Durham, NC (919) 956-8889

CEED
Fayetteville, NC (910) 323-3377

Government Contracting

The **8(a) Program** offers business development training for socially and economically disadvantaged businesses. The program also offers access to a variety of development services with the opportunity to receive federal contracts on a sole-source or limited competition basis.

HUBZone Contracting provides federal contracting to qualified small businesses in designated locations. This creates jobs, empowers communities and attracts private investors to small urban and rural locations.

The Women-Owned Small Business Federal Contract Program provides equal access to federal contracting opportunities for women-owned small businesses. The program allows contracting officers to set aside specific federal contracts for certified WOSBs in 83 underrepresented NAICS codes.

The Surety Bond Guarantee Program guarantees a construction contract bond in the event the issuing business suffers a loss. The contract guarantees up to \$2 million, covering bid, performance and payment bonds for small and emerging contractors.

For information about these and other programs visit and www.sba.gov and click on Contracting.

Veterans Assistance

Veterans' Business Outreach Center helps military veterans start and grow small businesses. The VBOC provides training, counseling, and technical assistance for Veterans, Service-Disabled Veterans, Reservists, National Guard Members, Active Duty business owners and start-ups in North Carolina.

7(a) Loans

The 7(a) Loan Guaranty Program serves as SBA's primary business loan program to help qualified small businesses obtain financing when it is not available elsewhere.

Loan proceeds can be used for most business purposes including working capital, equipment, furniture, land and building. Loan maturities are up to 10 years for working capital and up to 25 years for real estate.

SBA's 7(a) Loan Guaranty Program has a maximum loan amount of \$5 million, with a maximum exposure of \$3.75 million. Thus, if a business receives an SBA guaranteed loan for \$2 million, the maximum SBA guaranty to the lender will be \$1.5 million or 75%.

Interest rates on business loans are usually variable. Rates are negotiated between the lender and the borrower but are subject to SBA maximums. Depending on the size and term of the loan, the SBA maximum interest rate can range from prime +2 ¼ % to prime + 6 ½ %. In North Carolina the interest rates have typically been less than the maximum allowed.

To be eligible for a 7(a) loan, a business must:

- Operate for profit
- Not exceed SBA size standards
- Not be involved in lending, real estate development, investment or speculation.
- Not be involved in pyramid schemes, gambling, and illegal operations.

Visit www.sba.gov and click on Loans tab for more details involving size, eligibility, use of proceeds, guaranty percentage and other questions.

504 Loans

The 504 Program provides small businesses long-term, fixed-rate financing for fixed assets: land, building, and equipment. The 504 finance package consists of two loans: one from a bank and the other from an SBA licensed Certified Development Company. Maximum loan size is \$5 million (\$5.5 million for manufacturing).

Example Loan Structure for \$2 Million Project

Bank Loan (1st Lien)	\$1,000,000	(50%)
SBA/CDC (2nd Lien)	\$ 800,000	(40%)
Borrower	<u>\$ 200,000</u>	(10%)
Total Project	\$2,000,000	(100%)

For more information visit www.sba.gov and click on Loans tab or call one of the 10 CDC's in North Carolina.
