program Administrative Costs

SBA’s 8(a) BD program administrative costs¹⁶ consist of direct costs from the operating budget plus compensation and benefits, Agency-wide costs such as rent and telecommunications, and indirect costs such as Agency overhead (e.g., financial management). Total costs for the 8(a) BD program in FY 2022 were \$56 million.¹⁷

1.2.2. Management and Technical Assistance¹⁸

Section 7(j) of the Small Business Act mandates that the SBA obtains and maintains a cadre of qualified individuals and organizations providing assistance to socially and economically disadvantaged individuals. For FY 2022, SBA obligated \$2.53 million to projects under the 7(j) Program through cooperative agreements and contracts.

¹⁶ Program Administrative Costs data provided by SBA’s Office of Chief Financial Officer (OCFO).

¹⁷ Program costs attributable to SBA Headquarters and Field Offices includes Agency direct and indirect costs.

2. EVALUATION OF FIRMS THAT COMPLETED THE 8(A) BD PROGRAM

SMALL BUSINESS ACT - Section 7(j)(16)(B)(iii)

([T]he administrator shall submit a report to the Congress...that shall include the following:)

A compilation and evaluation of those business concerns that have exited the Program during the immediately preceding three Fiscal Years. Such compilation and evaluation shall detail the number of concerns actively engaged in business operations, those that have ceased or substantially curtailed such operations, including the reasons for such actions, and those concerns that have been acquired by other firms or organizations owned and controlled by other than socially and economically disadvantaged individuals. For those businesses that have continued operations after they exited from the Program, the Administrator shall also separately detail the benefits and costs that have accrued to the economy during the immediately preceding Fiscal Year due to the operations of such concern.

The SBA utilized data provided by D&B to analyze the 1,034 firms that completed their 8(a) Business Development Program terms between October 1, 2018, and September 30, 2021. Of the 988 total numbers of firms, 934 were active firms, 47 had ceased business operations, and 7 firms did not have business data available. Of the active firms, 1 was acquired by another firm or organization owned and controlled by other than socially and economically disadvantaged individuals and 317 firms were substantially curtailed.

SBA found that the 47 former program participant firms ceased operations for reasons similar to the reasons that cause any category of business to cease operations, including: economic conditions; illness or death of the owner; reduced Federal contracting opportunities; a decision to sell the business or start a new business venture; or the pursuit of other professional interests. According to recent Census data,¹⁹ two out of three new employer firms survive at least two years; and over a third of those companies stay in business ten years or more. Census data reports show that 67.6 percent of new employer firms in year 2000 survived at least two years, and 48.8 percent survived at least five years. Survival rates were similar across states and major industries. Bureau of Labor Statistics data on establishment age show that 33.6 percent of establishments survived at least ten years and 25.7 percent survived 15 years.²⁰

¹⁹ U.S. Department of Commerce, Census Bureau, Business Dynamics Statistics (BDS). It should be noted that the Census Bureau does not produce and release official survival rate statistics. These numbers can, however, be derived from statistics provided in the BDS; specifically, the number of employer businesses by age and year. A couple of caveats that are expected to distort these numbers slightly are: 1) Business exits have a precise definition in the BDS. An exit takes place when all establishments of a firm cease to exist. Firm entities that cease to exist as a legal construct due to merger and acquisition (M&A) activity but whose establishments do not all cease to exist; are not considered exits in these data. 2) The number of firms in the economy can change for things other than entry. Specifically, firm break ups, spinoffs and M&A activity can lead to multiple new legal entities where there was only one before.

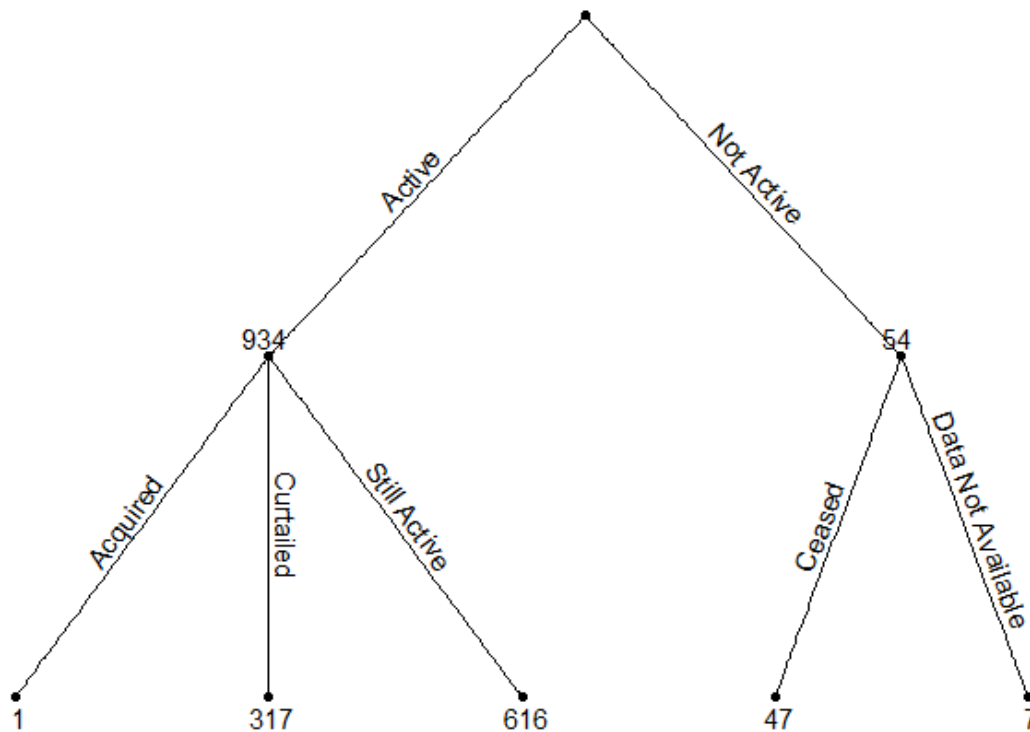

²⁰ Note that the Census data represent firms, which are the entity of the business, while Bureau of Labor Statistics indicate establishments. The firm and establishment survival age figures are similar.

2.1. Firm Status

Figure 5 depicts the waterfall of firms that graduated from the 8(a) BD program in the last three Fiscal Years (FY19-FY21). First, splitting between whether the firms were still active or not, we see that 934 firms were still active, while 54 were no longer active. Of the firms that were still active, 1 firm was acquired, 317 firms significantly curtailed their business activity, and 616 firms were still active. Of the 54 firms that were no longer active, 47 firms ceased operation, and data was unavailable for 7 firms.

Figure 5: Status of Firms Leaving the Program

Outcomes for Firms which have Graduated in the Prior Three FYs

2.2. FY 2022 Status Summary of Firms that Completed 8(a) BD Program During Three Preceding Years

Statutory language in this section requests status information on firms that have completed the 8(a) BD program for each of the three preceding Fiscal Years of the Report Year. A firm having completed the 8(a) program is defined as a firm having spent the full nine years in the program. Active firms are defined as being actively engaged in business operations. Ceased firms are firms that are out of business. Active firms acquired are defined as having been acquired by other firms or organizations owned and controlled by other than socially and economically disadvantaged individuals. If the firm was acquired by other than an 8(a) firm, then the firm would be listed as acquired. Firms substantially curtailed (defined in statute as “substantially ceased” are defined as firms with the number of employees at the end of the Reporting year to be less than 50% of the number of employees at the end of the Fiscal Year when the business left the program.

2.3. Category Summary of Firms Completed 8(a) BD Program During Three Preceding Years

Tables 8 and 9 depicts the number of firms leaving by Fiscal Year and graduated firm status, respectively.

Table 8: *Firms Leaving the Program*

Status	2019	2020	2021
Early Graduation	0 (0.0%)	2 (0.4%)	0 (0.0%)
Graduated	548 (87.1%)	324 (71.1%)	160 (47.8%)
Withdrawn	62 (9.9%)	103 (22.6%)	122 (36.4%)
Terminated	19 (3.0%)	27 (35.9%)	53 (15.8%)

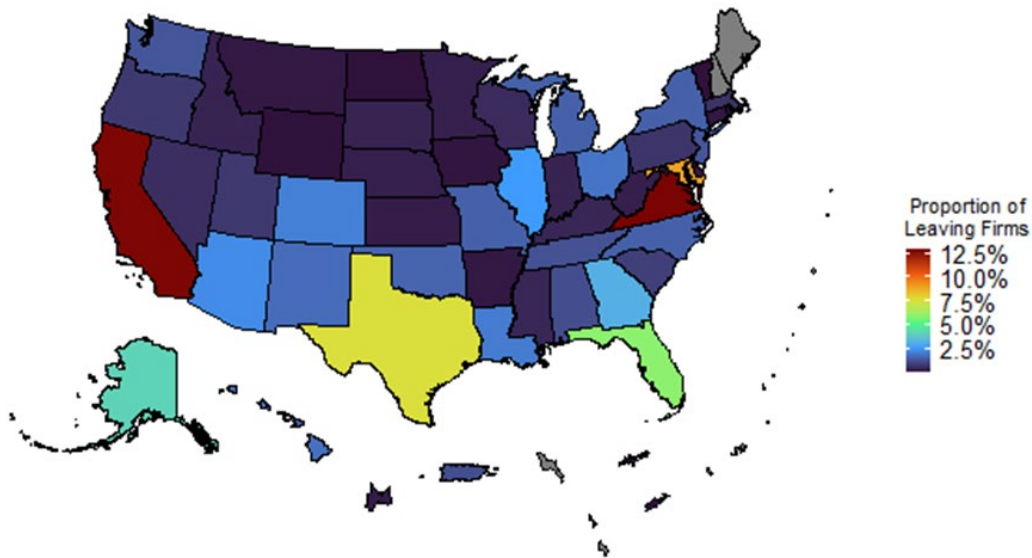

Table 9: *Graduated Firms Status*

		Still Active			No Longer Active
Graduation FY	Total Firms Graduating	Acquired	Curtailed	Firms Still Active	Ceased
FY 2019	504	0 (0%)	182 (36.1%)	307 (60.9%)	15 (3%)
FY 2020	324	1 (0.3%)	93 (28.7%)	210 (64.8%)	20 (6.2%)
FY 2021	160	0 (0%)	42 (26.2%)	106 (66.2%)	12 (7.5%)
Total	988	1 (0.1%)	317 (32.1%)	623 (63.1%)	47 (4.8%)

The map displayed in Figure 6 shows the proportion of firms leaving the Program in the prior three Fiscal Years. States with no firms leaving the 8(a) BD program are shown in gray, states with firms leaving the program are colored based on the proportion of firms they represent.

Figure 6: Map of Firms Leaving the Program

Proportion of Firms Leaving the 8(a) Program In Prior Three FYs by State

3. POST-PROGRAM CONTRACTING

3.1. New Contract Initiations

Table 10 depicts the number of recent 8(a) graduates that have received at least one new contract since exiting the 8(a) BD program.

Table 10: Exiting Firms that Continued to Receive New Contracts

Program End FY	Years Since Program Exit	Total Firms Exiting Program	Exiting Firms with Post-Program New Contracts
FY 2019	3	504	233 (46.2%)
FY 2020	2	324	121 (37.3%)
FY 2021	1	160	79 (49.3%)

3.1.1. Trends in New Contracts

The percentage of FY 2019 graduates is 46.2% that have obtained at least one new contract each FY since their graduation. The percentage for FY 2020 graduates is 37.3%, and the percentage for FY 2021 graduates is 49.3%.

3.1.2. Top 5 NAICS of Existing Firms

Table 11: Top 5 NAICS for Post-Program Contracts by Number of Initiations

NAICS Description	NAICS Code
Computer Systems Design and Related Services	5415
Nonresidential Building Construction	2362
Management, Scientific, and Technical Consulting Services	5416
Software Publishers	5112
Building Equipment Contractors	2382

4. 8(A) OBLIGATIONS

SMALL BUSINESS ACT - Section 7(j)(16)(B)(v)

([T]he administrator shall submit a report to the Congress...that shall include the following:)

The total dollar value of contracts and options awarded during the preceding Fiscal Year pursuant to section 8(a) and such amount expressed as a percentage of total sales of (I) all firms participating in the Program during such year, and (II) of firms in each of the nine years of program participation.

4.1. Overall in FY 2022

Table 12: 8 (a) Overall Obligations in FY 2022

Total Small Bus. Sales	8(a) Sales	Non-8(a) Sales
\$607,120,809,280	\$20,956,548,265	\$8,841,238,280

4.2. Obligation to Active Firms in FY 2022 (5,451)

Table 13 8(a) Obligation Totals in FY 2022 to active 8(a) BD firms

Obligation Type	Total
8(a) Procedure Dollars	\$20,956,548,265
Non 8(A) Dollars	\$8,841,238,280
Total Dollars	\$29,797,786,545

4.3. 8(a) Joint Venture Obligations

8(a) firms are eligible to perform 8(a) and non-8(a) contracts as a joint venture provided the joint venture meets certain regulatory criteria. Any joint venture formed to perform an 8(a) contract must be registered as such in the System for Award Management.

Table 15 depicts the obligation amounts to entities registered as 8(a) Joint Venture in FY 2022.

Table 14: Joint Venture Obligations in FY 2022

Funding Type	Total SB Act Eligible Dollars	8(a) Sales
8(a) Joint Venture	\$3,234,467,016	\$2,330,603,321

5. DOLLAR OBLIGATIONS FOR 8(A) CONTRACTS BY NAICS CODE²¹

SMALL BUSINESS ACT - Section 7(j)(16)(B)(vii)

([T]he administrator shall submit a report to the Congress...that shall include the following:)

The total dollar value of contracts and options awarded pursuant to section 637(a) of this title, at such dollar increments as the Administrator deems appropriate, for each four-digit standard industrial classification code under which such contracts and options are classified.

Appendix A shows the FY 2022 8(a) contract dollars obligated²² by six-digit NAICS code for current firms and firms whose program term is complete but pre-awarded contract options remain open.

6. 8(A) FIRMS WITH SBA LOANS

6.1. New and Existing Loans

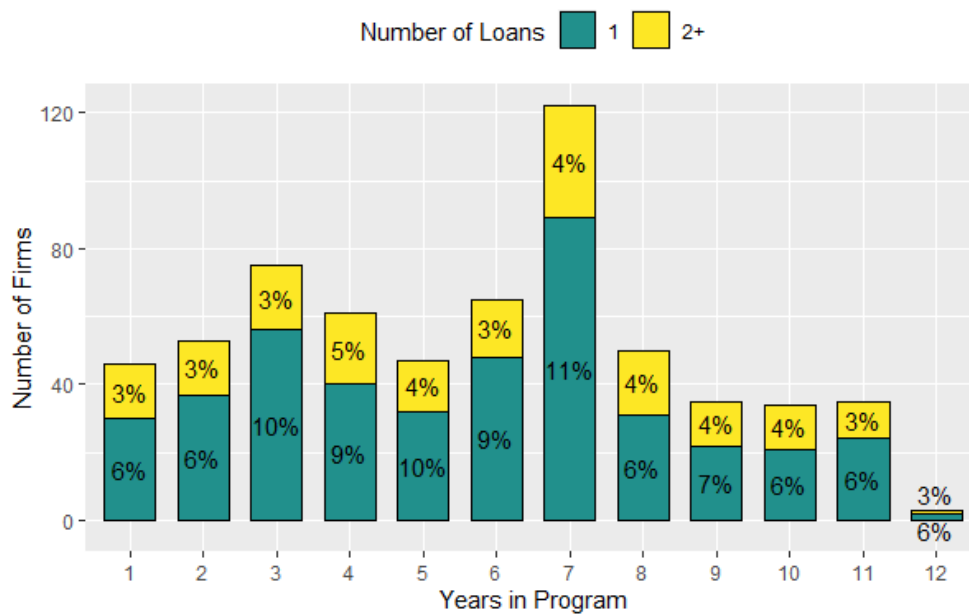

Figure 7 depicts the breakdown of 8(a) Firms with new and existing SBA 7(a)/504 Loans. The x axis isolates firms by their respective 8(a) BD program year, and the y axis is the number of firms. The green bar shows the number of firms with one 7(a) or 504 loan, and the yellow bar shows the number of firms with two or more 7(a) or 504 loans. Each bar is also labeled with the percentage of the active participants that this represents.

Figure 7: Active Firms with New or Existing 7(a)/504 Loans

²¹ The North American Industry Classification System (NAICS) code is a six-digit industry classification which best describes the primary purpose of a federal procurement. The SIC four-digit standard industrial classification code system is no longer in existence.

²² Contract dollars obligated (listed as “action obligations in FPDS-NG”) represents dollars obligated in the Fiscal Year. “Actions” listed in FPDS-NG and used in this report represent number of modifications performed by the Contracting Officer during the Fiscal Year and do not represent number of contracts.

Firms Active in Report FY with New or Existing 7(a)/504 Loans by Year in Program

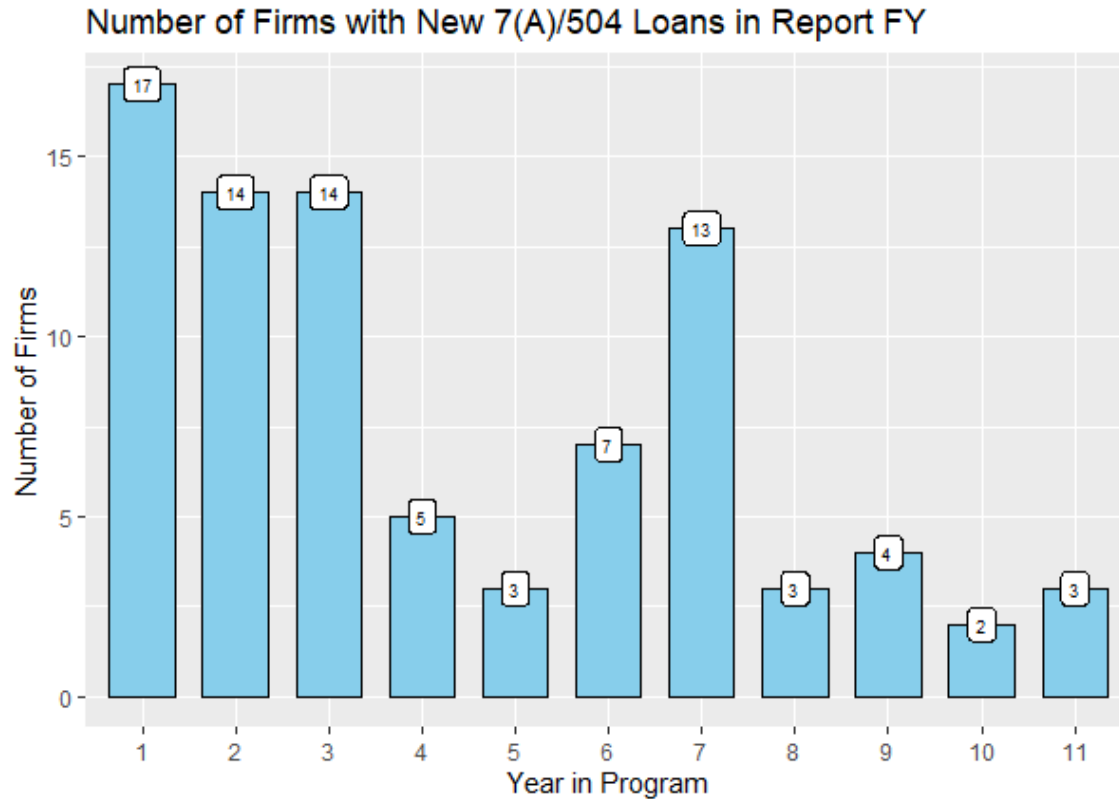

(Note: The Consolidated Appropriations Act, 2021 and the National Defense Authorization Act for Fiscal Year 2021 authorized certain 8(a) Participants to extend their 8(a) BD program term by a period of one year.)

6.2. New Loans by Time in Program

Figure 8 depicts the breakdown of 8(a) firms receiving new 7(a)/504 loans in the report Fiscal Year. The x axis isolates firms by their respective 8(a) BD program year, and the y axis is the number of firms.

The gray bars show the number of firms with a new 7(a) or 504 loan by time since they entered the program.

Figure 8: Number of Firms with New 7(a)/504 Loans in Report FY

7. COMPILATION OF FISCAL YEAR 2022 PROGRAM PARTICIPANTS

SMALL BUSINESS ACT - Section 7(j)(16)(B)(iv)

([T]he administrator shall submit a report to the Congress...that shall include the following:)

A listing of all participants in the Program during the preceding Fiscal Year identifying, by State and by Region, for each firm: the name of the concern, the race or ethnicity, and gender of the disadvantaged owners, the dollar value of all contracts received in the preceding year, the dollar amount of advance payments received by each concern pursuant to contracts awarded under section 637(a) of this title, and a description including (if appropriate) an estimate of the dollar value of all benefits received pursuant to paragraphs (13) and (14) and section 7(a) (20) during such year.

Appendix B to this Report lists all FY 2022 program participants. For each participant, the following information is provided: firm name; firm location by state and region; race or ethnicity of the qualifying disadvantaged owner; gender of the qualifying disadvantaged owner (if disclosed); and the value of all 8(a) contract obligations in FY 2022.

7.1. Socially and Economically Disadvantaged Individual Firm's Report on Shared Benefits and Program Successes

The 8(a) BD Program participant firms are individual firms that shape the backbone of our economy. In FY 2022, these key stakeholders impacted the economy by providing 166,423 jobs.

In designating a qualifying owner's basis for social disadvantage, SBA uses Ethnicity/Race. Table 15 below shows the number of firm principals in each Ethnicity/Race²³ and the percentage that number is of the total number of firm principals (5,451):

Table 14: 8(a) Individual Participant Breakdown

Race/Ethnicity	Number of Firms	Percent of Firms
Asian Pacific American (AP)	515	9.4%
Black American (BA)	1,745	32%
Hispanic American (HA)	1,125	20.6%
Native American (NA)	275	5%
Other (American) (OT)	322	5.9%
Subcontinent Asian American (SA)	751	13.8%

According to SBA's internal database men owned 53.9% of the FY 2022 participant firms, and women owned 28.8%; 17.3% percent of the firms did not report a specific gender.

Chart 9 identifies the number of FY 2022 entity-owned participant firms (i.e., those owned by AITs, ANCs, NHOs, or CDCs), and the percentage that number is of the total number of firms (5,541):

Table 15: 8(a) Entity Participant Breakdown

Entity	Number of Firms	Percent of Firms
American Indian - Tribally Owned Concern (AIT)	244	4.5%
Owned by an Alaska Native Corporation (ANC)	386	7.1%
Owned by a Community Development Corporation (CDC)	4	0.1%
Owned by a Native Hawaiian Organization (NHO)	84	1.5%

8.2 Entity Participant Benefits

Entity-owned Participant Report on Shared Benefits and Program Successes

As part of the annual review submission, each Participant owned by an AIT, ANC, NHO or CDC must submit to SBA information showing how the AIT, ANC, NHO or CDC has provided benefits to the Tribal or native members and/or the Tribal, native, or other community due to the

²³ The category of "Other (American)" includes individuals who selected "Other" or who made no selection at all.

AITs/ ANCs/ NHOs/ CDCs participation in the 8(a) BD program through one or more firms. In assessing such benefits, SBA has collected information from these participants related to the following: employee assistance; preparatory classes; education reimbursement; internship programs; health, social and cultural support, to include in-school support programs, drug and alcohol treatment, individual and family crisis assistance and after-school summer programs; and economic and community development, to include establishment of non-profit organizations, such as a housing authority, to provide quality housing for elders, individuals and families. As a result, Table 17 below depicts summary data reported by AIT, ANCs, NHOs and from their reported diverse benefits for FY 22 valued at approximately \$1,969,030,927 (CDC's did not report any benefits). The contract dollars as reported from the Federal Procurement Data System-Next Generation (FPDS-NG) for entity-owned 8(a) firms consist of a combined total of \$16,826,058,846. This represents 8(a) obligations of \$10,381,798,245 and non 8(a) obligations \$6,444,260,601.

Table 16: FY 2022 Entity-Owned Participant Benefits Report

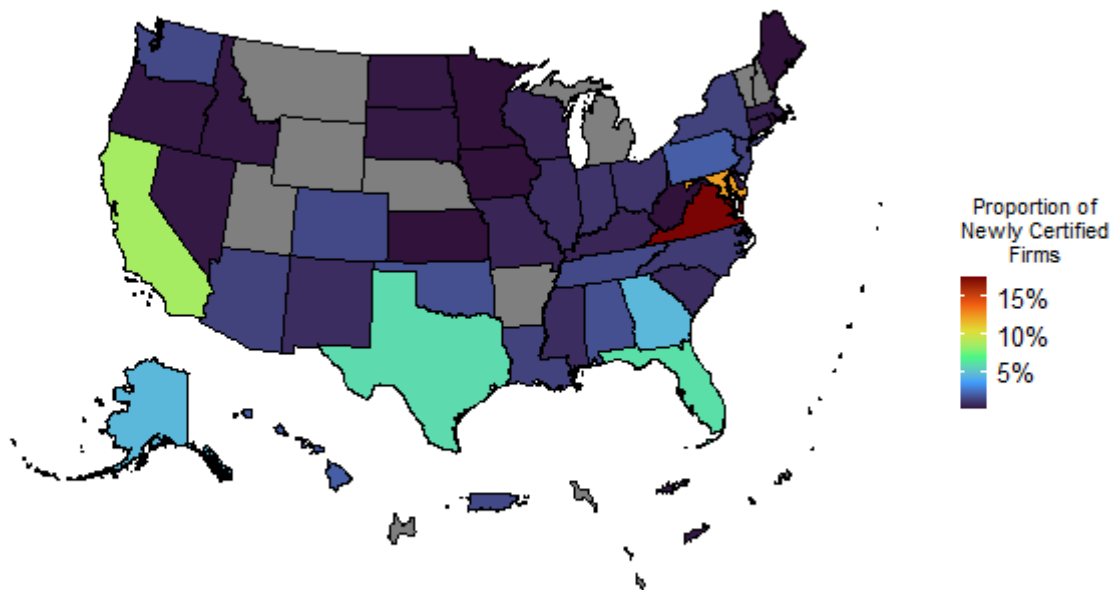

Entity/Benefits Type	Dollar Value of Benefits Provided
Alaska Native Corporations	
Health, Social, and Cultural Support	54,130,453
