Keys to Success Workshop

Taxpayers will participate in hands on activities while learning their basic business requirements for the North Carolina Department of Revenue. Participants will become familiar with NC Tax laws that are pertinent to businesses and the responsibilities of a business owner. The workshop will provide a range of information on how to register a business to filling out and sending a tax return. Information will also be provided on a program for businesses that have fallen behind on sales and use, withholding, and other trust taxes.
