**Comments:**

Graded Agency:

In fiscal year (FY) 2016, we came extremely close to meeting our small business goal of 36.75 percent, missing by only .08 percent with 36.67 percent achieved. Our total small business eligible dollars for FY 2016 were \$1,499,806,306, reflecting a decrease in spending of almost \$170M from FY 2015. We believe this decrease in small business eligible dollars impacted our ability to achieve the 36.75 percent goal. We also note that our small business goal has increased over the past four years, from 31.9 percent in FY 2014 to our current goal of 37.05 percent for FY 2017.

We are very proud to have achieved and exceeded three of the four socio-economic goals, Small Disadvantaged Business (SDB), Women Owned Small Business (WOSB), and Service Disabled Veteran Owned Small Business, as well as increasing our HUBZone percentage by .2604 percent. We are pleased to note that we exceeded our small business subcontracting goal of 50 percent, as well as exceeding the statutory 5 percent goals for subcontracting with WOSB and SDB concerns.

These achievements reflect our continued commitment to advancing the interests of both the prime and subcontracting small business programs.
