

Rural/Urban and HUBZone Lender Information

Rural/Urban Counties

- Rural
- Urban

SBA's new process for measuring urban and rural lending activity

To enhance the quality of SBA's reporting, SBA will rely on data from the US Census Bureau to determine whether the small business applicant is located in a rural or urban county. Loans with a project address in a county the US Census Bureau has defined as $\geq 30\%$ Rural will be treated as rural loans and $< 30\%$ will be treated as urban loans.
