Helping small businesses start, grow and succeed.

LONG ISLANDER WINS NEW YORK STATE SMALL BUSINESS PERSON OF THE YEAR

New York, NY— At a Manhattan ceremony in celebration of presidentially declared National Small Business Week 2009, the New York District Office of the U.S. Small Business Administration this spring presented Teresa M. Ward, owner of Teresa’s Family Cleaning, Inc., with the award for New York State’s top small business.

Ward also won for Small Business Person of the Year in the SBA’s Region II, which includes New York, New Jersey, Puerto Rico and the U.S. Virgin Islands.

Ward founded her residential cleaning company, Teresa’s Family Cleaning, Inc., in 1992, providing the traditional cleaning services one expects for this type of business. Along the way she added non-traditional services such as organizing and management services for senior-living facilities throughout Long Island.

That ability to adapt and grow enabled Family Cleaning to weather the current economic downturn. And rather than submit to the crisis, Ward ensures that her core group of customers is always satisfied with her company’s service. In fact, she still has her pre-crisis 12 to 14 work crews out on any given day. “With the traditional spring cleaning time, I feel as though we have gotten through the worst,” said Ward.

Ward started her business— not in the infamous entrepreneur’s garage— but as a one-woman business in her basement. The company now owns it own building in Rocky Point, NY, employs upward of 40 cleaners, office staff and sales personnel, has a fleet of 15 vehicles and grosses well over a million in sales. Also environmentally conscious, the company now uses only “green” and eco-friendly products in its cleaning arsenal to help ensure the safety of its customers, employees and the environment.

When her sister passed away from cancer in 2003, Ward embarked upon (Cont’d on pg 4)
**SURETY BOND GUARANTY CEILING DOUBLED**

**Washington, DC** – Small businesses that need surety bonds to compete for construction and service contracts can qualify for U.S. Small Business Administration-backed surety bonds of up to $5 million. The higher amount, a result of the Recovery Act, is more than double the previous $2 million maximum surety bond guaranteed by SBA.

Through SBA’s Surety Bond Guarantee Program, SBA guarantees bid, payment and performance bonds. Surety bonds protect the project owner against financial loss if contractors default or fail to perform.

SBA partners with the surety industry to help small businesses that would otherwise be unable to obtain bonding in the traditional commercial marketplace. Under the partnership, SBA provides a guarantee to a participating surety company of between 70 and 90 percent of the bond amount.

Via a new electronic bond application process, small businesses and surety companies participating in the SBA Prior Approval Program are able to transmit application forms electronically to help expedite review and approval processes. For more information please visit: [http://www.sba.gov/osg/](http://www.sba.gov/osg/).

**THE SBA’S NEW PILOT LOAN PROGRAM FOR DEALER FLOOR PLAN FINANCING**

**Washington, DC** – Auto, RV and other dealerships can now apply for SBA-guaranteed floor plan financing, which will make it easier for these small businesses to borrow against their inventory and increase their cash flow.

The new pilot program is one of the many tools the SBA is making available to help increase access to capital and technical assistance to small business, and complements other steps already taken under the Recovery Act to help small businesses at this critical time.

Floors plan financing is a revolving line of credit that allows a dealership to obtain financing through SBA’s 7(a) program for inventory that can be titled, such as autos, RVs, manufactured homes, boats and trailers. As each piece of collateral is sold by the dealer, the loan advance against that piece of collateral is repaid. As the loan is repaid, the dealer can borrow against the line of credit to add new inventory.

DFP loans will be available for a minimum of $500,000 up to the $2 million allowable under the 7(a) program. With a maximum repayment term of five years, the loans will come with a 60-75 percent government guaranty, depending on the type of collateral and the lenders advance rate against the wholesale price of the inventory.

---

**SMALL BUSINESSES CAN APPLY FOR THE SBA’S ARC LOANS**

**Washington, DC** – America’s Recovery Capital, or ARC loans, are designed to provide a “bridge” for viable small businesses with immediate financial hardship to keep their doors open until they get back on track.

ARC loans are deferred-payment loans of up to $35,000, available to established, viable, for-profit small businesses that need short-term help to make their principal and interest payments on existing and qualifying business debt. ARC loans are 100-percent guaranteed by the SBA and have no SBA fees associated with them.

Borrowers pay no loan interest and repayment will not begin until 12 months after the final disbursement.

---

**CHANGES TO SBA 504 LOAN WILL ALLOW BUSINESSES TO REFINANCE EXISTING DEBT**

**Washington, DC** – Small businesses seeking to expand will be able to refinance existing loans used to purchase real estate and other fixed assets as a result of permanent changes to the U.S. Small Business Administration’s 504 Certified Development Company Loan Program.

The changes were authorized in the American Recovery and Reinvestment Act of 2009.

The changes will allow small businesses to restructure eligible debt to help improve their cash flow which, in turn, will enhance their viability and support growth and job creation.

The program is administered through certified development companies, or CDC’s, across the nation.

To find your local CDC’s visit: [www.sba.gov/ny/ny](http://www.sba.gov/ny/ny).
WASHINGTON, DC– In just two year’s time, the U.S. Small Business Administration’s Patriot Express Pilot Loan Initiative has supported more than $315 million in loans to more than 3,750 veterans and their spouses who are using the SBA-guaranteed funds to establish and expand their small businesses. As a result of the American Recovery and Reinvestment Act, which raised loan guarantees to 90 percent, and eliminated fees temporarily, the number of Patriot Express loans increased to record levels in April and May of 2009.

Launched in June 2007, Patriot Express builds on the more than $1 billion in loans SBA guarantees annually for veteran-owned businesses, and the counseling assistance and procurement support it provides each year to more than 200,000 veterans, service-disabled veterans and Reserve members.

Patriot Express is available to military community members including veterans, service-disabled veterans, active-duty service members participating in the military’s Transition Assistance Program, Reservists and National Guard members, current spouses of any of the above, and the widowed spouse of a service member or veteran who died during service, or of a service-connected disability.

### Congresswoman Yvette Clarke, SBA, SBDC Join Forces

BROOKLYN, NY- “Exploring Entrepreneurship and Business Planning Workshop” was the topic of a joint effort this spring by Congresswoman Yvette Clarke, the SBA and the Small Business Development Center at New York City College of Technology to promote entrepreneurship in the “Borough of Kings.”

Celebrating the success of the event, which drew more than 100 participants are (l to r): Dale E. DeGale, Director of Community Development for Rep. Clarke; Catalina Castano, Director, SBDC; Congresswoman Yvette Clarke; and Elizabeth Abreu, Business Development Specialist, SBA.
Another other mission and helped launch the Cleaning for a Reason Foundation in New York in 2006. The non-profit, along with 500 cleaning companies across the nation provides free or at-cost cleaning services for women undergoing chemotherapy. Last year she began donating company services to Habitat for Humanity, to prep the homes for their new inhabitants.

Ms. Ward’s awards prove you do not have to be some sort of exotic, high-tech business owner to win this honor,” said SBA Spokesman John J. Miller. “You just need to be good at what you do.”

Others receiving awards at the ceremony were:

**Family-Owned Business of the Year**
Peter F. Negri, President & CEO
Jamaica Bearings Co.
New Hyde Park, NY

**Financial Services Champion of the Year**
Patrick Mackrell, President & CEO
