What is the LGBTBusiness Builder?

The LGBT Business Builder is a local business education and resource-sharing program first launched in February 2015 as a National Co-sponsorship between the National Gay & Lesbian Chamber of Commerce (NGLCC) and the U.S. Small Business Administration (SBA). In keeping with NGLCC's mission, the LGBT Business Builder is intended to further the LGBT movement through the economic advancement of LGBT entrepreneurs. The strategic locations of these events reflect surging momentum toward LGBT business inclusion in some of the top entrepreneurial centers in America and will bring the combined resources of NGLCC and SBA to America's 1.4 million LGBT business owners.

NGLCC and the SBA are excited to announce that the LGBT Business Builder will be coming to Houston on February 24, 2016.
