This table displays the total recovery amount by program as of the end of each fiscal year. Since data are not available through the end of the most recent fiscal year, the data displayed in 2016 are as of 12/31/2015. Total recovery amount is defined as the total dollar amount of collections recovered on purchased loans, including any post-charge off recoveries collected via the Treasury Cross Servicing program, minus any recovery related expenses.

Total recovery amounts are net of recovery related expenses and, therefore, may be negative.

Total recovery amounts reflect the SBA guaranteed portion and exclude the non-guaranteed portion of the loan.

Total recovery amounts for a given fiscal year may be adjusted due to data updates.

Guaranteed Business programs include all guaranteed loans that are subject to the Credit Reform Act of 1990; which are loans SBA approved on or after 10/01/1991.

The 7(a) and 504 loans in the DELTA and STAR programs are included in the 'All Other' category, not the '7(a) Regular' and '504 Regular' categories, of guaranteed business programs.
