National 7(a) Authorization Boilerplate

Version 2018
About this document

This document contains version 2018 of the National 7(a) Authorization Boilerplate ("Boilerplate"). The Boilerplate contains the mandatory national standard language for all SBA authorizations except the national Export Working Capital Program (EWCP), CAPLines, 504 Loans (which have separate boilerplates), SBA Express and Export Express (which have alternate versions that may be used).

About the "7a Wizard"

The 7a Wizard, sometimes referred to as "Wizard," was automated using Microsoft Word and has been designed to run in Word 2010, 2013, or 2016. SBA cannot effectively support compatibility issues relating to versions of Word other than Word 2010, 2013, or 2016.

Changes to the Wizard and Boilerplate are outlined in the “What's new in this version?” section below.

Together, the Boilerplate and the Wizard constitute the "Authorization." The Wizard is a technical tool intended to make it easier for SBA Loan Officers and lenders to create authorizations based on the Boilerplate. It is not an expert system with lots of checks and balances. Use of the Wizard or any other automation tool does not release lenders from their responsibility to ensure that the authorizations they create comply with the Boilerplate. The National 7(a) Authorization is incorporated by reference into SOP 50 10 5(J).

Below is the list of 7a Wizard sections with their location in the Boilerplate:

What's new in this version?

Version 2018

This section highlights the major differences between version 2011 and version 2018 of the Boilerplate.

Overview:

Version 2018 of the 7a Boilerplate includes changes due to the issuance of SOP 50 10 5 (J), effective January 1, 2018 and expiration of the Dealer Floor Plan pilot on September 30, 2013.

Summary of Changes:

Policy references were updated in the shaded boxes throughout the Boilerplate.

Loan Information Section

A. Guaranty Fee

- “Guarantee fee” was changed to “guaranty fee” throughout the Boilerplate. The Guaranty Fee guidance was changed to account for loans eligible for zero fee and the language allowing the lender to retain a percentage of the fee was changed to say that lender may retain 25% of “any required” guaranty fee for loans of $150,000 or less.
- For loans with a maturity of 12 months or less, language was added to caution that Lenders must pay the guaranty fee within 10 business days from the date the loan number is assigned, that they are
required to use [www.pay.gov](http://www.pay.gov) to make this payment and that the guarantee will be cancelled if the full payment is not received within these 10 business days.

- The title, “Ongoing Servicing Fee” was changed to “On-going Guaranty Fee (Lender’s Annual Service Fee)” to match the language in 13 CFR §120.220 and SOP 50 10.

### D. Required Forms

- New language reflects that for all 7(a) loans, Lenders may use their own Note and Guarantee forms in lieu of SBA Forms and that they must ensure that their documents comply with the requirements of SOP 50 10.
- A paragraph was added requiring Lenders to submit a copy of each completed SBA Form 159 to the fiscal and transfer agent after initial disbursement and in conjunction with their 1502 report for the month and to maintain each original in its file.

### F. Note Terms

#### Extraordinary Servicing Fee

- Guidance is provided for extraordinary servicing fees.

#### Repayment Terms

- Mandatory language is provided for a Lender using its own Note instead of the SBA Form 147 Note.

#### Interest Rate Options

- Options 1, 2, 3, 4, 5, and 7
  - With regard to fixed rate loans, the interest rate may only be changed in accordance with SOP 50 10, and the word “reduced” was replaced with “changed” for the variable rate provisions.

- For Variable or Split Rate Loans
  - Added “date of first rate adjustment” to comply with SOP 50 10.
  - Clarifies that changes to the Prime rate are always based on the first day of the application month or the month the rate is changed and that the interest rate and interest rate adjustment period may only be changed in accordance with SOP 50 10.
  - Eliminated the “Ceiling and Floor Variable” option.

#### Subsidy Recoupment Fee

- The term “initial disbursement” was changed to “first disbursement” and “from the date of initial disbursement” was changed to “following the date of first disbursement” for determining the applicable Subsidy Recoupment Fee.

#### State Specific Language

- Added mandatory language for Georgia, Oregon, and Washington.

### G. Use of Proceeds

- Changed use of proceeds option #17 from “purchase all outstanding stock” to “purchase all outstanding ownership interest” to account for other ownership types.
- Raised the amount allowed to be disbursed for working capital instead of listed purposes from 10% or $10,000, whichever is less, to 20% or $50,000, whichever is less.
- Added that an Eligible Passive Company (EPC) may not receive funds to be used for the purchase of any assets, including intangible assets, for use by the Operating Company (OC).
Clarifies that with the exception of SBA Express, Export Express, and 7(a) Small Loans, SBA Form 1050 is required.

H. Collateral Conditions

- The Guarantee provision was modified to allow all Lenders to use their own Guarantees instead of the SBA Form 148 (Guarantee) or SBA Form 148L (Limited Guarantee), with the required language that must be added to Lender’s forms.
- The term “lien instruments” was changed to “security instruments” when referring to documents such as Mortgages, Deeds of Trust, and Security Agreements.
- State Specific Provisions:
  - Arizona, Georgia, Kentucky, Wisconsin: Whether the Lender uses SBA Form 148/148L or the Lender’s own form, the language was changed to cover all guarantees.
  - Georgia mandatory provision was updated.
  - Circumstances that require the California mandatory provision in California guarantees was updated.
  - Missouri: a change due to an amendment to RSMO §432.047 effective August 28, 2013, added, “…or unexecuted…” in the first sentence.

I. Additional Conditions

Flood Insurance

- Various named types of personal property were summarized simply as “Personal Property Collateral.”
- Updated FEMA Form 81-93 to FEMA Form 086-0-32.
- Revised the language providing direction to Lenders when flood insurance coverage is not obtained for personal property collateral to conform to SOP 50 10.
- Revised the language for insurance coverage to match SOP 50 10.

Real Estate and Personal Property Hazard Insurance

- Added additional coverage, such as wind, hail, earthquake, etc., if the business is located in a state that requires additional coverage.

Environmental Requirements

- Modified instructions to only add subparagraph (b) for non-delegated loans (except 7(a) Small Loans) when Lender did not submit the results of an environmental investigation.

Borrower, Guarantor and Operating Company Documents Trustee Certification Paragraph 3.a(6)

- The Certificate from the trustee requiring consent by SBA and requiring lists of trustors and donors to be provided to SBA was amended to read “Lender/SBA.”

Optional Paragraph 3.b(5)

- Consideration for Stock Purchase: Revised to “Consideration for Acquisition of Ownership Interest(s)” and clarified that this option is to be used only in change of ownership transactions when the small business and an individual(s) acquiring the ownership interest in the small business are required to be Co-Borrowers.
Optional Paragraph 3.b(6)

- **Subordinate Funding:** The last sentence was amended to clarify that the named loan must be subordinate to the SBA Loan.

Operating Information

**Verification of Financial Information**

- “SBA version” was removed for Form 4506-T and “processing a loan under its delegated authority” was added to the last paragraph to match SOP 50 10.

Authority to Conduct Business

- Added “including, but not limited to, the ability to operate at the business location”.

Agreement of Franchisor

- Removed “Agreement of Franchisor” options.
- Added mandatory franchise documents to comply with SOP 50 10.

Injection

- Cash injection: Changed “injected into the business as equity capital” to “injected into the project” and added source of cash injection.
- Removed duplicate option: “Equity Injection/Standby Debt Injection”.

Standby Agreement

- Clarifies that standby agreement (Option 1 – No payment of principal or interest is to be made on Standby Debt during the term of the Loan) is mandatory when standby debt is being considered as part of Borrower’s injection.

Construction Provisions

- Clarifies that the requirement to obtain a statement that the building was built with only minor deviations (if any) is after construction is completed, and the statement may be from the appraiser, general contractor, project architect, or construction management firm.
- Changed “contractor” to “licensed contractor”.

Non-Citizens

- The provision requiring verification of US citizenship, lawful permanent resident status or legal alien status was deleted from the Authorization, because verification is now required prior to submission of the application to SBA. The Lender must document the finding in the loan file. This applies in all cases, regardless of the processing method or loan program.

Certifications and Agreements

- Receipt of Authorization: Added paragraph for referral to CAIVRS if the small business defaults on the SBA loan.
- Added mandatory provision for leasing.
- Environmental: Changed “Borrower or Operating Company” to “Borrower and Operating Company”.

- In Paragraphs B.1, B.2, & B.5, “policy to be without standard exceptions (‘extended ALTA’) and without arbitration clause” was added to ALTA Loan Policy.

- In Paragraphs B.1 & B.5, property type “agricultural” was deleted. For agricultural land, user should choose “commercial”.

APPENDIX C, Frequently Asked Questions

- The answer to Question 3 was revised to reflect that the SOP supersedes the boilerplate if there is any conflict between the two.
- Language was added to Question 5 about lenders using their own Notes and Guarantees.
- The answers to Questions 9 and 14 were updated.

APPENDIX D, Borrower’s Certification

- Receipt of Authorization: Added paragraph for referral to CAIVRS if the small business defaults on the SBA loan.
- The Environmental Certification, Paragraph 5, was modified to change “Borrower or Operating Company” to “Borrower and Operating Company”.

**Lender / SBA Information**

13 CFR 120.10—Definition of Authorization states that the Authorization is not a contract to make a loan. The Authorization is not a Loan Agreement. It is intended to provide Lender with the specific conditions which must be met for SBA to provide a guarantee of the loan Lender is making to Borrower. It is not a contract to loan money, and Borrower is not a third party beneficiary of the Authorization. SBA does not lend money to Borrower and cannot force Lender to make a loan to Borrower based on the Authorization.

General Loan Information

13 CFR 120.214—Date application is received by SBA is necessary to calculate interest rate on variable rate loans. 13 CFR 120.210- explains SBA guarantee percentage.

SOP 50 10 — Guarantee percentage policy. There is an effect on the guarantee percentage and guaranty fee when two 7(a) loans are approved to the same borrower within 90 days. This 90-day rule does not apply when one of the loans is a 504 loan.

SBA approves, under Section 7(a) of the Small Business Act as amended, Lender’s application, received [Date Accepted], for SBA to guarantee [Percent Guaranteed]% of a loan ("Loan") in the amount of $[Loan Amount] to assist:

Borrower and Operating Company Information

13 CFR 120.111 / SOP 50 10 — Operating company must be a Co-Borrower if loan proceeds are used for working capital or to purchase assets to be owned directly by the Operating Company. If not a Co-Borrower, Operating Company must be a Guarantor. If the Loan is made to an Eligible Passive Company (EPC), there can only be one EPC Borrower, but there can be multiple Operating Companies (OC) as Co-Borrowers or Guarantors. If several individuals hold the property leased to the OC as joint tenants or tenants in common, then each individual must be listed separately, but they are considered together to be one EPC.

All requirements in the Authorization which refer to Borrower also apply to any Co-Borrower.

Guaranty Fee

13 CFR Reference: 120.220/SOP Reference: SOP 50 10. The Guaranty Fee depends on the loan amount and the maturity of the loan. In fiscal year 2018 the Guaranty Fee is zero for loans of $125,000 or less. You will need to manually adjust the guaranty fee amount if the loan is eligible for zero guaranty fee or Veterans Advantage. However, any loan approved within 90 days of a zero fee loan that results in a combined amount of loans greater than $125,000 will be charged a combined guaranty fee based on the aggregate amount of the loans. See current Information Notice announcing annual fees for updates.

For 7a Wizard users: The 7a Wizard automatically inserts the appropriate paragraph below based on the maturity period specified in F.1. Note: If two 7(a) loans are approved to the same borrower within 90 days, you must calculate the guaranty fee on the second loan manually.
A. THE GUARANTY FEE IS $[Amount].

Insert the following two paragraphs if maturity is more than 12 months

Lender must pay the guaranty fee within 90 days of the approval date of this Authorization. Failure to timely pay the guaranty fee will result in cancellation of the SBA guarantee. The 90-day deadline may not be extended. Lenders are required to make their payments electronically. Payment can be made at www.pay.gov or by ACH if they have previously enrolled with the SBA. No part of the guaranty fee is refundable if Lender has made any disbursement. Lender may collect this fee from Borrower after initial disbursement of Loan, except when an escrow closing is used, Lender may not collect the fee until all Loan funds have been disbursed to the Borrower from the escrow account. Borrower may use Loan proceeds to reimburse Lender for the guaranty fee.

For loans of $150,000 or less, Lender may retain 25% of any required guaranty fee but must remit the remainder to SBA.

Insert the following paragraph if maturity is 12 months or less

Lender must pay the guaranty fee within 10 business days from the date the loan number is assigned. Lenders are required to use www.pay.gov. No guarantee exists if Lender has not timely paid the guaranty fee in full. If the fee is not received within 10 business days after the loan number is issued, SBA will cancel the guarantee. Lender may collect this fee from Borrower only after Lender has paid the fee. Borrower may use Loan proceeds to reimburse Lender for the guaranty fee.

B. ON-GOING GUARANTY FEE (Lender’s Annual Service Fee):

1. Lender agrees to pay SBA an on-going guaranty fee equal to [Percent] of one percent per year of the guaranteed portion of the outstanding balance.

2. Lender may not charge or otherwise pass through this fee to Borrower.

C. IT IS LENDER’S SOLE RESPONSIBILITY TO:

1. Close the Loan in accordance with the terms and conditions of this Authorization.

2. Obtain valid and enforceable Loan documents, including obtaining the signature or written consent of any obligor's spouse if such consent or signature is necessary to bind the marital community or create a valid lien on marital property.

3. Retain all Loan closing documents. Lender must submit these documents, along with other required documents, to SBA for review if Lender requests SBA to honor its guarantee on the Loan, or at any time SBA requests the documents for review.
D. REQUIRED FORMS

SOP 50 10 - For all 7(a) loans, whether processed under non-delegated or delegated authority, Lenders have the option of using their own note and guaranty agreements or the SBA versions (SBA Forms 147, 148, and 148L). There must be a promissory note that is legally enforceable and assignable, in the event that it would ever have to be assigned to SBA.

For 7a Wizard users: The 7a Wizard automatically inserts the references to the forms as applicable.

1. Lender may use its own forms except as otherwise instructed in this Authorization. Lender must use the following SBA forms for the Loan:

   NOTE: LENDER MAY USE ITS OWN NOTE AND GUARANTEE AGREEMENTS IN LIEU OF THE SBA NOTE AND GUARANTEE AGREEMENTS. IF LENDER USES ITS OWN NOTE AND/OR GUARANTEE FORMS, LENDER MUST ENSURE THE DOCUMENTS COMPLY WITH THE REQUIREMENTS SET FORTH IN SOP 50 10.

   SBA Form 147, Note or Lender’s own Note that complies with SOP 50 10
   SBA Form 1050, Settlement Sheet
   SBA Form 159, Compensation Agreement, for each required agent
   SBA Form 722, Equal Opportunity Poster
   [MUST APPEAR when applicable—Guarantee: SBA Form 148 or Lender equivalent]
   [MUST APPEAR when applicable—Limited Guarantee: SBA Form 148L or Lender equivalent]
   [MUST APPEAR when applicable—SBA Form 601, Agreement of Compliance]

SOP 50 10 - Closing documentation; Disclosure of fees and lender expenses

2. Lender may use computer-generated versions of mandatory SBA Forms, as long as the text is identical.

3. Lender must submit a copy of each completed SBA Form 159 by email to the SBA fiscal and transfer agent after initial disbursement and in conjunction with Lender’s 1502 Report for the month. Lender must maintain each original SBA Form 159 in its file.

E. CONTINGENCIES—SBA issues this Authorization in reliance on representations in the Loan application, including supporting documents. The guarantee is contingent upon Lender:

1. Having and complying with a valid SBA Loan Guarantee Agreement (SBA Form 750, SBA Form 750B for short-term loans, or 750CA for Community Advantage (CA) loans, if applicable) and any required supplemental guarantee agreements, between Lender and SBA;

2. Having paid the full guaranty fee in the time and manner required by this Authorization and SBA Loan Program Requirements;

3. Complying with the current SOP 50 10 and all applicable appendices;

4. Completing disbursement no later than 48 months from the approval date of this Authorization. (The loan must be fully disbursed within 48 months from the date of this Authorization. Any undisbursed balance remaining after 48 months will be automatically cancelled by SBA.).
5. Having no evidence since the date of the Loan application, or since any preceding disbursement, of any unremedied adverse change in the financial condition, organization, management, operation, or assets of Borrower or Operating Company which would warrant withholding or not making any further disbursement; and,

6. Satisfying all of the conditions in this Authorization.

F. NOTE TERMS

Maturity

13 CFR 120.212/SOP 50 10 – Loan Maturities.

1. Maturity: This Note will mature in [number of years and/or number of months] from [SELECT—date of Note—OR—date of initial disbursement].

Extraordinary Servicing Fee (Optional)

2. Extraordinary Servicing Fee:

13 CFR 120.221(b)/SOP 50 10 – Guidance on Extraordinary Servicing Fee — Lenders do not have to charge an extraordinary servicing fee. This clause is only selected if an extraordinary servicing fee will be used, and a percentage will be input into the paragraph not to exceed 2%.

Lender may charge an extraordinary servicing fee of [Percent - may not exceed 2%] % per year of the outstanding balance on the part requiring special servicing. This fee may be charged monthly and will be computed by multiplying [(Above Percent divided by 100)/12 – computed by computer] by either the average daily or monthly outstanding balance for each month. SBA’s guarantee does not extend to extraordinary servicing fees and, at time of guarantee purchase, SBA will not pay any portion of such fees.

For 7a Wizard users: Repayment Terms section starts here...

THE FOLLOWING LANGUAGE MUST ALWAYS APPEAR

Lender or SBA may use state or local procedures for filing papers, recording documents, giving notice, foreclosing liens, and other purposes. By using such procedures, SBA does not waive any federal immunity from state or local control, penalty, tax, or liability. As to this Note, Borrower may not claim or assert against SBA any local or state law to deny any obligation, defeat any claim of SBA, or preempt federal law."

If Lender uses SBA Note, Form 147, Lender must insert into Note, to be executed by Borrower, the following terms, without modification. Lender must complete all blank terms on the Note at time of closing.

These rights and defenses include, but are not limited to, any rights or defenses based upon Section 580a, 580b, 580d, or 726 of the Code of Civil Procedure.

CONSTRUCTION PROVISIONS

(MANDATORY if project includes construction)

13 CFR 120.174 and 13 CFR 120.200. SOP 50 10 — Construction Loan, Earthquake Hazards and Bonding Requirements

For 7a Wizard users: This section is automatically inserted by the 7a wizard if Use of Proceeds (G) includes paragraphs 4, 5, 6, 7 or 9.

a. **Building Standards**: In the construction of a new building or an addition to an existing building, the construction must conform with the "National Earthquake Hazards Reduction Program Recommended Provisions for the Development of Seismic Regulations for New Buildings" (NEHRP), or a building code that SBA has identified as having substantially equivalent provisions. Lender must obtain from Borrower evidence of compliance with these requirements. b. Lender may charge Borrower a one-time fee not to exceed 2% of the portion of the Loan designated for construction. The actual fee must not exceed the cost of the extra service.

c. Prior to closing, if an "as completed" appraisal was obtained prior to construction and the SBA guaranteed loan was not used to cover the construction period, Lender must obtain a statement from the appraiser, general contractor, project architect, or construction management firm after construction is completed that the building was built with only minor deviations (if any) from the plans and specifications upon which the original estimate of value was based. If the Lender cannot obtain such a statement, then the lender may not close the loan without SBA’s prior written permission.

If the SBA guaranteed loan was used to cover the construction period, after construction is completed, Lender must notify the appropriate SBA CLSC of any deviation(s) and work with the SBA CLSC to determine an appropriate course of action, including securing additional collateral. Lender's notification to SBA must comply with SOP 50 10.

If the appraiser is unable to issue a statement that the building was built with only minor deviations (if any) from the plans and specifications upon which the original estimate of value was based, but is able to provide a new appraisal demonstrating that the market value meets or exceeds the original estimate of value, then no additional action by Lender is necessary.

1. **Bonds**—Evidence that the licensed contractor has furnished a 100% performance bond and labor and materials payment bond. Only a corporate surety approved by the Treasury Department using an American Institute of Architect's form or comparable coverage may issue these bonds.    1. Pari Passu Lender will provide additional financing to the Borrower at or about the same time for the same or a similar purpose financed by this Loan in the amount of \$[PariPassuAmount] that will not be guaranteed by SBA (hereafter called the “Pari Passu Loan”). Both loans must be secured with the same collateral. Both loans
must have a shared lien (“Pari Passu”) on all collateral securing either loan and a
shared position with respect to any recovery from any other source, such as insurance
or set-off. The outstanding principal balance of each loan at the time of default (as
defined in this paragraph) on either loan will determine how to calculate the pro-rata
sharing of each dollar collected after default. Default is defined as any condition or
event which would constitute a default under the terms and conditions of either loan,
even when such a condition or event has not yet been declared a default.

(2) Pari Passu Loan must include a cross default provision between the Pari Passu Loan
and this Loan. The Pari Passu Lender must give the Lender written notice of default
within 30 days of default on the Pari Passu Loan.

(3) Pari Passu Loan must not include the following in its note or loan documents:
(a) A provision to allow future advances except advances made for the reasonable
costs of collection, maintenance, and protection of Pari Passu Lender’s shared
lien.
(b) A provision that permits the Pari Passu loan be cross-collateralized with other
non-SBA financing provided by the Pari Passu Lender to Borrower (and/or
Operating Company, if the Borrower on this Loan is an Eligible Passive
Company).
(c) A provision that permits the Pari Passu Lender to make demand on the Pari Passu
Loan for reasons other than default.

(4) If the Pari Passu Lender transfers or assigns all or part of the Pari Passu Loan, the Pari
Passu Lender must:
(a) Notify all transferees and assigns of these requirements applicable to the Pari
Passu Loan, which also must bind any transferee or assignee.
(b) Notify the Lender of the transfer or assignment within 30 days of the transfer or
assignment of the Pari Passu Loan.

(5) If the Pari Passu Loan is not made by the Lender then, prior to disbursement of this
Loan, Lender must execute an Inter-Creditor Agreement with the Pari Passu Lender
that includes the requirements identified in paragraphs (1), (2), (3), and (4) above and
contains no provisions that conflict with or modify these requirements.

(b) The Authorization is between Lender and SBA and creates no third party rights
or benefits to Borrower;
(c) The Note will require Borrower to give Lender prior notice of intent to prepay.
(d) If Borrower defaults on Loan, SBA may be required to pay Lender under the
SBA guarantee. SBA may then seek recovery of these funds from Borrower.
Under SBA regulations, 13 CFR Part 101, Borrower may not claim or assert
against SBA any immunities or defenses available under local law to defeat,
modify or otherwise limit Borrower’s obligation to repay to SBA any funds
advanced by Lender to Borrower.
(e) Payments by SBA to Lender under SBA’s guarantee will not apply to the Loan
account of Borrower, or diminish the indebtedness of Borrower under the Note or
the obligations of any personal guarantor of the Note.
(f) If the small business defaults on the SBA-guaranteed loan and SBA suffers a loss, the names of the small business and the guarantors of the SBA-guaranteed loan will be referred for listing in the Credit Alert Verification Reporting System (CAIVRS) database, which may affect their eligibility for further financial assistance.

**Child Support (MANDATORY)**

(c) Borrower and Operating Company, and all of its principals, have no knowledge of the actual or potential existence of any Contaminant that exists on, at, or under the Property, including groundwater under such Property other than what was disclosed in connection with the Environmental Investigation of the Property;

such Property, including groundwater.

(e) As to any Property owned by Borrower or Operating Company, Borrower and Operating Company indemnifies, and agrees to defend and hold harmless, Lender and SBA, and any assigns or successors in interest which take title to the Property, from and against all liabilities, damages, fees, penalties or losses arising out of any demand, claim or suit by any Agency or any other party relating to any Contaminant found on, at or under the Property, including groundwater, regardless of whether such Contaminant resulted from Borrower’s or Operating Company’s operations. A. Guarantees

SBA generally takes a full unconditional guarantee.

13 CFR 120.160(a)/SOP 50 10 - SBA requirements for Guarantees. Holders of 20% or more ownership interest must guarantee the loan. Each spouse owning less than 20% must guarantee the loan when the combined ownership interest of both spouses is 20% or more. When deemed necessary for credit or other reasons, SBA or, for a loan processed on a delegated basis, the Lender, may require other appropriate individuals or entities to provide full or limited guaranties of the loan without regard to the percentage of their ownership interests, if any.

If this is an EPC/OC loan, the Operating Company must guarantee the loan if it is not a Co-Borrower and each holder of a 20% or more ownership interest in either the EPC or OC must guarantee the loan. If the EPC is a trust, then all trustors and donors must guarantee the loan.

16. How does a lender or SBA loan officer add loan specific provisions to the Authorization?............ 5
1. **Why was the Authorization changed so that it is no longer a Loan Agreement?**

Under SBA regulations, the Authorization is not an agreement to lend money (see 13 CFR 120.10). The Authorization is intended to provide the lender with specific conditions which must be met for SBA to provide a guaranty of the loan the lender is making to the borrower. It is not a contract between SBA and the borrower, and the borrower is not a third party beneficiary of the Authorization. SBA is not lending money to the borrower and SBA cannot force a lender to make a loan to any borrower, even if the borrower complies with the terms of the Authorization. The borrower and operating company do not sign the Authorization. The change in focus reflects these SBA policies.

The requirements of the Authorization are directed to the lender. SBA is not directing borrowers to meet certain requirements. SBA directs lenders to obtain the information, documents, and certifications from the borrowers necessary to meet SBA's requirements for a guaranty. When a lender requests that SBA honor its guaranty, SBA requires the lender to present evidence that the loan was properly closed in accordance with the Authorization and serviced and liquidated according to SBA policies. Lenders are responsible for meeting SBA requirements and the focus of the Authorization emphasizes this SBA policy.

2. **Does SBA require a loan agreement? What sample form can lenders use for borrower's certifications?**

SBA does not require that a lender use a loan agreement. It is up to a lender to determine whether a loan agreement is needed for its lending practice. Paragraph C. of the Boilerplate states that it is a lender's sole responsibility to close the loan in accordance with the terms and conditions of the authorization, to obtain valid and enforceable loan documents, and to retain the documents. SBA does not require a loan agreement but does require that the documents be enforceable and that the borrower makes certain certifications. Lenders are provided with a sample form, Borrower's Certification (4 pages - see Appendix D), which is a compilation of the various certifications found in the Boilerplate and provides a space for the borrower to initial next to those certifications applicable to the particular loan. Lenders will need to retain an executed document containing these certifications, and may use this sample form as a basis for that document or for incorporating the required certifications into their loan agreement. SBA is leaving the issue of whether a loan agreement is required, and what form it should take, up to the lender, but SBA does require that necessary borrower's certifications be made in writing.

3. **What if Authorization provisions conflict with SOP 50-10?**

SBA establishes the wording for all 7(a) delegated and non-delegated Authorization conditions in the National Authorization Boilerplate (“the Boilerplate”). The conditions reflect the policies and procedures in effect at the time the Boilerplate is issued. If there is any conflict between the Boilerplate and the SOP, the SOP supersedes. If you discover an apparent conflict, please send an e-mail to 7aquestions@sba.gov mailbox describing the conflict and stating the SOP paragraph and the authorization paragraph which you believe conflict. The Boilerplate will be updated from time to time to reflect policy changes in subsequent regulations, Notices, or SOPs.

4. **How will subsequent modifications to the Authorization be distributed to the field?**

The Authorization will be modified periodically to address state-specific issues, implement policy changes, and correct "glitches".

Lenders should check the SBA web site or with their local SBA office periodically to insure they have the latest version of the Authorization. Once SBA releases a new version, there will be a 30-day grace period to begin using the new version. If you are using the Wizard, the version is printed in the footer of each authorization document, or the version can be seen by selecting the ‘About 7a Wizard’ option in the 7a Wizard menu. It is also printed on the first page of the Boilerplate.
5. Can you include additional forms in section "D. Required Forms"?

The Boilerplate lists all SBA required forms. (The 7a Wizard automatically adds SBA Forms 148 and 601 when applicable.)

The SBA Deed of Trust and Mortgage are no longer required forms. Lenders may use their own lien instruments, which must comply with legal requirements and prudent lending practices. If they do, they must add to all lien instruments the federal law and arbitration provisions required in the Collateral section of the Authorization. This language must also be added to the SBA Deed of Trust and Mortgage forms if the lender chooses to use these forms. The federal law provisions stating that the lien instrument is to be construed in accordance with federal law if SBA is enforcing the Note protects SBA if the lender assigns its loan documents to SBA for enforcement. The arbitration clause is necessary to protect SBA from binding arbitration clauses found in some local forms.

The SBA Standby Creditor's Agreement also is no longer a required form. Lenders may use the revised Form 155 or a substantially equivalent form. The revised Form 155 is available on SBA’s Intranet, and on the SBA internet banking site at www.sba.gov/tools/forms/sbapartnerforms/lenderforms/.

Lenders have the option of using their own Note and guaranty agreements or the SBA versions (SBA Forms 147, 148 and 148L). Lender must comply with the requirements in the current SOP 50 10.

SBA offices may not require lenders to use any local forms.

6. Why doesn't SBA instruct lenders how to obtain insurance, perfect liens or meet other requirements in the Authorization?

The Authorization gives a lender the requirements that must be met for SBA to guarantee a loan. It does not instruct the lender how specifically to meet those requirements. As lenders, they are responsible for knowing how to properly close loans, secure collateral, and obtain and perfect the required lien position. A lender and SBA sign a Loan Guaranty Agreement, SBA Form 750, that provides the general requirements the lender must meet for SBA to guarantee loans at lender's request. SBA lenders must follow SBA's regulations and SOP requirements. They are held to a prudent lender standard.

7. Why doesn't the Authorization specify how to perfect a lien for each piece of real estate taken as collateral or specify which signatures a lender must obtain for rental property?

The Boilerplate notifies lenders that they must obtain "the signature or written consent of any obligor's spouse if such consent or signature is necessary to bind the marital community or create a valid lien on marital property." SBA holds lenders responsible for knowing how to create and properly perfect a lien on property required by the Authorization. The Authorization gives a lender the requirements that must be met for SBA to guarantee the loan between the lender and the borrower. It does not instruct the lender on how to meet those requirements. The lender, not SBA, must determine the legal ownership of a piece of real estate and determine what signatures must be obtained to create enforceable documents.
8. Why are machinery, furniture and business assets not collateral categories in the lien provisions?

The Boilerplate provisions for personal property collateral use the defined terms in the Uniform Commercial Code (Code) for property categories. The Code states which types of property fall into each category. Machinery, furniture and business assets are included in one or more of the defined collateral categories. For example, machinery and furniture are defined as equipment under the Code. If you cannot determine the appropriate option(s), consult with counsel.

9. May I write my own repayment terms, or use local lender terms and skip the standard repayment terms?

Lenders have the option of using their own Note or SBA Form 147. If Lender uses SBA Form 147, Lender must use the repayment terms in the authorization. Lenders using their own Note are required to comply with SBA repayment terms but are not required to use the specific language set forth in the authorization.

10. Why doesn't the Authorization require lenders to use the low prime published in the Wall Street Journal?

The Wall Street Journal now only publishes one prime rate. This rate is based on the corporate loan rate charged by 75% of the nation's 30 largest banks.

11. Can I remove the extraneous documents in the "Borrower, Guarantor and Operating Company Documents" section?

No. The Authorization intentionally lists documents required for all types of legal entities. Borrowers, Guarantors and Operating Companies frequently change their legal structures between the time the authorization is issued and the loan is closed. The list tells a lender what is required for each entity and accommodates changes in organization that are made before closing. Lenders should inform SBA of any changes and should submit material changes for SBA review and approval.

12. Why does the Authorization have the SBA Logo instead of the SBA Seal?

SBA Headquarters selected the Logo instead of the Seal.

13. How is the SBA Loan Name determined?

Choose the first available name from this list:

a. dba of the Operating Company
b. name of the Operating Company
c. dba of the Borrower
d. name of the Borrower
In the case of multiple borrowers or operating companies, apply the same rule, using the first operating company or borrower listed by the Loan Officer.

14. What is SBA’s Environmental Policy?

SBA’s Environmental Policy is in SOP 50-10(5), Subpart "B", Chapter 4. Lenders must be familiar with this policy. Basic environmental conditions are set forth in the Boilerplate. Lenders should consult with the local SBA office where the real property is located to ascertain any state or local requirements to be added to the authorization. Except for PLP, 7(a) Small Loans, SBA Express, and Export Express loans, a lender must submit the results of the Environmental Investigation to the SBA. If it is not submitted to the processing office at the time of application, then it must be submitted to the SBA office identified in the authorization prior to disbursement. Except for PLP, 7(a) Small Loans, SBA Express, and Export Express loans, a lender must not disburse a loan until SBA has reviewed the results of the investigation and is satisfied that the risk of potential environmental contamination has been sufficiently minimized. Lenders processing PLP, 7(a) Small Loans, SBA Express, and Export Express loans must comply with the environmental provisions of the SOP in conducting the environmental investigation and reaching a conclusion that the risk of contamination is sufficiently minimized.

15. Why does the Authorization place restrictions on any lender’s non-SBA financing when that lender takes a shared lien on joint (“Pari Passu”) financing?

The Authorization provides that when any lender, including the participant lender (the "Pari Passu Lender"), makes a related non-SBA ("Pari Passu") loan taking a shared lien position on collateral also financed with and securing an SBA loan, any charges and advances made by that Pari Passu Lender in connection with the shared lien are prohibited, other than advances made in connection with reasonable costs of collection, maintenance and protection of Pari Passu Lender’s shared lien. The Authorization also prohibits the Pari Passu Lender from making a demand on the Pari Passu Loan for reasons other than default. The purpose of this provision is to insulate the SBA loan from any shared lien default charges or open ended features which may adversely affect repayment of the SBA loan. If the Pari Passu Lender is not the participant lender, then prior to disbursement the participant Lender must obtain an Inter-Creditor Agreement from the Pari Passu Lender containing these provisions.

16. How does a lender or SBA loan officer add loan specific provisions to the Authorization?

There is an OPEN OPTION for the processing officer or lender to add loan specific requirements. It is expected that lender and SBA staff, including SBA counsel, will communicate closely in drafting these requirements.

Any special conditions created for use in the authorization can only be used one time before obtaining SBA approval of the language. This includes conditions created by PLP Lenders or SBA offices. To obtain approval to use a special condition in more than one authorization, contact 7(a) Policy Branch, Office of Financial Assistance.
This appendix contains sample documents provided to lenders under the conditions described below:

SBA does not require that a lender use a loan agreement. It is up to a lender to determine whether a loan agreement is needed for its lending practice. Paragraph C of the Boilerplate states that it is a lender's sole responsibility to close the loan in accordance with the terms and conditions of the authorization, to obtain valid and enforceable loan documents, and to retain the documents.

SBA does not require a loan agreement but does require that the documents be enforceable and that the borrower makes certain certifications.

Lenders are provided with a sample form, **Borrower and Operating Company Certification** (4 pages), which is a compilation of the various certifications found in the Boilerplate and provides a space for the borrower to initial next to those certifications applicable to the particular loan. Lenders will need to retain an executed document containing these certifications, and may use this sample form as a basis for that document or for incorporating the required certifications into their loan agreement. Any defined terms used in the sample Borrower and Operating Company Certification have the meanings given to them in SOP 50 10.
