

InnovateHER 2016: Innovating for Women Business Challenge Frequently Asked Questions

1. What is the purpose of the Challenge?

- The SBA launched the first InnovateHER Challenge in February 2015 with the goal of unearthing products and services across the U.S. that help impact and empower the lives of women and families.
- We know that our workforce looks very different from 50 years ago. Women now make up nearly half of the labor force and play a critical role in our nation's economic prosperity. Most children live in households where all parents work. And as our population ages, families are increasingly caring for aging parents while balancing the needs of work and home.
- As the demands on women and families grow, the need for products and services that address these unique challenges increases. The InnovateHER Challenge provides that platform.

2. What are the Challenge criteria?

The SBA is looking for entrepreneurs to create a product or service that meets the following three (3) criteria:

1. has a measurable impact on the lives of women and families (30%);
2. has the potential for commercialization (40%); **and**
3. fills a need in the marketplace (30%).

3. How does the Challenge work?

- The Challenge will take the form of local competitions that will be run across the country beginning as early as August 5, 2015 and ending no later than December 2, 2015. These local competitions will be hosted by organizations such as universities and colleges, incubators, accelerators, clusters, scale-up communities, SBA Resource Partners, and Microsoft stores. See *Question 14* for more information if your organization is interested in hosting a local competition. All host organizations must be approved by SBA, and all local InnovateHER competitions must be conducted in a manner that is consistent with the [Challenge Rules](#) as defined by SBA.
- Following the completion of the local competitions, but **no later than December 3, 2015**, each host organization will identify **one winner** that will advance to the semi-final round of the Challenge. In the case of a winning team, the host organization must provide the name of the team's self-identified project lead as the winner who will advance to the semi-final round. On or before December 3, 2015, the host organizations will submit the name of the winner along with a Nomination Package containing a business plan and other required information to SBA via www.Challenge.gov. See *Question 16* for the full requirements of the Nomination Package.
- In the semi-final round of the Challenge, SBA will review the Nomination Packages submitted by the local host organizations and select up to 10 Finalists.

- The Finalists will be offered the opportunity to come to the Washington, D.C. metro area on March 17, 2016, during Women’s History Month, to make a live marketing pitch to a panel of expert judges drawn from the private sector and compete for up to \$70,000 in cash prizes.
- The panel of judges will select a 1st, 2nd, and 3rd place winner whose pitches best satisfy the Challenge criteria and present the greatest potential for success.

4. Where can I find a complete list of the Challenge Rules?

- The Challenge Rules are posted at sba.gov/InnovateHER.

- Following the completion of the local competitions, each host organization will identify one winner that will advance to the semi-final round of the Challenge. - SBA will post the names of all approved local hosts on a rolling basis at sba.gov/InnovateHER as SBA confirms their participation.

12. What do winners of the local competitions receive?

13. My organization is interested in hosting a local competition. What is the process?

- All organizations wishing to host an InnovateHER local competition must submit a request in writing to the SBA at womenbusiness@sba.gov **no later than September 3, 2015**. The request must include all of the following information:
 - a. The organization's **official legal name**, street address, city, state;
 - b. Website of the organization (if applicable);
 - c. The name of the organization's designated Point of Contact (POC) for the local competition, his/her email address, and phone number.
 - SBA will evaluate all requests to host a local InnovateHER local competition in its sole discretion and will confirm a host's participation in writing.
 - Additionally, with some exceptions, organizations that wish to host an InnovateHER local competition will be required to agree to the terms of a

Cosponsorship Agreement with the SBA that outlines the terms of the parties' relationship for the purposes of InnovateHER.

- SBA will notify prospective hosts if such agreement is required.

14. We operate in several different markets and wanted to know if there was a limit on the number of challenges we can host? And if we host more than one, do we need to complete separate applications for each one?

- Organizations may host multiple regional business competitions as part of the InnovateHER Challenge. Please submit your request to serve as a host organization to the SBA via this email, womenbusiness@sba.gov, by September 3, 2015, and include the following information:
 1. Your organization's **official legal name**, street address, city, state;
 2. Website of the organization (if applicable);
 3. The name of the organization's designated Point of Contact (POC) for the local competition; his/her email address, and phone number.
- One request should suffice, even if you determine you'd like to hold several different regional competitions. SBA will evaluate all requests in its sole discretion and will confirm your organization's participation in writing. Note that, with some exceptions, organizations that wish to host an InnovateHER local competition will be required to agree to the terms of a Cosponsorship Agreement with the SBA. Please refer to the [Challenge Rules](#) at Paragraph 5 for more details. We will advise you if such agreement is required.

15. How is local being defined? If a host holds a challenge, can the host accept applications from outside the local jurisdiction? For example, if a competition is held in San Francisco, can an applicant come from Mendocino County?

- The definition of "local" is determined by the host organization. This example would be acceptable.

16. As a host organization, are we allowed to/have the ability to get any revenue for program expenses for running an InnovateHER challenge? For example, SBA funds, applicant registration fees, corporate sponsorships, etc.

- The SBA does not provide any funding as part of the local InnovateHER competitions. Additionally, we ask that host organizations that are holding local competitions as part of InnovateHER not impose an entry fee. InnovateHER is a prize competition governed by the America Competes Act, and there is no authority to charge entry fees under that provision. However, we defer to host organizations that wish to fund the competition through other means such as corporate sponsorships.

17. When is the deadline for an organization to make a request to host a local InnovateHER competition under this Challenge?

- September 3, 2015 is the last day to submit a request to SBA to host a competition in connection with this Challenge. See *Question 14* for the requirements.

18. My organization has been approved by the SBA to host a local InnovateHER competition. What is the process for holding a competition and selecting winner?

- Once approved, host organizations may hold a local InnovateHER competition anytime starting August 5, 2015 and ending no later than December 2, 2015.
- It is up to each host organization to determine the type of local competition, conducted in a manner that is consistent with the [Challenge Rules](#), that will best identify the most innovative and entrepreneurial business ideas, including the type of application that individuals need to prepare in order to compete.
- At a minimum, however, each application must contain a business plan covering the contestant's proposed product or service and must satisfy the Challenge criteria identified by SBA in the [Challenge Rules](#) and *Question 2* above.
- The local competitions will be administered solely by the local host organizations and will be judged by individuals selected by each host in their sole discretion. ***However, no individual acting as a judge at any stage of this Challenge may have personal or financial interests in, or be an employee, officer, director, or agent of any contestant or have a familial or financial relationship with a contestant.***
- Host organizations will also publicize the competition locally. Host organizations should notify SBA of the date and location of the local competitions for the purposes of publication at www.sba.gov/InnovateHER.
- Once the local competition is completed, but in any event **no later than December 3, 2015**, host organizations must submit one winner from the local competition along with a Nomination Package to SBA through the www.Challenge.gov website. The Nomination Package must contain all of the following:

 - a. A Business Plan from the winning individual/team (**maximum length**: 20 pages, including attachments)
 - b. A signed Statement of Support prepared by the host organization that explains why the winner of the local competition best satisfied the Challenge criteria and presented the greatest potential for success (**maximum length**: 2 pages).

- **Each host organization is responsible for preparing the complete Nomination Package, including obtaining a copy of the relevant Business Plan from the winner and ensuring that the full package is timely submitted to the SBA via the www.Challenge.gov website.**
- SBA will reject any nomination package submitted to the SBA by an organization that has not been officially approved by SBA to participate in the InnovateHER Challenge.

19. Once my organization submits a Nomination Package for a semi-finalist winner, what is the process for selecting Finalists?

- In the semi-final round of the Challenge, SBA will review the Nomination Packages submitted by the local competition host organizations and select up to 10 Finalists whose products or services, in SBA's sole judgment, best satisfy the Challenge criteria and present the greatest potential for success.
- In addition, in order to achieve nationwide distribution of prizes for the purpose of stimulating the growth and development of new products and services across the entire United States and across a diverse range of project types, SBA may take into account nominees' geographic locations when selecting winners, including support to geographic regions that traditionally have limited access to capital, as well as diversity in the types of products and services.
- **Finalists selected by SBA will be required to sign a form certifying that they meet the eligibility requirements identified in Paragraph 2 above and have complied with these [Challenge Rules](#).** SBA may work with the host organization to help obtain this certification.
- Each Finalist will be offered the opportunity to participate in the InnovateHER Final Challenge to be held on March 17, 2016 in the Washington, D.C. metro area, where they will make a live marketing pitch to a panel of expert judges drawn from the private sector.
- The panel of judges from the private sector will select the three Finalists whose pitches, in their sole judgment, best satisfy the Challenge criteria and present the greatest potential for success and rank them in descending order.
- Finalists will be responsible for covering their own travel costs for the national competition.

20. Can an organization submit a nomination package directly to SBA without holding a business competition?

- No. The selection of a local winner from the first round of the Challenge must result from a local business competition.
- Each host organization will determine the type of local competition that best identifies the most innovative and entrepreneurial business ideas, including the type of application that individuals need to prepare in order to compete.
- At a minimum, however, each application must contain a business plan covering the contestant's proposed product or service and must satisfy the Challenge criteria outlined by SBA above.
