The seven-month program includes about 100 hours of professional and specialized training, classroom time, and peer-to-peer counseling per participant and provides the opportunity for small business owners to work with mentors, attend workshops and develop connections with their peers, city leaders and financial communities.

The program is open to small business owners and executives in Eastern Missouri that have:

- At least one employee besides the owner.
- Have annual revenues of at least \$300,000.
- Have been in business for at least 3 years.
