

Mervis Hall Classrooms: 104 and 115 Mervis Hall

Capacity: 58 people (each)

- Equipped with PC, Projector, Screen, Podium Microphone, Sound System, DVD + VHS and a SMART pen-enabled LCD. There are both lapel and podium mounted microphones in the Mervis classrooms.
- PC: connects to internet, can play DVD's, USB ports for PPT remotes and flash drives.
- The electronic Crestron is the heart of the classroom A/V controls. The Crestron panel is located on the podium and it controls the screen, lights (deem, lecture, etc.), pc, projector.
- To turn the projector **on** you use the Crestron LCD control panel.
- You can bring your own laptop and connect it to the provided VGA/audio cable. Select input "Laptop" from the Crestron electronic panel. If you would like to connect to the internet from your laptop, we can provide you with **Guest Wireless Access**. *We can discuss this at a later time.
- You can stream video and audio. You can do anything that a Windows computer can do.
- There is a PC built into the room but it does require Pitt or Katz credentials to logon to it.
