Comments:

Department of Labor is pleased to accept the "A" rating on its FY 2011 SBA Procurement Scorecard and is committed to increasing Federal Government contracting opportunities for small businesses in FY 2012. The Department will assure accountability by continuing to provide a transparent accounting of its progress in meeting small business goals. The Department was successful in meeting the small business, small disadvantaged business, women owned small business and HUBZone goals, and it met 99% of its service-disabled veteran-owned small business goal with a 2.98% performance. In FY 2012 DOL is working to ensure that at a minimum, 3% of procurements are awarded to the service-disabled veteran-owned small business (SDVOSB) community. Senior leadership has reminded component agencies of the importance of achieving their small business goals with an emphasis on HUBZone and SDVOSB participation. The Department will continue to use many of its best practices to ensure small businesses the maximum practicable contract opportunities. These best practices include: Office of Small and Disadvantaged Business Utilization's (OSDBU's) participation at small business vendor outreach events; senior leadership communication of agency small business procurement performance; use of small business performance standards in acquisition personnel evaluations; and the continuation of OSDBU's quarterly Small Business Vendor Outreach Sessions at the National Office in Washington, DC, a "Foot in the Door" strategy to provide small businesses direct access to Department procurement officials.
