This table displays the total number of approved loans by program as of the end of each fiscal year. Since data are not available through the end of the most recent fiscal year, the data displayed in 2016 are as of 12/31/2015.

Number of approved loans is defined as the number of loans approved during the given fiscal year.

The number of approved loans includes all loans approved, including those that were subsequently cancelled.

Guarantied Business, Direct Business, and Disaster loan programs include all loans that are subject to the Credit Reform Act of 1990; which are loans SBA approved on or after 10/01/1991.

The 7(a) and 504 loans in the DELTA and STAR programs are included in the 'All Other' category, not the '7(a) Regular' and '504 Regular' categories, of guarantied business programs.
