

Two Days to Entrepreneurship: Boots to Business Reboot Delivers Business Skills, Resources for Wisconsin Vets, Transitioning Service Members, Spouses, and Dependents in 2016

You served your country and spent months abroad in combat. Or perhaps you managed kids, home, and your own job while your spouse was in uniform. Now the abilities you developed could bring you success as a small business owner. Don't go it alone, though. Take advantage of the U.S. Small Business Administration's **Boots to Business: Reboot** program.

This free two-day intensive training will give vets, transitioning service members, spouses, and dependents a toolbox for business success and help them to:

- Recognize opportunities
- Develop a business plan
- Build market research, financial, and legal knowledge
- Meet local business and veteran partners who will serve as advisors and mentors
- Delve further into entrepreneurship in a supplemental, complimentary 8-week online course

The SBA will host multiple Reboot sessions in early 2016, including in Milwaukee on January 26-27. **The SBA will announce new sessions** as registration opens at <http://www.sba.gov/wi>, through its [e-news](#), and on [Twitter](#) using #SBA_WI.
