* The Office of Investment and Innovation is evaluating applications used to determine Special Competitive Opportunity Gap as well as Businesses located in LMI areas. Figures for the current year are not available, but will be based on the same indicators as previous years and will be updated in the next quarterly report.

** SBA estimates jobs created or sustained using "The 1999 Arizona Venture Capital Impact Study" (confirmed by the DRI-WEFA study of 2001) indicating that 1 job is created for every \$36,000 of SBIC Program investment (adjusted for inflation).

Information developed and maintained by Data Management Branch, Office of Investment and Innovation
