Comments:

Graded Agency:

NSF demonstrated excellence in small business (SB) contracting through the achievement of an "A+" grade on the FY 2016 Scorecard. This is the 3rd year in a row NSF has received a grade of "A" or above. We achieved our SB prime and subcontracting goal and achieved 2 of the 4 prime and subcontracting socio-economic (SE) achievement goals. FY 2016 was the first year overseas contracts have been included in the SB goaling base when calculating each agency's Scorecard performance. NSF's largest dollar contract is the Antarctic Support Contract which is performed overseas and accounts for over 40% of our annual obligations. The inclusion of this contract in NSF's goaling base has had a negative impact on NSF's prime SE goal achievement. In FY2016, the impact was mitigated in the areas of SDB and SDVOSB due to awards made due to NSF's move to a new building. NSF will continue to make every effort to ensure that all SBs fully participate in our contracting/subcontracting activities and actively reach out to the SB community by providing advising services and networking opportunities.
