1.2 Introduction

The Small Business Development Centers (SBDC) Program is the U.S. Small Business Administration’s (SBA’s) largest matching grant-funded program providing quality service to the small business community. The SBDC Program has 62 Recipient Organizations - one in each state (with the exception of four regional SBDC networks in Texas and five Recipient Organizations comprised of six regional SBDC networks in California), the District of Columbia, Puerto Rico, the Virgin Islands, Guam and American Samoa. The Recipient Organization is responsible for establishing a Lead Center and a network of Service Centers to cover its designated area of service. The SBDC Program links the resources of Federal, state and local governments with the resources of the educational community and the private sector to provide assistance to the small business community. In partnership with SBA’s Office of Small Business Development Centers (OSBDC) and District Offices, SBDCs develop business counseling and training programs, informational tools and other services that enhance the economic development goals and objectives of SBA, in their respective service areas and their local funding partners.

1.3 Background

Since its inception in 1953, SBA has served to aid, counsel, assist and protect the interests of small businesses. While SBA is best known for its financial support of small businesses through its many lending programs, the Agency also plays a critical role in providing funding to organizations that deliver technical assistance in the form of counseling and training to small business concerns and nascent entrepreneurs in order to promote growth, expansion, innovation, increased productivity and management improvement. The mission of SBA’s OSBDC, which bears responsibility for administering and overseeing the SBDC Program, is to provide assistance to the small business community by linking the resources of Federal, state and local governments with the resources of the educational community and the private sector.

1.4 Purpose

Eligible organizations, as defined in Section 3.2, may apply to SBA for an award of financial assistance under this Funding Opportunity to fund an existing statewide or regional SBDC Program. SBDC Programs deliver professional, high quality, individualized business advising and technical assistance to existing small businesses and pre-venture entrepreneurs. SBDCs shall provide problem solving assistance to help small businesses access capital, develop and exchange new technologies, and improve business planning, strategy, operations, financial management, personnel administration, marketing, export assistance, sales and other areas required for small business growth and expansion, management improvement, increased productivity and innovation.

1.5 Leveraging of Resources

Applicants selected for awards under this Funding Opportunity are required to maximize their efforts to leverage SBA funding by working in conjunction with SBA District Offices and other Federal, state, local and tribal government small business development programs and activities; SBA resource partners such as SCORE, Women’s Business Centers (WBCs), Veterans Business Outreach Centers (VBOCs), 7(j) Technical Assistance providers, Small Business Investment Companies (SBICs), U.S. Export Assistance Centers

(USEACs), Certified Development Companies (CDCs) and SBA lenders; universities, colleges, and other institutions of higher education; and private organizations such as chambers of commerce and trade and industry groups and associations.

1.6 SBA Involvement and Oversight

The SBDC Program is managed by the Associate Administrator for Small Business Development Centers (AA/SBDC) at SBA headquarters. OSBDC shall assign a Grants Management Officer (GMO) to review the budget and all fiscal documentation for compliance with applicable Federal and program requirements and issue the Notice of Award. A Program Manager within OSBDC serves as the Grants Officer's Representative (GOR) responsible for overall monitoring and oversight of the Recipient's SBDC Program award, including compliance with the terms of the Cooperative Agreement and program service delivery and performance. The SBA District Office will review the proposal for Agency priorities and performance goals and will designate a Project Officer (PO) to conduct delegated grant monitoring activities on behalf of OSBDC. SBA will also conduct biennial financial and programmatic examinations of each SBDC Recipient, as required by statute. Performance goals are established by OSBDC and are not negotiated by the District Office.

1.7 Changes or Cancellation

SBA reserves the right to amend or cancel this Funding Opportunity, in whole or in part, at the Agency's discretion. Should SBA make material changes to this Funding Opportunity, the Agency will extend the closing date as necessary to afford Applicants sufficient opportunity to address such changes.

2.0 Section II – Award Information

2.1 Estimated Funding

SBA expects to issue awards based on the funds appropriated. The federal budget for the SBDC Program for program year 2020 was \$135,000,000. Section 21 (a)(4)(C) of the Small Business Act sets forth a formula by which funds are to be distributed. Given the challenges of trying to submit an accurate network budget prior to the Federal Government completing the budget process, OSBDC is implementing a six network pilot-transition program awarded in Fiscal Year (FY) 21 where six fiscal year SBDC Networks will transition to the calendar-year (CY) cycle. This transition will enable the six FY-cycle pilot SBDCs to draft their annual budgets against the CY cycle, which starts in January when the exact Federal budget is likely already known. If the pilot is a success, then OSBDC will continue transitioning the remaining 16 FY SBDCs until all 62 networks are operating on a CY cycle. In the meantime, the remaining 16 FY SBDCs, not included in the pilot, may craft their annual budget against last year's SBDC budget of \$135,000,000.

In the event that SBA is operating under a Continuing Resolution (CR) at the time of award, funding will be available during the period of the CR to the extent that funds are provided to the SBA for this purpose by the Office of Management and Budget (OMB). The amount available under the period of the CR may be less than the pro rata total anticipated amount of award.

Subject to the availability of funds and compliance with the terms and conditions of the Cooperative Agreement, SBA has the discretion to increase the award to an amount consistent with the authorized funding level under the federal appropriations law.

2.2 Expected Number of Awards

SBA anticipates making no more than 16 fiscal year awards and 46 calendar year awards for a total of 62 awards under this Funding Opportunity.

2.3 Period of Performance/Budget Periods

The period of performance for this award is two years.

2.3.1 Project Start Dates

The project start dates are:

- October 1, 2020, for states/regions responding to Funding Opportunity No. OSBDC-2021-01 for FY 2021; and
- January 1, 2021, for states/regions responding to Funding Opportunity No. OSBDC-2021-02 for CY 2021.

2.3.2 Continuation of Funds

SBA intends to award continuation funding to the Recipient under subsequent annual SBDC Cooperative Agreements for future fiscal/calendar years, subject to continued program authorization, availability of funds, satisfactory performance and the continued interest of the Recipient Organization. However, an SBDC may not receive continued funding if there has been a clear showing of poor performance, as measured by SBA. Poor performance is indicated by unsatisfactory oversight reviews (programmatic and/or financial), accreditation issues, improper or insufficient activity affecting the operation and integrity of the SBDC and/or a failure to follow the rules and procedures set forth in the statute, regulation and/or Funding Opportunity. See [13 C.F.R. Part 130.700](#).

2.3.3 Intent to Renew

SBDCs wishing to exercise a renewal option must email the Letter of Intent to Renew to their assigned OSBDC Program Manager by the date listed on the SBDC Applicant's Timeline in Section 4.4 of this Funding Opportunity.

2.4 Funding Information

- Funds provided under the SBDC Program must be used solely for the purposes stipulated in this Funding Opportunity and the Notice of Award and may not be commingled with any other monies. All costs proposed in an Applicant's budget must meet the tests of allowability, allocability and reasonableness set forth in the Office of Management and Budget (OMB) Uniform Guidance at 2 C.F.R. Part 200, Subpart E.
- Reimbursement of indirect costs from Federal funds will be capped at a maximum of 20 percent, regardless of the amount stipulated in an Applicant's indirect cost rate (ICR) Agreement.
- Reimbursement is the preferred payment method for the SBDC Program. The submission of a Standard Form 270 (SF-270) is required at least quarterly, but not more frequently than monthly.

2.5 Funding Instrument

The funding instrument is a cooperative agreement.

2.6 Matching Requirement

- The organization receiving the Cooperative Agreement is required to match Federal funds on a 1:1 ratio. Non-Federal matching funds may take the form of cash or cash equivalent, in-kind donations provided by a third party or unreimbursed indirect costs (i.e., waived indirect).
- Cash match in an amount not less than 50 percent of the Federal funding is required. The remainder may be in the form of additional cash or in-kind contributions, and/or waived indirect costs. See [13 C.F.R. Part 130.450](#).

- No portion of the match may be from federal sources, with the exception of applicable Community Development Block Grant (CDBG) funds. See Section 4.1.6.2 on use of CDBG funds for SBDC activities.
- Program income (e.g., fees collected from clients and/or attendees for training) may not be used as a source of matching funds.

2.7 Insular Area Territory Match Waiver

The SBA has the authority, per U.S. Code Title 48 – Territories and Insular Possessions, Chapter 10 – Territorial Provisions of a General Nature, Section 1469a(d) – Congressional declaration of policy respecting “Insular Areas”, to waive any requirement for matching funds otherwise required by law to be provided by the Insular Area involved. Additionally, § 601 of Pub. L. No. 96-205 and § 6 of Pub. L. No. 98-213 together mandate that “notwithstanding any other provision of law, in the case of the Virgin Islands, American Samoa, Guam, and the Northern Mariana Islands, any department or agency shall waive any requirement for local matching funds under \$200,000...”

For the Core SBDC Grant, the Associate Administrator for the Office of Small Business Development Centers will, upon written request, waive the match requirement for the first \$199,999.99 for American Samoa, Guam and the Virgin Islands Small Business Development Centers (SBDCs).

The Insular Area Territory SBDCs are required to provide a 1:1 match that must include at least 50 percent in cash with the remainder consisting of a combination of cash, in-kind and non-reimbursed Facilities and Administrative costs (i.e., waived indirect costs) on all Core SBDC grant funds of \$200,000 and above.

The Core-Grant Insular Area Territory Match Waiver **must be requested in writing**, prior to the submission of the renewal application package, and transmitted through the OSBDC Program Manager. The Core-Grant Insular Area Territory Match Waiver will not apply retroactively to previous, ongoing or expired grants and is not transferable to other non-SBDC funding opportunities from SBA.

3.0 Section III – Eligibility Information

3.1 General

An organization may NOT submit more than one proposal per geographic community in response to this Funding Opportunity.

- **Program Objectives**

SBDCs must include a brief summary of major program objectives and ongoing programs, highlighting any new programs, special projects or activities, with particular reference to planned activities for the program year that seek to address SBA's important priorities as listed in Section 5.2.

To facilitate the core award Proposal review, categorize the information on planned program objectives and activities using the reporting categories listed in Section 6.3. as noted in the table columns. Success stories should not be included in the proposal.

In addition to planned activity described within these categories, the Proposal must include the following:

- a) Planned service volume and changes, if any;
 - i. Counseling: List prior year total counseling hours and counseling clients for the Network for activities funded from core award funds and discuss any anticipated changes for the upcoming project period; and

- d) Customer Satisfaction: describe the Network's plan to collect customer feedback on SBDC services and rate achieved in most recent client satisfaction survey.

- **Online Client Services**

SBA views the use of web-based technology as a means to increase outreach within existing budgets, to access populations or areas otherwise difficult to reach, and to offer services 24/7 when appropriate. Where possible and to reduce duplicative efforts, SBA's Learning Center should be used for online training at www.sba.gov/learning.

- **SBDC Operating Hours and Scheduled Closures**

Provide a list of scheduled holidays and planned closures for the Lead Center and each Service Center. SBDC Lead Center and Service Centers must be accessible to the public during normal business hours throughout the year except for the scheduled closures listed in the Proposal. Emergency closures must be reported in writing or by email to the SBA Project Officer and OSBDC Program Manager as soon as possible.

Veterans, women, minorities and Native Americans should be represented, as appropriate. The SBA District Director should be a non-voting member.
- b. Include a description of the Board's responsibilities and provide the date of the Board's last meeting. There should be regular periodic meetings each year.
- c. The reasonable cost of travel of any board member for official board activities may be paid out of the SBDC's budgeted funds and must follow the Recipient Organization's policy for per diem and related travel costs. See Funding Restrictions in Section 4.1.5 for additional guidance.

- **Conflict of Interest Policy**

Include a copy of the SBDC's current conflict of interest policy for the SBDC Network. Each SBDC Network must have a written conflict of interest policy that

is signed annually by all employees, consultants, instructors and volunteers of the SBDC Network. The policy must include enforceable elements safeguarding the SBDC Program from actual or apparent conflicts in accordance with 2 C.F.R. § 2701.112.

- **Training**
Provide a list of the types of training to be offered during the budget period. The Lead Center is expected to provide the SBA Project Officer with a quarterly calendar of SBDC trainings or with electronic access to comparable information.
- **Personnel Resumes**
Attach résumés for any new key personnel directly employed by the SBDC (i.e., Lead and Service Center Directors or managers, managers of specialty centers and programs, such as for technology or international trade and PIMS designee) since the start of the last program year. If not stated on the résumé, please indicate the person's current position in the SBDC Network. Do not include résumés for trainers, counselors or support staff. Do not include résumés for CARES Act staff not charged to core award funds.
- **Activities Supported with Program Income**
Describe planned activities that will be supported with SBDC program income during the performance period and estimated cost. Program income must be used to expand the quantity or quality of services, resources or outreach provided by the SBDC Network. Planned expenditures from program income are subject to OMB Uniform Guidance and SBDC program rules and requirements as set forth in 13 C.F.R. § 130.480. However, do not include program costs supported with program income on the Application, Network budget summary or budget justifications.
- **Funds Managed Outside the Cooperative Agreement**
Fully describe any other federal or state small business assistance programs, contributions or grant funds (excluding foundation accounts) managed by the SBDC Lead Center outside the SBA Cooperative Agreement (e.g., PTAC and MEP programs). Include the source and amount of funds provided by each organization and the purpose for which the funds have been provided.

In accordance with [15 USC § 648\(a\)\(5\)](#), before bidding on another federal contract, the SBDC must receive approval from the AA/SBDC as to the subject and general scope of the project. SBDC Lead Centers may not manage other funds, regardless of funding source, when the scope of activity is inconsistent with this Funding Opportunity.

The SBDC must maintain an updated list of funding sources and amounts for each source of funds received by the SBDC Network including grants, contracts and contributions. In addition, for each source of funds, documentation regarding the name and phone number of the donor/contractor/grantor, the amount of funding, the intended purpose and any requirements, stipulations or deliverables must be maintained and made available during the biennial financial examination process.

SBDCs managing other small business programs outside the SBA Cooperative Agreement must maintain separate accounting/financial records to ensure a clear audit trail for the funds provided under the SBDC Cooperative Agreement.

- **Micro-purchase and the Simplified Acquisition Thresholds for Grantees for Financial Assistance**

The SBDC Lead Center acknowledges they are adhering to OMB Memo M-18-18 Micro-purchase and Simplified Acquisition Thresholds for Grantees including the Service Centers. If the Lead Center has any contracts greater than \$10,000 (excluding the Service Center contracts) they should provide a statement as Attachment #14 that would include a list of each contract above \$10,000, the three quotes for each contract and a justification if they do not go with the lowest bidder. If they have contracts above \$250,000, they must follow the competitive bid process and submit the contract for prior approval. (See also Section 5.1.8 for Prior Approvals.)

For a University Host to use an increased micro-purchase threshold above \$10,000, the university must obtain written approval from their cognizant agency for indirect cost. The National Defense Authorization Act for Fiscal Year 2017 (2017 NDAA), which provides this authorization, does not provide blanket authority. Each SBDC would need to seek approval from their cognizant agency based on OMB guidance and the 2017 NDAA.

In keeping with OMB guidance, under authorization provided by the 2017 NDAA, the University has to meet one or more criteria:

- a. Provide a clean single audit finding, or
- b. Must have an acceptable internal risk assessment, or
- c. The threshold must be consistent with State law for public institutions

The increased micro-purchase threshold will remain in effect until:

- a. The indirect cost rate agreement with the cognizant agency expires. (The university will need to seek approval again from their cognizant agency for indirect cost.); or
- b. New guidance is issued by the Office of Management and Budget; or
- c. New legislation changes the micro-purchase threshold.

The SBDC should submit the approval from their cognizant agency for indirect cost in Attachment #14. If approval is obtained after the close of this funding opportunity, the documentation can be submitted at any time to the Program Manager and the Grants Management Specialist. SBA will review the documentation and, if sufficient, include the approval of the higher threshold in the Notice of Award or a subsequent modification of the Notice of Award.

The approval to use an increased threshold only applies to the host university and not to each Service Center. For a Service Center to use an increased threshold, those universities would also need to follow the same procedure to obtain approval from their cognizant agency for indirect cost and provide that documentation to the

SBDC Lead Center office. The SBDC Lead Center will be responsible for ensuring Services Centers are also following the guidelines for the micro-purchase threshold.

4.1.1.2 Planned Milestones Worksheet:

Complete all sections of this worksheet and include as Attachment #3 to the Proposal. In Section 5 include requested information for all matching funds included in the proposed budget. In Section 6, list goals for the SBDC Network for Jobs Supported (JS), New Business Starts (NBS), Unique Clients Served (UCS)-and Capital Infusion (CI) on the last line of the worksheet, and indicate performance goals that the Lead Center has established for each Service Centers and/or specialty programs on the lines above. If the Lead Center does not establish performance goals for Service Centers for JS, NBS, CI, and/or CS please indicate use “not goaled” in each column. Use the last column to indicate other key metrics for each Service Center, if applicable. The worksheet is available from OSBDC at: [SBDC Forms and Worksheets](#).

4.1.1.3 SBDC Network Listing:

Provide a list of all service locations by name, host institution, key contact, physical address, phone number and PIMS location code. Identify the Lead Center, and indicate whether each location is a Service Center, specialty center or satellite location. Refer to Definitions in Section 8.1. Each Service Center must have a separate PIMS location. However, do not request PIMS location codes for satellite locations or other part-time service delivery sites. The location ID code for each Center is issued through the PIMS system and directly affects the SBDC’s ability to report program activity to the SBA’s data collection system (EDMIS); therefore, it is vital to keep the information in this system current. Guidance on maintaining PIMS is in Section 6.3. See Notice of Award, Terms and Conditions.

4.1.2 Cost Proposal

Information on proposed project costs must be provided through the completion or submission of the following:

- a. Application for Federal Assistance (SF-424). Included in Grants.gov package;
- b. Budget Information - Non-Construction Programs (SF-424A). Included in Grants.gov package;
 - In Section B of SF-424A, line 6 g titled “Construction” shall be used for Consultant costs as described in the SBDC Budget Justification Instructions Section 4.1.2.3.
- c. SBDC Cost Price Analysis and Budget Justifications available from OSBDC’s webpage at: [SBDC Forms and Worksheets](#);
 - Include a separate budget justification form with required cost detail for the Lead Center and each subcontracted Service Center.
 - Personnel lists must include each person’s name, position, salary and percent time budgeted to the SBDC Program. When listing a person’s position, please clearly indicate if such people serve as technology, international trade or other specialty advisors/trainer for the SBDC (e.g., Trade Center Director, Trade Advisor, Technology Consultant, General Business Consultant, etc.).

- Applicant may use their own budget justification form, as long as the Applicant's format includes ALL budget detail required in OSBDC's template and the guidance herein. If the Applicant chooses to use their own budget justification format (i.e., not the OSBDC form) it must ALSO include a separate 424A for the Lead Center and each subcontracted Service Center.
- d. Budget Narrative;
- If all required cost detail is not shown on the SBDC budget justification and personnel list, include a separate budget narrative for the Lead Center and each subcontracted Service Center.
- e. Indirect Cost Rate (ICR) Agreements, negotiated with the cognizant Federal Agency;
- Provide a complete signed copy of the current ICR Agreement for the Lead Center and each subcontracted Service Center that plans to claim indirect costs.
 - Organizations that have never had an ICR Agreement with a Federal Agency may utilize the 10% de minimis rate as provided in 2 C.F.R. Part 200.414. The de minimis rate may not be used by organizations that have an expired ICR.
- f. Schedule of Indirect Cost Worksheet; and,

4.1.2.1 Budget Preparation

OSBDC will provide SBDCs with projected funding levels to be used in budget preparation.

- Budget information must describe the financial resources contributed by the Applicant. The amount and source of funds provided as match must be clearly indicated, in Box 18 of SF-424, and the budget summary SF-424A, Lead Center and each subcontracted Service Center budget justification forms must clearly indicate which program costs will be paid by Federal dollars, cash, in-kind and waived indirect. Applicants must show how the value of each in-kind match contribution is determined. This applies to costs incurred by Service Centers as well as Recipient costs.
- In addition, matching funds included in the budget information must also be listed by amount and contributor (i.e., state, university, private sector) in Section 5 of the Planned Milestones worksheet required as part of the Technical Proposal. See Section 4.1.1.2.
- Applicants must NOT include SBDC program income, nor unspent program funds from prior budget periods (carryover requests) on the Application SF424, Budget

Information SF-424A or SBDC budget justification forms submitted in response to this Funding Opportunity. Planned program income expenditures should be described instead as part of the Technical Proposal. See Section 4.1.1.1 for guidance. Specifically:

- Leave BLANK and do not include program income on the line f in Box 18, “Total Estimated Funding” of the SF-424;
- Leave BLANK line 7 for “Program Income” on the SF-424A; and
- Do NOT include program income costs in the detailed budget justification.

4.1.2.2 Subrecipient Costs (Subcontracted Service Centers)

An Applicant may contract with other entities to deliver SBDC services and must include a provision in the subrecipient agreement to comply with the Uniform Guidance in 2 CFR 200 and all appropriate flow-down provisions.

If an Applicant proposes to use subrecipients for delivery of SBDC client services (also referred to herein as subcontracted Service Centers), it shall include the subrecipient costs in the Contractual budget element on the SBDC Network’s SF-424A Budget Summary form, and provide separate detailed budget justifications, with a line item breakout for Federal dollars, cash match, in-kind and indirect costs associated with the SBDC services to be provided by the proposed subrecipient organization. If the subcontracted Service Center proposes its own contractual costs (sub-subcontracts), it must provide supporting budget details such as a statement of work, the number of hours and rate of pay must be provided for each contractor.

For those SBDCs operating separate International Trade Centers (ITCs), Technology Centers or other specialty centers as part of the Cooperative Agreement, the Proposal must identify each Service Center’s specialty designation. An Applicant may substitute its own forms or spreadsheets in place of the SBDC Budget Justification Worksheet so long as it includes all of the information requested in Section 4.1.2.3.

4.1.4.1 Treatment of Proposal Information

If the SBDC’s Proposal contains confidential data, such information will be treated in accordance with Part 102 of SBA’s regulations. See [13 C.F.R. Part 102](#).

4.1.4.2 Treatment of Client Information (Privacy Requirements)

Unless otherwise specified, all financial, statistical, personnel and/or technical information and data furnished, produced or otherwise made available to the SBDC by its small business customers during the performance of this Agreement shall not be used for purposes other than performance of work under this Agreement. The above information received by the SBDC may be privileged and must not be released or disclosed by the SBDC without the prior written consent of the client unless otherwise required by law. If such information is requested in a legal proceeding, the SBDC must take the necessary precautions and legal recourse to protect privileged information.

15 U.S.C. § 648(a)(7) provides that client information can only be made available to SBA for legal enforcement action and financial audits. However, SBA is also allowed access to client data for

obtaining program activity information or conducting client surveys. For clients who have responded “yes” to Question 11 in Part I of SBA Counseling Information Form 641, the SBDC shall provide the information and data contained in Part I along with the small business name every 90 days. SBA will safeguard client and customer Personal Identifiable Information (PII).

No files or records will be removed from the premises of any government agency with which the Recipient may work without the approval of the agency in possession of such documents. Publication of any information will be in accordance with [2 C.F.R.200.333-.337](#).

Except where a client consents in writing or as directed by SBA per the statute cited above, SBDCs are not permitted to disclose any client information to a third party (or share such information with other units of your organization not directly involved in the conduct of this project).

4.1.5 Funding Restrictions

4.1.5.1 Administrative Requirements and Cost Principles

SBDCs are governed by the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, codified at 2 C.F.R. Part 200.

4.1.5.2 Budget Preparation & Funding

Specific items of cost may be included in the Proposal and considered allowable under the additional conditions and requirements set forth below.

1. Travel

All travel performed as part of this Agreement must be in accordance with SBDC program objectives and in compliance with the Recipient's travel policy and governed by OMB Uniform Guidance at 2 C.F.R. § 200.474. To obtain Prior Approval through this Proposal for travel outside of the Service Area, all pertinent details must be provided as indicated under Section 4.1.2.3(c).

Prior approval for travel is limited to the following types of trips:

- Any travel by state/local/tribal government officials; and
- Out-of-state travel by SBDC employees only if they will be providing assistance to businesses in that other state.

2. Payment of Dues

The proposed budget must show amounts estimated for payment of memberships, subscriptions and dues for business, technical and professional associations, including the ASBDC. Costs proposed for membership in any civic or community organization, however, must be justified in terms of the benefit to the SBDC derived from this expenditure. All other requirements of 2 C.F.R. § 200.454 apply. In addition, all memberships purchased with project funds must be in the name of the SBDC Program rather than in the name of an individual.

Lobbying

There is a broad federal restriction on all grantees of the Federal Government, which prohibits the use of federal appropriated funds to lobby Congress or agencies concerning certain specified federal actions [31 U.S.C § 1352](#) (also known as the Byrd Amendment). In addition, OMB's

Uniform Guidance at 2 C.F.R. § 200.450 provides that lobbying activities are generally unallowable costs and defines unallowable activities as well as the limited activities that are allowed. This prohibition includes lobbying during the ASBDC Spring Conference.

3. Indirect Costs and Overhead

To propose and subsequently claim indirect costs, Applicants must furnish their current indirect cost rate (ICR) Agreement:

- As negotiated with their cognizant Federal Agency;
- Certified by their state governmental unit and approved by their cognizant Federal Agency; or
- A rate approved by SBA.

ICR Agreements for participating Service Centers must also be submitted.

Entities currently without an ICR Agreement negotiated with another Federal Agency may request that the SBA Project Officer provide an SBA ICR Agreement (at 24% of Modified Total Direct Costs) to be used exclusively for the SBDC program. For entities using an SBA provided ICR Agreement, the following terms apply:

- These terms listed herein are to assist in identifying and clarifying those costs considered to be “general administrative and general expenses” noted in 2 C.F.R. § 200. They form the basis for this SBA ICR Agreement and subsequently may not also be included as direct costs against the award when the SBDC ICR Agreement is used;
- Cost pools underlying the ICR Agreement include personnel compensation and benefits for positions or for activities which are not: a.) In direct support of the SBDC Program goals and objectives, **and** b.) Under the direction or supervision of the key person identified in the Cooperative Agreement as responsible for program performance at the respective host entity;
- Examples include, but are not limited to, those expenditures allocable to human resources and accounting departments, sponsored project staff, corporate marketing staff, controllers, deans, chief executives and presidents of colleges and universities; and,
- Non-personnel costs such as audits, supplies, materials, insurance and other services and operating costs allocable to administrative departments and to the activities of the host entity are considered part of the “general and administrative cost pool” and thus may not also be directly charged.

Only SBDC Program funds allocated for direct costs may be used to determine the allowable reimbursed or waived indirect cost. Any Agreements subsequently negotiated with a Federal Agency will supersede the SBA Indirect Cost Rate Agreement.

If the Applicant or participating subcontracted Service Center has never had an approved ICR and its budget includes indirect costs, it may utilize a de minimis rate of 10% of Modified Total Direct Costs (to include federal and non-federal) until the non-Federal entity can provide a copy of a current indirect cost rate agreement either through the SBA or from another cognizant Federal Agency. This rule does not apply to organizations that have an expired ICR Agreement.

The negotiated indirect cost rate in effect at the time of the initial Proposal will be used for the budget period covered by the Proposal. If a provisional indirect cost rate is in effect at the time the proposal is submitted and it has been more than one year since the date the provisional rate became effective, the SBDC must furnish OSBDC with documentation showing that they have made an effort to negotiate a final rate.

When making new sub-awards, administrative costs incurred for establishing technical needs, determining qualified candidates, issuing requests for bids, evaluating replies and selecting an awardee may be claimed as indirect costs according to 2 C.F.R. Part 200, Appendices III and V. The Circular allows these incremental Facilities and Administrative (F&A) costs on the first \$25,000 to be claimed one time in the indirect cost base for each subcontract or sub-award. It is not appropriate to claim these costs when obtaining annual funding to continue the sub-award. These costs only may be claimed when an open, competitive bidding process was involved in issuing the sub-award that included the aforementioned administrative costs.

Indirect costs cannot be claimed for the Lead Center or for subcontracted Service Centers that do not submit approved ICR Agreements for the proposed funding period. Indirect costs cannot exceed the amount allowable under the approved ICR Agreement submitted with the proposal. F&A costs may not otherwise be charged, directly or indirectly, to the Cooperative Agreement or claimed as non-cash match contributions except as described here. Applicants must indicate the name of the host institution and whether the on or off campus indirect cost rate should be applied for each center where indirect costs are claimed. Please use the updated OSBDC Schedule of Indirect Costs worksheet to provide this information. The worksheet is available on OSBDC's webpage: [SBDC Forms and Worksheets](#).

4. Justification of Costs

All costs proposed require justification and narrative explanation for the Lead Center and each subcontracted Service Center. All proposed costs must be included in the specific line items and fully justified. All forms contained in the financial application package must be completed accurately and in full.

5. Supplies, Printing and Costs Related to SBDC

Generally, promotional items are not an allowable expense using SBDC Program funds (including program income). Promotional items are objects such as gifts, memorabilia, awards, mugs, and any other item which does not have a specific direct benefit to the SBDC. See 2 C.F.R. § 200.421 e (3). However, costs proposed for printing the SBDC logo on SBDC training supplies such as pens, notepads or flash drives (which contain course material), etc. are allowable. Certain promotional items (e.g., clothing imprinted with the SBDC logo) may be charged to Program funds on a case-by-case basis and should be listed in detail in the Proposal. OSBDC will review such proposed costs on a case by case basis to determine reasonableness and allowability. The OSBDC Grants Management Specialist may request further information if required to make this determination. This Section does not include advertising materials specifically allowed in OMB Cost Principles at 2 C.F.R. § 200.421.

6. Miscellaneous or Contingency Costs

No miscellaneous or contingency costs may be included in the budget. Contributions to a contingency reserve or any similar provision made for unforeseen events are unallowable.

7. Subcontracting

All subcontracting awarded as a result of this Agreement will be in accordance with 2 C.F.R. § 200.317-.332.

8. Proposal Costs

This request does not commit the Federal Government to pay any costs incurred in the submission of a proposal.

9. State/Regional Advisory Board Compensation

With the exception of travel costs, compensation for the State/Regional SBDC Advisory Board members is not allowed. This includes compensation reimbursed from Federal funds or donated by the Advisory Board member and used as non-cash match (in-kind).

10. Improvements to SBDC Facilities

If minor construction/physical improvement to SBDC facilities is proposed, Applicant must provide justification for use of program funds, estimated costs and facilities or lease agreement or other documentation from property owner.

4.1.6 Financial Guidelines

4.1.6.1 Use of Program Income

Program income must be used to further the objectives of the SBDC Program and cannot be used for other purposes. Expenditures from program income are subject to OMB Uniform Guidance and SBDC Program rules and requirements as set forth in 13 C.F.R. § 130.480. SBDCs must expend any program income exceeding 25 percent of the SBDC's total budget (SBA Federal funds and matching funds) by year end. Any remaining program income may be carried over to subsequent budget periods to be used to further program objectives. SBDC Program recipients are responsible for establishing a separately identifiable program income account to facilitate financial reporting. All program income must be reported on SBA Form 2113 (Program Income Report) and the SF-425. The SBDC will include as an attachment to the SF-425, the SBA Form 2113 and Form 2113 Worksheet and a narrative description of how program income was used to further program objectives.

4.1.6.2 Cash Match Requirement

Each SBDC Applicant must ensure that no less than 50% of the required match funding will be in cash. Cash match contributed by the Applicant organization or Service Center must be committed as part of specific direct cost line items (e.g., personnel services, fringe benefits, consultants) must be verified by the Certifying Representative prior to funding. This cash outlay may not be allocated to indirect costs.

Further, the cash match shall not include: a.) Funds contributed from other Federal sources [see exception below]; b.) Program income or fees collected from recipients of assistance, whether collected by the Lead Center, Service Centers or any other participants in the SBDC Network; or c.) Amounts committed by the Applicant organization for unidentified and/or contingent costs in the cost proposal.

There is one exception to the disallowance of Federal funds as cash match. Community Development Block Grant (CDBG) funds received from the Department of Housing and Urban Development (HUD) are allowed when: a.) The SBDC activities are consistent with the authorized CDBG activities for which the funds were granted; and b.) The CDBG activities are identified in the Consolidated Plan of the CDBG grantee or in the Agreement between the CDBG grantee and the subrecipient of the funds.

The cash match must be committed up front and identified by source and amount in the SBDC cost proposal. The cash match account (as well as SBA Federal funds) allocated to the SBDC Program, must be under the direct management of the SBDC Lead or Service Center Director. However, SBDC organizations are not required to establish separate bank accounts solely for SBDC purposes. The availability of this cash contribution for SBDC program operations must be certified by the official from the Applicant Organization who signs the Federal Assistance Form (SF-424).

If the state is providing part of the cash match, the Certifying Representative must verify that these funds have been appropriated prior to award of the Cooperative Agreement. However, in situations where state appropriation cycles prohibit total compliance prior to award of the Cooperative Agreement, the Certifying Representative shall verify that sufficient upfront cash match will be available from the state or other sources, prior to any withdrawal of federal funds.

4.1.6.3 Allocation of Federal Funds to Direct Costs

SBA requires that at least 80 percent of federal dollars provided through the Cooperative Agreement be allocated to the direct costs of the Program.

4.2 Submission Instructions

Applicant must submit an electronic copy of the Proposal to the SBA District Office for review approximately one week before the submission to Grants.gov. All proposals (narratives and forms) must be submitted electronically via the government-wide financial assistance portal www.grants.gov.

NO OTHER FORMS OF SUBMISSION WILL BE ACCEPTED. All required forms are provided in the Grants.gov application package for this Funding Opportunity. Specific instructions for obtaining, completing and submitting an application via Grants.gov, including animated tutorials, may be found at: www.grants.gov.

In order to submit an application via Grants.gov, an organization is first required to:

- Have a Data Universal Numbering System (DUNS) number;
- Be registered with the System for Award Management (SAM); and
- Have a Grants.gov username and password.

The process for meeting these three pre-submission requirements may take several days to complete. Additionally, Applicants may have to download or upgrade their software in order to utilize Grants.gov.

Applicants should not wait until the closing date to begin the submission process in order to avoid unexpected delays that could result in the rejection of an application.

Information about the Grants.gov registration process can be found at www.grants.gov. Applicants must register as organizations, not as individuals. Organizations already registered with Grants.gov do not need to re-register. However, all registered organizations must keep their SAM registration up to date. The legal name, including Doing Business As (if any), and address on the Application and in SAM must be the same.

As part of the Grants.gov registration process, an Applicant must designate one or more Authorized Organizational Representatives (AORs). AORs are the only individuals who may submit applications to Grants.gov on behalf of an organization. If an application is submitted by anyone other than a designated AOR, it will be rejected by Grants.gov and cannot be considered for funding.

Once an application is submitted, it undergoes a validation process through which it will be accepted or rejected by the Grants.gov system. The validation process may take 24 to 48 hours to complete. Applicants should save and print written proof of an electronic submission made at Grants.gov. Applicants can expect to receive multiple emails regarding the status of their submission. The first email will confirm receipt of the application. The second email will indicate that the application has either, been successfully validated by the system and assigned an SBA tracking number, or it has been rejected due to errors. An Applicant will receive a third email once SBA has downloaded its application from Grants.gov for review in accordance with Section 5.3.

If Grants.gov notifies an Applicant via email that its application contains an error, the Applicant must correct the noted error(s) before the system will accept and validate the application. Applicants that choose to submit on or close to the closing date are advised they may not receive email notification of an error with their applications until after the submission deadline, and thus will not have an opportunity to correct and resubmit their applications.

APPLICATIONS THAT ARE REJECTED BY GRANTS.GOV WILL NOT BE FORWARDED TO SBA AND CANNOT BE CONSIDERED FOR FUNDING. It is the Applicant's responsibility to verify that its submission was complete, received and validated successfully at Grants.gov. To check on the status of your application and see the date and time it was received, log on to Grants.gov and click on the "Track My Application" link from the left-hand menu.

If you experience a technical difficulty with Grants.gov (i.e., system problems or glitches with the operation of the Grants.gov website itself) that you believe threatens your ability to submit your application a.) Print any error message received; and b.) Call the Grants.gov Contact Center at 1-800-518-4726 for immediate assistance. Ensure that you obtain a case number regarding your communications with Grants.gov. NOTE: Problems with an Applicant's own computer system or equipment are **not** considered technical difficulties with Grants.gov. Similarly, an Applicant's failure to a.) Obtain a DUNS number or complete the SAM or Grants.gov registration process; b.) Ensure that an AOR submits the application; or c.) Take note of and act upon an email from Grants.gov rejecting its application due to errors, are **not** considered technical difficulties. A Grants.gov technical difficulty is an issue occurring in connection with the operations of Grants.gov itself, such as the temporary loss of service by Grants.gov due to an unexpected volume of traffic or failure of information technology systems, both of which are rare occurrences.

Applicants should use the following link to obtain assistance in navigating Grants.gov and access a list of useful resources: <http://Grantswww.grants.gov/web/grants/applicants/applicant-faqs.html>. If you have a question that is not addressed under the "Applicant FAQs," try consulting the "Applicant User Guide" or contacting Grants.gov via email at help@Grants.gov or telephone at 1-800-518-4726. The Grants.gov help desk is available 24/7 Eastern Standard Time (EST) except for Federal holidays.

4.3 Required Proposal Submission Dates

Each Federal fiscal year funded Applicants is required to submit its proposal electronically via www.grants.gov no later than 11:59 p.m. Eastern Daylight Time on September 18, 2020 for fiscal year funded entities, or 11:59 p.m. Eastern Standard Time on November 16, 2020 for calendar year funded entities. Because of the pre-conditions for submitting applications via Grants.gov and the potential for encountering technical difficulties in using that site, Applicants are strongly encouraged to log on to Grants.gov and review the submission instructions early. **DO NOT WAIT UNTIL THE CLOSING DATE TO BEGIN THE SUBMISSION PROCESS.** Applicants bear sole responsibility for ensuring their proposals are submitted and received before the closing date. Applicants bear sole responsibility for ensuring their proposals are submitted and received before the closing date.

SBA will consider the date and time stamp on the validation generated by Grants.gov as the official submission time. A proposal that is not received by Grants.gov before the closing date of this Funding Opportunity will be rejected without being evaluated, unless the Applicant can clearly demonstrate through documentation obtained from Grants.gov that it attempted to submit its proposal in a timely manner but was unable to do so solely because of Grants.gov systems issues. Additionally, SBA will not accept any changes, additions, revisions or deletions to applications made after the closing date.

Applicants should save and print written proof of an electronic submission made at Grants.gov. If problems occur while using Grants.gov, the Applicant is advised to a.) Print any error message received; and b.) Contact Grants.gov for immediate assistance. Applicants may obtain advice and assistance with the Grants.gov submission process by visiting www.grants.gov or by calling 1-800-518-4726.

SBA will not evaluate Applicants that do not document in their application that they meet the requirements for participation in the SBDC Program. **Submissions will only be accepted via www.grants.gov.**

Proposals will be rejected without being evaluated if they are submitted by ineligible organizations or they are illegible or materially incomplete due to an Applicant's failure to include all required forms and/or provide the required level of detail.

In addition, an Applicant must disclose in its application if it currently holds any other financial assistance awards from SBA, or has any other applications for SBA financial assistance awards still pending. If it does, the Applicant must identify how it will avoid duplication of efforts, commingling of funds, and overlapping or double-claiming of costs among those projects. Applicants must treat each SBA project as separate and discrete with individual outcomes and deliverables and provide distinct reporting, accounting, and audit trails for each application and award.

Failure to sufficiently distinguish between multiple applications from the same organization, or between an application and one or more current SBA awards, may result in rejection of an application on the ground that it is duplicative of proposed or existing efforts.

5.1.1.1 SBA Duties and Responsibilities

The SBDC Program does not involve the mandatory payment of any matching funds from the state or local government and does not affect directly any state or local government. As appropriate, SBDC programs should comply with [Executive Order 12372](#), "Intergovernmental Review of Federal Programs."

5.1.2 SBDC Program Objectives and Required Services

The SBDC Program is sponsored and partially funded by the U.S. Small Business Administration (SBA). The SBDC Program is governed by Section 21 of the Small Business Act, 15 U.S.C. § 648, and Federal regulations, 13 C.F.R. Part 130. Although SBA is responsible for the general management and oversight of the SBDC program, a

legal partnership exists between SBA and the Recipient Organization for the delivery of assistance to the small business community.

SBDCs, under Section 21 of the Small Business Act (15 U.S.C. § 648), are required to provide counseling and training to small businesses including working with the SBA to develop and provide informational tools to support business start-ups and existing business expansion. In addition, pursuant to 13 C.F.R. Part 130.340(c), SBA has identified certain special emphasis groups, as defined in Section 8.1.36 to be targeted for assistance by SBDCs.

The SBDC Program is governed by a binding legal instrument between the Recipient Organization and the SBA known as a notice of award or cooperative agreement. The purpose of the Cooperative Agreement is to ensure the delivery of high quality business and economic development assistance (as defined by [13 C.F.R. Part 130.340](#) and the Small Business Act) to small businesses and prospective small businesses.

The SBDCs must ensure that their economic development and technical assistance services are available to all small business populations, including special emphasis groups [[13 C.F.R. Part 130.340\(c\)](#)].

The services provided must include those required by statute and shall include the activities of the Lead Center (Applicant) and all participating Network members. Each Applicant will be accountable to SBA for performing all services included in its proposal.

5.1.3 Statutorily Required Services

SBDCs are required to provide the following services:

5.1.3.1 On a non-fee basis, one-on-one confidential counseling/consultation/advising/guidance:

- Working with individuals or businesses to increase awareness of basic credit practices and credit requirements;

- Working with the Administration to develop and provide informational tools to assist individuals with pre-business startup planning, existing business expansion and export planning;
- Working with individuals or businesses referred by the SBA District Offices, other SBA Resource Partners, and SBA participating lenders (Providing any preferential treatment to clients of any specific lender is prohibited, as is the SBDC's acceptance of payment for the provision of counseling services.); and,

5.1.3.2 Technology transfer, research and development:

- In FY21, each SBDC State or Regional Network is responsible for hosting or largely participating in at least one rural outreach event. This event, which may consist of a workshop, training event, or other appropriate outreach activity, will be done in conjunction with the SBA Director of Rural Affairs, Office of Field Operations (OFO), Office of Women's Business Ownership (OWBO), Office Native American Affairs (ONAA), and Office of Veterans Business Development (OVBD). The Associate Administrators for OED, OFO and OSBDC will host resource-partner calls with all resource partners, SBA Regional Administrators and SBA District Offices to ensure that all resource partners and SBA field offices are fully engaged and participating in this rural-outreach initiative. While the SBDCs are encouraged to be creative in how they reach and service their rural communities, credit for the rural outreach event does not necessarily require a separate event. An SBDC may combine its rural outreach event with their Opportunity Zone workshop or similar SBDC-SBA outreach event so long as the rural component is meaningful and significant. The US Department of Agriculture (USDA) is also interested in participating in these rural outreach events. SBDC State Directors may contact their respective OSBDC Program Manager or the AA/SBDC for assistance with engaging with their state USDA directors.
 - Given its geographic and urban makeup, the DC SBDC may fulfill this requirement by hosting or largely participating in a formal outreach event that reflects the needs of its urban constituency. DC will notify its PM of the nature of this activity or event.*

5.1.3.4 Export Assistance:

- Maintain a minimum number of certified export assistance counselors available to assist clients develop export and international trade opportunities by meeting the requirement in Section 22(i) of the Small Business Act. The minimum number of certified counselors for an SBDC Network is the lesser of:
 - a. Five counselors; or
 - b. Ten percent of the total number of FTE counselors in the Network.

Example: If an SBDC has a total of thirty FTE counselors in its Network, the minimum number of counselors who must attain SBA's export and trade certification is three (3) since 10% is the lesser number. The minimum number of certified counselors required for SBDC Networks with 50 or more FTE counselors is five (5).

- Compliance with the requirement shall be reported in the Semi-Annual and Annual Reports by providing the counselor name, certification type and date of certification as well as the number of full-time (FTE) counselors employed and the number certified. SBDCs not meeting this requirement shall include a plan for attaining compliance with the law in their proposal narrative, including an implementation timeframe. Recipients may refer to [SBA Policy Notice 6000-800](#) for further guidance regarding export and trade counselor certification.
- Report client data for export assistance as required on SBA Form 641, including 1.) Numbers of small businesses new to export 2.) Numbers of new markets entered 3.) Export revenues; 4.) referrals to a USEAC or SBA 5.) Referrals to the Department of Commerce, Department of Agriculture, Department of State, Ex-Im Bank, OPIC or the USTDA; and 6.) 5.1.3.5 Base Closure Assistance:

5.1.3.6 Innovation Protection

In accordance with PL 115-259, the Small Business Innovation Protection Act of 2017, SBDCs shall provide services to individuals to include training in person or through a website relating to:

- Domestic and international intellectual property protections, and
- How those protections should be considered in the business plans and growth strategies of small businesses.

5.1.3.7 Small Business Employee Ownership and Cooperatives Promotion

McCain National Defense Authorization Act for Fiscal Year 2019, SBDCs shall provide access to information and resources on employee ownership through cooperatives or qualified employee trusts as a business succession strategy. SBDCs must provide services encouraging and assisting the provision of succession planning to small business concerns with a focus on transitioning to cooperatives, as defined in section 7(a)(35) of the Small Business Act, and qualified employee trusts (collectively referred to in this subparagraph as ‘employee-owned business concerns’), including by—

- Maintaining lists of local and regional private consultants to which small businesses can be referred.

5.1.4 SBA Required Services

It is acknowledged that SBDCs receive funding from and must meet the mandates of its other funding sources. Despite these mandates, SBA District Directors and SBDC Lead Center Directors should identify services that meet local needs based on periodic needs assessments. SBDC Lead Center Directors should integrate the SBA strategic plan into the Proposal, including, but are not limited to:

- Maintaining international trade assistance to meet the requirements of the Small Business Act as amended by the Small Business Jobs Act of 2010 for the SBDC Program;
- Assisting manufacturing workers interested in starting their own business and working closely with the U.S. Department of Commerce, National Institute of Standards and Technology's (NIST) MEP Program to assist small manufacturers;

- Participating in and actively supporting community economic development in the SBDC's stated area of geographic coverage, including coordination with all levels of government – Federal, state and local in support of initiatives that strengthen the infrastructure of the community and ensure stability and equality in community-based economic growth and development. The private sector, including business and professional organizations, should be invited to become stakeholders with the SBDCs acting as catalysts to initiate development projects beneficial to the community as a whole.

5.1.4.1 Government Contracting Assistance

- Provide financial packaging and other financial counseling assistance; including assistance for SBA loan products and services;
- Provide access to tools and initiatives offered by SBA's Office of Veterans Business Development (OVBD);
- Inform small business contractors about SBA's Surety Bond Guarantee Program, as appropriate.

5.1.4.3 Emerging Markets

Provide outreach and service delivery to entrepreneurs of all demographics, backgrounds and locations, inclusive of urban and rural populations, new immigrant populations and members of Reserve Components of the U.S. Military and National Guard and their spouses.

5.1.4.4 Historically Black Colleges and Universities

Given the importance of Historically Black Colleges and Universities (HBCU) in American higher education and the ever-increasing growth and interest in entrepreneurship and small business throughout the HBCU community, it is a natural fit for SBDCs and the SBA to also increase its services, partnerships and outreach to HBCUs.

According to the U.S. Department of Education, states with HBCUs include Alabama, Arkansas, Delaware, the District of Columbia, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, Ohio, Oklahoma, Pennsylvania, South Carolina, Tennessee, Texas, the U.S. Virgin Islands, Virginia and West Virginia.

SBDCs with HBCUs in their states or regions, will partner with their respective SBA Regional and District Offices and respective HBCU leadership (the university president, dean, chancellor, etc.) to create an annual small business outreach plan within 90 days after the start of Fiscal Year 2021 to their respective HBCUs, which will include conducting at least one small business workshop or event every year with the school and be provided to the OSBDC Program Manager.

Any outreach above this level, should be noted in the outreach plan and is, of course, welcomed. In addition to workshops and engagements, outreach with HBCUs should also include potentially recruiting these colleges and universities to join the SBDC network where and when appropriate. The training will be designed to provide a broad mix of small businesses with a variety of training programs. SBDCs with HBCUs in their states will provide an update on the date[s] and type[s] of outreach events in their Semi-Annual report to OSBDC, as well as their final year-end report to OSBDC. Semi-annual and Annual Reports should include best practices and success stories.

Each SBDC is required to develop an annual strategic plan, in conjunction with their respective SBA Regional Administrator and District Office, to craft programs and outreach in their respective HBCUs.

- a. 90 days after the start of Fiscal Year 2021, the SBDC will provide a copy of its strategic plan to their Program Manager in OSBDC.

- b. Semi-annual Report: Each SBDC will provide OSBDC with an update on outreach and development efforts in their HBCUs, to include success stories such as new business starts, capital infusion and other small business development efforts.
- c. Annual Report: Each SBDC will provide OSBDC with a review of all outreach and development efforts that it undertook over the year to positively impact and grow small business in HBCUs.

5.1.4.5 Opportunity Zones

SBDCs, in conjunction with the SBA Regional Administrator and SBA District Office, will coordinate with their state, local and tribal economic development officials, chambers of commerce, lenders and other public and private entities to maximize business development in their respective Opportunity Zones.

Opportunity Zones were created by the 2017 Tax Cuts and Jobs Act to provide investment in economically distressed areas by creating tax incentives for individuals and companies that invest in these designated zones. To facilitate the designation of these zones, the Federal government empowered state, local and tribal governments to prioritize low-income, economically distressed areas that would benefit most from receiving an Opportunity Zone designation. See also <https://www.irs.gov/newsroom/opportunity-zones-frequently-asked-questions>.

The census tracts chosen as Opportunity Zones by each state, local and tribal governing authority have now been submitted to the Federal Government, giving the SBDCs and the SBA a powerful platform to provide capital, development assistance and counseling to entrepreneurs and small businesses interested in investing in and growing small businesses in Opportunity Zones.

Each SBDC is required to develop an annual strategic plan, in conjunction with their respective SBA Regional Administrator and District Office, to craft programs and outreach in their respective Opportunity Zones.

- a. 90 days after the start of Fiscal Year 2021, the SBDC will provide a copy of its strategic plan to their Program Manager in OSBDC.
- b. Semi-annual Report: Each SBDC will provide OSBDC with an update on outreach and development efforts in their Opportunity Zones, to include success stories such as new business starts, capital infusion and other small business development efforts.
- c. Annual Report: Each SBDC will provide OSBDC with a review of all outreach and development efforts that it undertook over the year to positively impact and grow small business in Opportunity Zones.

5.1.4.6 Cybersecurity

Each SBDC Lead Center network is responsible for creating a formal cybersecurity training program for its state or regional network. The training will be designed to provide a broad mix of small businesses with a variety of training programs that range from introductory familiarization to intermediate and even advanced cybersecurity training. Cybersecurity training outlines, programs, classes and metrics should be included in the OSBDC Weekly Status Report (WSR) and EDMIS. In FY21, the annual and semi-annual reports must include a formal section on a Network's cybersecurity training program and the results and impact of its cybersecurity program.

5.1.4.7 Intellectual Property - USPTO:

Each SBDC Lead network is responsible for creating a formal Intellectual Property (IP) training program for its state and regional network. The training will be designed to provide a broad mix of small businesses with a variety of training programs that range from introductory familiarization to intermediate and even advanced Intellectual Property training. To fulfill this important training requirement, SBDCs are encouraged to contact the SBA SBIR/STTR office and the SBA Office of International Trade (OIT). More so, the US Patent and Trademark Office (USPTO) will also provide a mix of online, webinars and in-person IP training to the SBDCs through their regional and national offices. Requests for SBA and USPTO training-assistance can be made directly to these offices or through the Network's OSBDC Program Manager. IP training outlines, programs, classes and metrics should be included in the OSBDC Weekly Status Report (WSR) and EDMIS. In FY21, the annual and semi-annual reports must include a formal section on a network's IP training program and the results and impact of its IP program.

5.1.4.8 Additional SBA Service Groups

While the core purpose of the SBDC program remains the provision of direct assistance to small businesses, SBDCs may also, under certain circumstances, provide technical assistance to non-profit organizations. Specifically, where a significant portion of a non-profit organization's activities involve providing aid to small business concerns, it is permissible for an SBDC to provide counseling or training to such non-profits on the ground that such action still results in the provision of technical assistance to small business concerns, albeit in an indirect "train the trainers" type of approach rather than in a direct manner.

5.1.5 Program Overview

SBDCs operate under a plan to provide assistance within a state or designated geographical area. As a condition of any SBA grant award made, SBDC Applicants are required to provide at least an equal amount of matching funds from sources other than the Federal Government. SBDCs operate under the provisions of **the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 C.F.R. Part 200**, a Notice of Award (the Cooperative Agreement) issued by SBA and the provisions of this Funding Opportunity.

The SBDC Network must provide services as geographically close as possible to small businesses by using a variety of service delivery mechanisms, including satellite locations, traveling counselors and electronic means, as appropriate. The facilities and staff of each SBDC shall be located in places that will provide maximum accessibility and benefits to the small businesses which the SBDC is intended to serve. The SBDC will develop a plan as part of the proposal specifying the extent to which SBDC statutory and program duties will be delivered to address the needs of the small business community in the area to be served. In doing so, SBDCs must ensure that statutory and regulatory requirements are met.

The Recipient Organization must establish and maintain a program control center or Lead Center to provide administrative services to the SBDC Network within the state or territory. These administrative services shall include, but not be limited to, a.) program development; b.) program management; c.) promotion and public relations; d.) financial accounting; e.) reports management; and f.) internal quality control. Records shall be maintained in the Lead Center indicating the Federal, state, local government, academic and private sector resources available to the SBDC Network and the types of services provided to clients.

The Lead Center must have its own full-time staff, must have a separate budget and identity and, if part of a larger unit, must be a clearly distinguishable sub-unit. Staffing must include a full-time (100%) Lead Center

Director who will operate and administer the operations of the SBDC Network and must have full authority to make expenditures under the Center's budget as well as to manage the program activities. At least 75% of the SBDC Lead Center Director's time must be dedicated to the functions of the SBA SBDC Cooperative Agreement. Other statutory requirements for the SBDC are outlined in [15 U.S.C. § 648\(c\)\(2\)](#).

5.1.6 Required Reporting Lines for SBDC Lead Center Director

The SBDC Director, if an employee of an SBDC Lead Center hosted by an educational institution, must report to the school or college dean or an equivalent or higher-level administrator. In a non-educational organization, the SBDC Director must report to an individual who is no lower than the third level of management or administration within a state agency.

5.1.7 Program Organization and SBDC Name

The specific identification "Small Business Development Center" or "Small Business and Technology Development Center" shall be a part of the name of every SBDC organization within the SBDC Network. No other name designations or variations will be accepted. The entity established by the Recipient Organization to manage statewide Small Business Development Center operations and activities is referred to as the SBDC "Lead" Center. The Lead Center manages and administers a comprehensive small business assistance network, consisting of the Lead Center and its Service Centers, under the terms of a Cooperative Agreement between the U. S. Small Business Administration and the Recipient Organization. This Network is part of the Small Business Development Center Program.

5.1.8 Prior Approval:

Actions requiring prior approval by SBA shall be listed in the Notice of Award, Terms and Conditions and include but are not limited to, the following:

5.1.8.1 Travel Outside the U.S.

Travel outside the United States and its territories which is either: (1) Charged to the Cooperative Agreement; or (2) Performed while on duty for the Recipient Organization must be submitted to the District Office who shall recommend to the AA/SBDC or his/her designee for his/her approval or denial no less than 30 days before departure on a case-by-case basis. (Travel to be completed using vacation time regularly earned is not subject to approval by the AA/SBDC.) Failure to obtain 30-day prior approval from the AA/SBDC or his/her designee may result in suspension or termination of funding.

5.1.8.2 Improvements to SBDC Facilities

If minor construction/physical improvement to SBDC facilities is proposed, Applicant must provide justification for use of program funds, estimated costs and facilities or lease agreement or other documentation from property owner.

5.1.8.3 Changes in Service Delivery Plan

If a Recipient proposes to add or close a Service Center, including adding a new contracted service provider (subcontracted Service Centers), the Lead Center must request prior approval in writing or by email to the Project Officer and OSBDC Program Manager. The Recipient may also be required to submit modifications to the technical proposal and/or cost proposal and supporting documents to effect this change.

5.1.8.4 Recruitment for a SBDC State/Regional Director

- a. Prerequisite to filling the SBDC State/Regional Director position, the Recipient Organization must submit recruitment and selection plans for the SBDC State/Regional Director position to the SBA District Director (or Lead District Director when there is more than one District Office) and to the OSBDC Program Manager for approval of the plan's adequacy. The final three candidates will be forwarded to the AA/SBDC for review. After the final candidates are interviewed and a potential candidate is selected, the SBA District Director will review the SBDC State/Region Director selection and will provide feedback and recommendation to the AA/SBDC and the SBDC Recipient Organization. The AA/SBDC provides the final concurrence before an offer is made.
- b. Recruitment plans for filling the vacancy in excess of 120 days beyond the Director's departure date must have prior approval of the AA/SBDC. If the SBDC State/Regional Director is subject to removal or replacement, the Recipient Organization must notify the SBA District Director and the AA/SBDC (at least ten days before taking such action, if possible. SBA also requests a written explanation of such action, if allowed by the Recipient Organization.

5.1.8.5 Entering into Contracts

Entering into a contract calling for the expenditure of \$250,000 or more in project funds, with the exception of subrecipient agreements or entering into a contract that, when combined with other contracts held by a single individual or organization (including affiliates, subdivisions, and subsidiaries), would result in that entity receiving \$250,000 or more in aggregated project funds unless included in the proposal. The contracts must be awarded via competition. Noncompetitive contracting at this level is only allowed if the Host Organization can demonstrate to SBA's satisfaction either: (i) there is only one possible source for a particular good or service or (ii) there is an emergency involving the risk of imminent damage to property or injury to people. For contracts between \$10,001 and \$250,000, you do not need to submit copies of the proposed contracts to the GOR for approval before executing them. However, the Host Organization must obtain price quotes (either orally or in writing) from at least three qualified sources and inform SBA of these quotes in the corresponding payment requests/financial reports. If the Host Organization does not choose to go with the lowest quote, the Host Organization must explain why. For contracts of \$10,000 or less, the Host Organization does not need to submit copies of the proposed contracts to the GOR for approval before executing them and the contracts are not required to be awarded via competition if the Host Organization considers their prices to be reasonable.

5.2 Evaluation Criteria

All timely, materially complete applications received from eligible organizations will be reviewed in accordance with the criteria listed below.

In addition, as participants in a grant program of the SBA, SBDCs should be familiar with overarching Administration and Agency goals. SBA's strategic goals and the budget that supports those goals are outlined in [SBA's "FY 2021 Congressional Budget Justification and FY 2019 Annual Performance Report"](#)

Overarching Administration performance is outlined in the Government Performance Results Act.

Performance Measurements

SBA is focused on strategic planning, performance and proven results as measured by each SBDC's achievement of negotiated short- and long-term outputs and outcomes. SBDCs are expected to provide in-depth, substantive, longer-term, outcome-oriented counseling and training for greater economic impact measured by the creation and retention of businesses and jobs, capital infusion and increased company revenues.

SBA has identified the following performance goals for the SBDC Program:

- Number of Jobs Supported;
- Number of New Businesses Starts;
- Number of Unique Clients Served; and
- Amount of Capital Infusion.

Data reporting performance goals/measurements are collected through SBA's centralized data collection system (currently EDMIS). Data integrity and the verification and validation of performance results are an SBA priority, as well as provide the ability to attest to the quality and impact of the Program. For accountability and transparency, reports on goal achievement will be disseminated quarterly to the SBDC State/Regional Directors, the Deans of the host universities, the SBA District Directors, the Associate Administrator for Entrepreneurial Development and the SBA Administrator.

5.2.1 Important Priorities for SBDC Recipients in FY/CY 2021:

- Promoting an inclusive vision of entrepreneurship, one that draws entrepreneurs of all demographics, backgrounds and locations into the SBDC for business assistance;
- Providing both new to export and ready to export training and assistance;
- Providing contracting and procurement assistance, e.g., 8(a);
- Providing guidance and training to small business on cybersecurity;
- Providing increased services to small businesses on intellectual property in conjunction with USPTO;
- Counseling and training to rural entrepreneurs and small business owners;
- Providing assistance to veterans; and
- Assisting small businesses to prepare business continuity/disaster readiness plans.

5.2.2 Organizational Experience and Capacity

Applications will first be screened to determine if the Applicant meets stated mandatory eligibility requirements.

5.2.3 Collaboration and Leveraging of Resources

Applicants will be reviewed on the breadth of their plans for coordinating their proposed activities and working to expand the scope and reach of their project in collaboration with entities such as SBA's District Offices, other Federal, state, local and tribal government agencies, other SBA grant Recipients/resource partners (e.g. SCORE, WBCs), trade associations, business/industry groups, institutions of higher education and/or private organizations. Additionally, Applicants should note the availability of any non-award funds and/or in-kind resources that will be pledged to the performance of their projects.

5.2.4 Risk Assessment

As required by 2 C.F.R. § 200.205(b), Applicants will be further evaluated by OSBDC to assess the possible risks they may pose to accomplishing the objectives of the award and to maintaining compliance with the terms and conditions of the award. In assessing the possible risks posed by individual Applicants, OSBDC will include in its consideration the following:

- a. Financial stability;
- b. Financial Management systems quality and its ability to meet the management standards prescribed in 2 C.F.R. § 200.302;
- c. SBA may decline to issue an award under this Funding Opportunity based on this risk assessment.

5.3 Review and Selection Process

All SBDC funding proposals must be reviewed by and receive a letter of support from the SBA District Office(s) (District Director and/or designee) in their geographic territory prior to submission of the final proposal to Grants.gov; a letter of support from the SBA District Director should be included in the proposal submission. If multiple SBA District Offices are in the geographic service area of the SBDC, one SBA District Office Project Officer serves as the designated primary point of contact for the SBDC. The letter of support should outline agreed upon areas of collaboration such as: Rural Initiatives, Small Business Week, HBCU outreach, Opportunity Zones and other collaborative events.

After the Proposal has been received by OSBDC, all submissions and/or revisions (if any) will be reviewed for programmatic and financial content and sufficiency by the appropriate OSBDC Program Manager and Grants Management Specialist. SBDCs will be contacted by either the Project Officer or OSBDC if the Proposal/submission has issues that require resolution. The SBA Program Manager recommends approval for funding to the Grants Management Specialist once the programmatic review of the Proposal has been completed. The Grants Management Specialist reviews the budget and all fiscal documentation to ensure that costs are in compliance with applicable OMB cost principles and issues the Notice of Award.

6.0 Section VI – Award Administration Information

6.3 Reporting

6.3.1 Required Data Collection System - EDMIS

All SBDC's are required to report program data through SBA's data collection system (currently EDMIS). EDMIS serves as a centralized data collection system. While SBDCs may use EDMIS as their primary MIS, they may also choose to maintain existing or complementary systems should they individually require more extensive data collection needs than that of the SBA.

All SBDCs must be fully capable of either manually entering data or uploading batch files to SBA's data collection system (EDMIS). SBDCs are required to upload all data they have collected via the SBA approved data collection tools (Form 641 and Form 888) except as precluded by statute.

PIMS Maintenance:

SBA requires Lead Center SBDCs to maintain their Lead Center and Service Center information in SBA's Partner Identification Management System (PIMS), which interfaces with EDMIS. The Lead Center SBDC will designate one employee to update PIMS and will provide their name, email address and phone number within the Proposal. See Notice of Award, Terms & Conditions.

6.3.2 Required SBA Reports

All SBDC Recipients must provide the required reports to SBA by the established deadlines. Failure to file timely reports may result in withholding of reimbursements. If all required Reports are not submitted on-time, completed and accurate they will not be accepted by OSBDC and will be returned to the Recipients for required revisions.

The required Reports are:

- a. SBDC Quarterly Counseling and Training Reports (EDMIS submission);
- b. Financial Reports, including SF-425 with required attachments;
- c. Program Income Report (SBA Form 2113 and required attachments);
- d. Performance Reports;
- e. Annual Economic Impact Data Report (EDMIS submission); and
- f. For FY 2021, a planned milestones worksheet is to be included in the Semi-Annual and Annual Report which shows Network total results by quarter for Jobs Supported (JS), New Business Starts(NBSs), Unique Clients Served (UCS), and Capital Infusion (CI) for each Network entity listed in the Notice of Award.

6.3.2.1 SBDC Quarterly Counseling and Training Reports (EDMIS Submission)

Due no later than 30 days after the close of each quarter. All data collected from the Form 641 (except as precluded by statute) are to be reported through EDMIS as part of this quarterly reporting requirement. All SBDCs are required to either manually enter data or upload batch files to the EDMIS system. These files must contain complete information for all fields. The EDMIS system stores this client specific information and is capable of generating reports on the data. The data collection tools consist of Form 641 and Form 888 as well as an online collection of annual impact data. The Form 641 is designed to collect client specific data. As such, it is recommended that all fields be as complete as possible. Non-mandatory fields must be completed when data is available, including but not limited to gross sales, export sales, government contracting and other economic

impact data. Economic Impact data that is collected on the Form 641 should also be included in the Economic Impact Report in EDMIS. The most current version of approved client definitions is available on www.sba.gov/edmis. Other documentation regarding EDMIS is also available at this site.

6.3.2.2 Financial Reports

Lead Centers must submit the SBDC Financial Report including Standard Form 425, signed by the Authorized Representative of the Recipient Organization, concurrently to their SBA Project Officer, Program Manager and Grants Management Officer electronically, in PDF format. - a. SF-425 signed by Authorized Official of the Recipient Organization;
- b. Spreadsheet in support of the SF-425;
- c. Budget vs. Actual Expenditures;
- d. Schedule of indirect cost reporting, federal portion and waived indirect on the SF-425 – showing actual indirect costs;

6.3.2.3 Performance Reports

It should also include a discussion of issues the SBDC believes may impair its ability to achieve these items by the end of the budget period accompanied with proposed actions for improvement. These Reports must be a summary of the activities, outputs, outcomes and achievements in these reporting categories with accompanying management analysis.

Performance reports must include data showing attainment of goals established for the four SBDC performance measures included in the recipient's Notice of Award. Data on achievement of performance goals and reporting on other planned milestones and proposed activities should correlate to accomplishments achieved during the reporting period for each Recipient's designated project and budget period (fiscal year beginning October 1st or calendar year cycle beginning January 1st).

Performance reports must be submitted to the SBA Project Officer, SBA Program Manager and SBA Grants Management Specialist (GMS) in electronic format, preferably MS Word. To avoid problem with electronic email size limitation, transmission of electronic reports should not be over 5MB.

Such Recipients must submit progress reports on a **quarterly basis**, due 45 days after the end of each quarter. Quarterly Reports must include the same content outlined for the Semi-Annual performance Reports.

Semi-Annual and Quarterly Performance Reports must include an overall summary of the Network's efforts in delivering core services set forth in the approved proposal as incorporated in the Cooperative Agreement for the period completed to date, in the form of a brief narrative description and management analysis. A summary of specific achievements in each of the reporting categories listed in Section 6.3 is also required. The Report should provide the SBDC's analysis of overall performance measurements achieved to date, as well as an explanation of those objectives or measurements not fully met and SBDC management's strategy for improvement.

Reports must not exceed 25 pages and must include all attachments and data set forth in Sections 6.3.2.4 and 6.3 and in the Notice of Award.

2. Annual Performance Report:

Failure to submit this Report accurately and in a timely manner could jeopardize future funding. This Report **must not exceed 50 pages in length if at all possible** and must include all attachments and data set forth below and in the Notice of Award.

The Annual Report should be in the same format as the Semi-Annual Reports and represents the consolidated effort of the entire SBDC Network for the full performance period, highlighting third and fourth quarter information as necessary. A complete Annual Report includes an overall summary of the Network’s efforts in delivering core services set forth in the approved proposal as incorporated in the Cooperative Agreement for the full budget period, in the form of a brief narrative description and management analysis. A summary of specific achievements in each of the reporting categories listed in Section 6.3 is also required. The Annual Report should provide the SBDC’s analysis of overall performance measurements achieved as well as an explanation of those objectives or measurements not fully met along with recommendations for improvement.

6.4 Recordkeeping Requirements

All SBDC Applicants and their Service Centers are required to maintain complete and accurate records and supporting documentation to facilitate a thorough program examination. All significant client counseling, training and other activities shall be fully documented. SBDC Applicants will support SBA's required data collection and reporting system.

In addition to the performance, financial and program reports already mentioned in this Funding Opportunity, SBDCs must maintain the following records:

6.4.1 Counseling Activity

All SBDCs are responsible for reporting all counseling activities on SBA Form 641, "Counseling Information Form" or an equivalent form that supports SBA's management information database. A client will be counted once in a Federal fiscal year with reporting to include both the number of sessions and the number of hours spent with the client. Copies of these forms or an electronic signed copy must be available for review by the SBA when requested.

Online counseling must meet the standards identified in the client definitions and there must be a signed SBA Form 641 or its equivalent that supports SBA's management information database.

Agreement

Each client is required to sign a request for assistance, SBA Form 641 or equivalent, and must be shown the following statement:

"I request business counseling service from the Small Business Administration (SBA) or an SBA Resource Partner. I agree to cooperate should I be selected to participate in surveys designed to evaluate SBA services. I permit SBA or its agent the use of my name and address for SBA surveys and information mailings regarding SBA products and services (Yes/No). I understand that any information disclosed will be held in strict confidence. (SBA will not provide your personal information to commercial entities.) I authorize SBA to furnish relevant information to the assigned management counselor(s). I further understand that the counselor(s) agrees not to: 1.) Recommend goods or services from sources in which he/she has an interest, and 2.) Accept fees or commissions developing from this counseling relationship. In consideration of the counselor(s) furnishing management or technical assistance, I waive all claims against SBA personnel, and that of its Resource Partners and Host Organizations, arising from this assistance."

These forms shall be retained in accordance with current OMB and SBA requirements. SBDCs may use an electronic version of this form. For clients who have responded "yes" to Question 11 in Part I of SBA Counseling Information Form 641, the SBDC shall provide the information contained in Part I along with the small business name every 90 days. SBA will safeguard client and customer Personal Identifiable Information (PII).

6.4.2 Transactions with Suspended or Debarred Entities

SBDCs are responsible for verifying that entities (such as employees, consultants, contractors or other service providers) paid with program funds and clients receiving counseling assistance supported by program funds are not currently under suspension or debarment by or have an unresolved debt with a Federal Agency. SBDCs may require clients to certify that they are not currently suspended or debarred prior to receiving counseling assistance and should retain certification records with client files.

6.4.3 Training Activity

The SBDC must use SBA Form 888 or its equivalent to document and report SBDC training activities. The agenda and/or program content, attendee list and evaluations are required for each training event. SBDC's will submit all training information from the SBA Form 888 or equivalent form quarterly to SBA's data collection system (currently EDMIS). The training information will be considered certified by the State/Regional Program Director when uploaded into EDMIS. The SBA Form 888 or similar program developed form must be maintained at the SBDC for review by the SBA when requested. *Note, in order for training clients to be counted as part of unique clients served, a Form 641 must be completed for each unique training client.

6.4.3.1 Multi-Session Training:

For courses with multiple sessions, each session may count as one course. Sessions must correspond with the minimum training duration identified in the definitions listed in Section 8.1.39. SBA's management information system collects both the number of sessions and hours for the course.

6.4.3.2 Online Training:

An SBA Form 888 is required for all online training events. At a minimum, the following fields should be completed on a registration form for online training: a.) Client Name or approved client-coded name/number; b.) Email Address; and c.) Zip Code.

In addition, every attempt should be made to collect these data:

- Race;
- Ethnicity;
- Gender;
- Disability;
- Veteran Status; and
- Military Status.

6.4.3.3 Co-hosted (Collaborative) training:

When reporting training numbers for a co-hosted training, the hosts (SBA and ED resource partners) can receive credit for the clients.

6.4.4 SBDC Client Evaluation Forms

Evaluations must be solicited from SBDC clients who receive counseling or attend an SBDC training event. All SBDCs should develop internal procedures to ensure that these evaluations are performed on a regular basis and retain these documents on file. Client satisfaction rate data must also be reported in the Annual Report and economic impact report field in EDMIS. See Sections 6.3.2.4 and 6.3.2.5 for further guidance.

6.4.5 Financial Recordkeeping

An SBDC must maintain the documentation for year-end Standard Form 425 (SF-425) Financial Report as required by OMB Circulars and SBA Regulations. SBDC Lead Centers and Service Centers that manage other non-SBDC funds (i.e., not included in the Proposal or SBA Cooperative Agreement) must maintain separate ledgers and transaction journals for the SBDC financial activity to ensure a clear audit trail of the financial resources used under the SBDC Cooperative Agreement as required by 2 C.F.R. §200.302. SBDC expenditures of Federal, matching and program income must be accounted for separately from other center resources. In addition, funds must be identifiable to the program year for which they were provided. SBDCs must maintain support documents for SBA Form 2113 and SF-425s. This support should consist of at a minimum:

- A spreadsheet that reconciles the SF-425 and the disbursement journals at the Lead Center and subrecipient organizations (i.e., subcontracted Service Center(s)). This applies to the Lead Center only;
- Support for all charges to the Cooperative Agreement, but not limited to, the disbursement ledger, vendor invoices, canceled checks and journal entries;

 - Paid SBDC staff (i.e., host employees) are not eligible sources of in-kind contributions over and above the remuneration of salaries and benefits provided by the Host Organization; however, in-kind cost for time committed by consultants to the SBDC Program may be counted as in-kind match with the appropriate documentation. The documentation must include a letter signed by the consultant indicating the hours they are donating and the rate to be charged for those hours. It also must be signed and dated.
 - SBDC support documentation must include the following: dated and signed statement from the donor identifying the specific nature of the donation, contact information and indicating that no additional remuneration is expected. Donor documentation may resemble an invoice with those provisions;

8.2 Guidelines

8.2.1 Faith-Based & Neighborhood Partnerships

SBDC's are encouraged to coordinate activities through either a contractual or partnership relationship with faith-based and other neighborhood organizations. SBDCs are also encouraged to coordinate their efforts with SBA's Faith-Based and Neighborhood Partnership initiatives designed to open government programs to these organizations to improve their communities. There are no grant funding set-asides for faith-based organizations. Instead, the Faith-Based and Neighborhood Partnership creates a level playing field for faith-based as well as other neighborhood organizations to work with the Government to meet the needs of America's communities.

Lead Centers should be aware that many sectarian colleges and universities are eligible to participate in the SBDC program. In assembling and maintaining their statewide/region-wide SBDC Networks, Lead Centers should be mindful of not imposing any unnecessary conditions which could prohibit or discourage otherwise eligible faith-based or other neighborhood organizations from seeking to act as Service Centers. If a Lead Center has any question regarding particular entity's eligibility to function as a Service Center, it should contact SBA for further assistance.

8.2.2 Environmental Assistance

Environmental assistance includes any activity that encourages, supports and enables small businesses to develop, market, and/or adopt environmental technologies (including pollution prevention) to achieve economic growth and environmental compliance. SBDCs are encouraged to consult with appropriate state and/or local providers of environmental technical assistance programs.

8.2.3 FCC Broadband Plan

For information on the FCC broadband plan click [The National Broadband Plan: Connecting America](#) or enter <http://www.broadband.gov/> in your browser.

8.2.4 Financial Packaging Assistance/Access to Capital

SBDCs should work with their SBA District Offices to provide services that increase small businesses' access to capital. SBDCs are encouraged to develop linkages with lenders, Small Business Investment Companies (SBICs), venture capital firms, Certified Development Companies (CDCs), SBA micro-lending intermediaries and state and local finance programs.

SBDCs will assist small businesses with business plan development, financial statement preparation and analysis, cash flow preparation and analysis, source and application of funds. In addition, SBDCs, in cooperation with SBA District Offices, are expected to offer service to new SBA clients and to assist delinquent SBA borrowers who are referred to them by SBA and/or lenders to assist in problem solving, business restructuring, cost analysis, market penetration and other similar subjects.

8.2.5 Financial Assistance Restrictions

SBDCs cannot make loans, service loans or make credit decisions regarding the award of loans.

SBDCs must not advocate, recommend approval or otherwise attempt in any manner to influence SBA to provide financial assistance to any of its clients. SBDCs may not charge fees for providing assistance for financial packaging. Providing any preferential treatment to clients of any specific lender is prohibited, as is the SBDC's acceptance of payment for the provision of counseling services.

8.2.6 Financial Packaging Assistance Guidelines

SBDCs are encouraged to provide counseling services that increase a small business concern's access to capital, such as business plan development, financial statement preparation and analysis and cash flow preparation and analysis.

SBDCs should help prepare their clients to represent themselves to lending institutions.

While SBDCs may attend meetings with lenders to assist clients in preparing financial packages, they may not take a direct role in representing clients in loan negotiations.

SBDCs should inform their clients that counseling assistance or financial packaging assistance does not guarantee receipt of a loan.

8.2.7 International Trade Services

SBDCs will provide international trade finance and market development assistance to small businesses throughout the SBDC Network. Where appropriate and to the extent possible, SBDCs will offer special international trade programs. SBDCs shall maintain a minimum number of certified export assistance advisors in their network, as required by the Small Business Jobs Act. Such international trade services will be conducted in conjunction with the SBA representative at the local U.S. Export Assistance Center and other relevant federal, state and local agencies providing small business export and trade assistance.

8.2.8 International Trade Center (ITC)

Where appropriate, SBDCs will establish International Trade Centers (ITCs) to focus on export assistance to small businesses. ITCs are specialty centers within the SBDC Network dedicated specifically to providing international trade services. A list of these centers/locations shall be included with the proposal. ITCs must have a separately designated and full-time director and qualified professional staff. They must have a separate budget within the SBDC and there must be separate international trade related counseling and training milestones established in the SBDC Cooperative Agreement. Separate brochures marketing the SBDC's international services must be developed and distributed.

The ITC will coordinate and use public and private resources to provide assistance to small businesses, and particularly to those small businesses new to exporting or with export finance packaging needs.

ITCs will provide a broad range of services as appropriate and needed by the small business community, including the following:

- Assist SBA by supporting Export Assistance Centers sponsored by SBA, the U.S. Department of Commerce, the Export-Import Bank and other Federal Agencies;

- Assess client's export related financing needs and assist clients in structuring and compiling necessary documentation, (i.e., business plan development, financial statement and analysis, cash flow preparation and analysis, source and application of funds, letters of credit, etc.) for export financing and particularly for SBA's Export Working Capital Program;
- Develop linkages with local lenders, SBA District Export Finance Officers, Ex-Im Bank personnel and U. S. Export Assistance Center personnel;
- In cooperation with SBA, develop an Export Trade Assistance Partnership (E-TAP) program on an annual basis for new exporters. Create an E-TAP Task Force for its development and cooperation with other appropriate private and public sector partners to provide counseling and training for this program.
- Develop and conduct seminars on opportunities and procedures involved in exporting, export finance, joint ventures, licensing, ISO 9000 and other International Standards Registration, metric conversion and so forth;
- Identify and analyze client's international trade needs, capabilities and problems and provide in-depth counseling in international trade techniques, procedures and opportunities;
- Use services available through the Federal Bar Association/SBA Agreement to assist in the resolution of client's international trade/legal problems, the Export Legal Assistance Network (E-LAN);
- Assist SBA in promoting and recruiting participants for SBA cosponsored events including those with the Department of Commerce, the Overseas Private Investment Corporation, the Agency for International Development and the Export-Import Bank; and
- Assist SBA in disseminating information on trade promotion, trade finance, trade adjustment and trade remedy assistance.

8.2.9 Manufacturing Assistance

Many SBDCs partner with the Department of Commerce, National Institute of Standards and Technology's (NIST) Manufacturing Extension Partnerships (MEPs) to provide specialized services to small manufacturers. Through this partnership, a small manufacturer can receive business management assistance from the SBDC and engineering assistance from the MEPs.

All SBDCs that are partnering with the NIST MEPs are encouraged to continue this valuable assistance to small business manufacturers. SBDCs without a working partnership with the NIST MEPs may wish to pursue one. The nature of any participation with MEPs must be reported in the Semi-Annual and Annual Reports to SBA.

8.2.10 Military Base Closings and Reductions-in-Force

In those states where base closing or realignments have occurred or will occur, the SBDC must provide a full range of business development and technical assistance services in the affected areas. These services should be specifically designed to meet the particular small business needs that arise as these closings and realignments occur, including services specifically targeted toward existing and former military personnel.

8.2.11 Minority Business Development

SBDCs should work with their SBA District Offices to provide training and counseling to firms in all stages of participation in the 8(a) Program. Each SBDC must make all of its economic development and technical assistance services available to 8(a) firms in all stages, other minority business owners and prospective minority business owners. SBDCs are encouraged to make special efforts to assist SBA's 8(a) Business Development Program. These efforts include community-based seminars and workshops concerning the SBA's 8(a) Program application process.

SBDCs should inform their 8(a) clients that counseling assistance does not guarantee receipt of a contract.

8.2.12 Native American Assistance

Each SBDC must make its economic development and technical assistance services available to Native Americans. Local initiatives for Native Americans shall be supported when appropriate, and to the extent possible, by the appropriate SBDC where it is determined that this assistance is needed. Where appropriate, SBDCs shall provide support to initiatives of SBA's Office of Native American Affairs (ONAA).

8.2.13 Procurement Assistance

SBDCs are encouraged to provide services that provide basic information needed by small business concerns interested in procurement opportunities in the Government arena. These services should include, but not be limited to:

- Providing information on government buying methods;
- Identifying the role of SBA Area Directors for Government Contracting located in SBA field offices and Business Development Specialists;
- Educating small businesses about the Federal Government's move toward doing business by Electronic Data Interchange, marketing techniques and placement on agency bidders' lists;
- Assisting with the preparation of bids and proposals;
- Identifying subcontracting opportunities;
- Providing counseling and referral information concerning bidders' rights and obligations, appeal procedures, termination and default actions, and size criteria (business advice, not legal advice);
- Providing assistance on contractual, financial and contract administration issues;
- Identifying and facilitating access to computerized systems that identify Federal, state and local procurement opportunities;
- Assisting eligible small business firms to complete and submit HUBZone Program electronic application; and
- Working cooperatively with the Procurement Technical Assistance (PTAC) program.

8.2.14 Rural Development

SBDC Applicants must make a full range of business development and technical assistance services available to small businesses located in rural areas. These services will be designed to increase rural small business participation in exporting, government procurement, tourism, access to credit, incubators, innovation and technology and other small business programs.

8.2.15 SBDC State/Regional Director

The SBDC State/Regional Director must be a full-time (100%) senior manager who shall direct and monitor the program activities and financial affairs of the SBDC Network to deliver effective services to the small business community, ensure the SBDC's compliance with applicable laws, regulations, OMB circulars and Executive Orders, implement the Cooperative Agreement and serve as the principal contact point for all matters involving the SBDC Network. For these purposes, full-time is defined as 100 percent of time allocated between this grant and other grants that provide management and technical assistance to small businesses. These include technical assistance programs that the Lead Center may be conducting to fully utilize the resources of other federal, state and local government, academic and private sector programs concerned with aiding small businesses in order to provide seamless but not duplicate business development assistance. These other activities must be in accordance with the description above and must not be outside of the scope of management and technical assistance to small businesses. Of that, at least 75 percent of the SBDC State/Regional Director's time must be dedicated to the functions of the SBA SBDC Cooperative Agreement. SBDC State/Regional Director may not receive additional compensation for managing these programs.

The SBDC State/Regional Director has the responsibility for negotiating the annual Cooperative Agreement with SBA, keeping in mind that national, state and local needs are to be addressed. Once an SBDC receives its approved budget and program funding from SBA, the SBDC State/Regional Director must have full authority to manage and implement the budget without restrictions from the host entity, including the management and oversight of all statutorily required areas of statewide/regional coverage.

8.2.16 Surety Bond Guarantee Assistance

SBDCs are encouraged to educate their counselors and small business contractors about the Surety Bond Guarantee (SBG) Program. This includes making available program information at counseling and training sessions and at business, professional and trade association meetings. SBDCs should develop an outreach program and actively promote the SBG program to special emphasis contractors. SBDCs should refer small business contractors to the SBG specialist in one of the two SBG Area Offices (Denver and Seattle) for detailed information about the Program. The Office of Surety Guarantees in SBA Headquarters will provide a power point presentation for this purpose. An SBDC should contact The Office of Surety Guarantees in SBA (202)205-6540 for answers to questions and for more information. The SBA OSG website is located at: www.sba.gov/about-offices-content/1/2891.

Many contractors are able to leave the Program and obtain bonding on their own while others remain in the program for several years. One reason small contractors continue in the Program is that they lack management expertise and have ongoing cash flow problems. SBDCs are encouraged to work with the SBG specialist in the appropriate Area Office to identify such contractors and give them the needed business management assistance. Among other areas, this may include business plan development, cash flow preparation and analysis, bid preparation, marketing and financial statement preparation and analysis.

8.2.17 Technical Assistance for Research and Innovation

The Lead Center must make technical assistance for research and innovation available, directly or through other relationships, to small businesses including, but not limited to: new product development; assisting inventors and high technology firms to research, develop and market their ideas and inventions; assisting non-technological firms to gain access to existing technologies; SBIR related assistance; and facilitating the transfer of technology and technical data from federal and university laboratories.

8.2.18 Training

Applicants must provide quality training designed to improve the skills and knowledge of existing and prospective small business owners/managers throughout the SBDC Network.

Training planned by SBDCs must be shared with the SBA Project Officer to avoid duplication with training efforts offered by other local organizations and SBA. In addition, all training materials developed in an electronic format shall be made available to the SBA Project Officer and the SBDC Clearinghouse.

SBDCs may charge reasonable fees to cover program costs associated with this training. These fees are considered program income and shall be used to expand services and further SBDC program objectives.

8.2.18.1 SBDC Co-hosted Training

SBDCs are encouraged to enter into co-hosted training arrangements with the private sector and other organizations to extend outreach and productivity. (Cooperation between members of the SBDC Network (i.e., Lead Center with Service Centers or other organizations funded through the Cooperative Agreement with SBA) is not considered a co-hosting).

In order for an SBDC to receive credit for a co-hosted training event, it must actively participate (i.e., provide speakers, materials, publicity) with the organization assuming primary responsibility for financing the training session. Final responsibility for the quality of the training rests with the SBDC.

For all co-hosted training among ED resource partners where there will be a distribution of receipts in whole or in part to the co-host, the training file for the activity must document clearly the role and responsibility of the SBDC and each participant receiving a share of the receipts. The training file must also document how the receipts were distributed.

Each ED resource partner participating in a co-hosted training event is allowed to claim the total number of participants that attends a training event. Each ED resource partner must contribute substantive value to the co-hosted event in order to claim each participant attending the training event. The substantive value provided by the ED resource partner must be documented in the training file.

SBDCs are reminded that income received by the SBDC Network for all co-hosted programs is considered program income and cannot be used for match funding; it must be used to further support the SBDC program. Note that SBDC programs involving the SBA District Office and one or more third party organizations as co-hosts (such as lenders or chambers of commerce) are subject to the Agency's co-sponsorship requirements and may require a different treatment of program income receipts.

8.2.19 Veteran and Service-Connected Disabled Veteran Business Ownership

SBDCs must support the entrepreneurship track of the Department of Defense's Transition Assistance Program (TAP) known as Boots to Business (B2B). The B2B program is offered to service members and their spouses at military installations worldwide as a two-day Introduction to Entrepreneurship. The SBDCs are integral to the B2B program, which uses a multi-phase approach to introduce transitioning service members to the fundamentals of small business ownership and highlights follow-on training and counseling opportunities with a focus on the eight-week online Foundations of Entrepreneurship course offered by Institute for Veterans and Military Families (IVMF) at Syracuse University. SBDCs may provide B2B instructors, preferably veterans or those with knowledge of military culture, and assist with program marketing and outreach activities. Selection of instructors and the delivery of B2B will be coordinated by SBA District Offices and their designated Veterans Business Development Officer. As an extension of B2B, SBA also offers Boots to Business: Reboot. This Program offers the same tailored curriculum to veterans of all eras and their families and is also delivered collaboratively by all SBA partners.

Each SBDC must make available all of its economic development and technical assistance services to veterans, including service-connected disabled Veterans and their immediate families as well as Reservists and National Guard members called to active duty as appropriate. Both national and local initiatives for Veterans shall be supported by the appropriate SBDC as needed. If not actively involved with the B2B initiative, each SBDC Network will establish a minimum of one Veteran Entrepreneurial Training (VET) Program for veterans, service-connected disabled veterans, Reservists and National Guard members as well as active duty military personnel who are pending discharge. The Program may include feasibility and marketing studies, preparation of business plans and loan packages including Patriot Express and formation of support groups to provide follow-up and encouragement to participants.

SBDCs should contact their state National Guard Adjutant General and all units of the Military Reserves to identify Reservists and National Guard members who are operators of small businesses; are otherwise self-employed, or are essential employees in small businesses and who have been or may be mobilized pursuant to Title 10 USC for active duty. SBDCs should provide business counseling and training as needed to minimize business interruption and/or adverse financial and operational problems. Such counseling could include, but is not limited to, the offering advice on the best feasible means of winding up business operations and the utilization of Federal and state laws (including the Soldiers and Sailors Civil Relief Act) enacted to protect small business persons who are subject to mobilization to active duty. Additionally, business assistance for self-employed Reserve and National Guard members following their release from active duty will be critical

to mitigate expenses, secure legal assistance, engage in significant marketing efforts and otherwise minimize the negative effects of the member's mobilization on their small business or practice.

Each SBDC should identify veterans on its staff. Each SBDC should also encourage development of a Veterans' business network and work with strategic partners to develop a local summit for Veteran business owners and service-connected disabled veterans business owners as well as Reservists and National Guard members who are subject to be called to active duty. Each SBDC will contact its local Veterans Administration (VA) regional office and engage VA Vocational Rehabilitation Counselors with clients.

SBDCs should highlight Veteran's needs at small business seminars, conferences and outreach Funding Opportunities. SBDCs should develop close working relationships with their respective State Department of Veterans Affairs to explore collaborative outreach and referrals.

Pursuant to the Military Reservist and Veteran Small Business Reauthorization and Opportunity Act of 2010, SBDCs shall, as part of the SBA's Outreach and Technical Assistance Program, market and provide technical assistance for SBA's Military Reservist Economic Injury Disaster Loan program including website linkages to assistance programs offered by SBA, the Department of Veterans Affairs and the Department of Defense.

8.2.20 Women's Business Services

Each SBDC will make available all of its economic development and technical assistance services to women business owners and prospective women business owners. SBDCs will also provide referrals to the Women's Business Centers (WBCs) for women business owners when appropriate.

8.2.21 Yellow Ribbon Reintegration Program

Pursuant to [Public Law 110-181](#), passed January 28, 2008 – The Secretary of Defense initiated the Yellow Ribbon Reintegration Program which provides information, services, referral and proactive outreach programs to National Guard and Reserve members and their families with sufficient information, services, referral and proactive outreach opportunities through the four phases of the deployment cycle:

1. Pre-Deployment;
2. Deployment;
3. Demobilization; and
4. Post-Deployment-Reconstitution.

The goal of the Yellow Ribbon Reintegration Program is to prepare soldiers and families for mobilization, sustain Families during mobilization, and reintegrate soldiers with their families, communities and employers upon redeployment or REFRAD.

Relevant portions of the "Act" are:

- (h) Outreach Services- As part of the Yellow Ribbon Reintegration Program, the Office for Reintegration Programs may develop programs of outreach to members of the Armed Forces and their family members to educate such members and their family members about the assistance and services available to them under the Yellow Ribbon Reintegration Program. More information is available at http://www.benefits.va.gov/gibill/yellow_ribbon.asp.

In addition, provision should be made to provide evening and weekend assistance, both online and in Service Centers, as appropriate to meet local community

demands and needs. Anticipated closings shall be included in any annual renewal application. Emergency closures shall be reported to the SBA Project Officer and SBA Program Manager as soon as possible.

Part 130.460\(g\)](#), and must be used under the same formula for travel reimbursement as provided by the host institution. Award funds are not available for the payment of per diem, lodging, meals or other subsistence expenses associated with local travel. However, award funds may be used to pay transportation expenses for local travel.

SBDCs are authorized to include a certain amount of funds in the proposal for “unanticipated” travel. Unanticipated travel is defined as “travel which is necessary to further SBDC objectives, but for which a complete description and/or justification could not be provided in the proposal.” SBDCs are required to report on the out-of-state or international travel completed after the fact in the Semi-annual or Annual Report. For additional guidance regarding authorization for travel, see Section 5.1.8.1.

Travel funds are authorized for the SBDC State/Regional Director and/or his/her designee to attend two America’s SBDC (ASBDC) meetings per year. Travel funds may also be authorized for additional SBDC staff to attend meetings designed for professional development purposes. Further, one trip per year, as approved by the AA/SBDC, is authorized to allow the SBDC State/Regional Director and/or his/her designee to meet with national SBA officials to discuss local program initiatives.

8.3.3 Small Business Week

SBDCs are encouraged to promote, support, plan, implement and participate in Small Business Week activities in cooperation and coordination with local and national SBA officials. SBDC State/Regional Directors and other SBDC personnel, with their strong links to prominent entrepreneurs and small business advocates in their communities, should nominate individuals for Small Business Week awards. SBDCs are encouraged to submit nominees for the SBDC Service Center of the Year Award.

8.3.4 Legal Services Restrictions

No costs associated (either directly or indirectly) with civil, criminal or administrative litigation are allowable under an award made pursuant to this Funding Opportunity. Project funds may be used to pay the cost of non-litigation legal counseling services either to the recipient of this Award or project beneficiaries. However, all parties receiving such services must agree in writing or by email to waive any claims of privilege over such services with regard to SBA to the extent necessary for the Agency to perform its monitoring and oversight function.

SBDCs may offer training courses on business law issues, provided that legal topics are presented by individuals qualified by training and experience to address such topics. In furtherance of their educational mission, SBDCs may negotiate arrangements with law schools to offer clients access to supervised student legal clinics that are approved by the state attorney licensing entity. The SBDC must make appropriate disclosures and disclaimers to that effect.

8.3.5 Conflict of Interest Policy

Each SBDC Network must have a written conflict of interest policy which is signed annually by all employees, consultants, instructors and volunteers of the SBDC Network. The policy must include enforceable elements safeguarding the SBDC Program from actual or apparent conflicts in accordance with 2 C.F.R. § 2701.112.

8.3.6 Disaster Operations Plan

Each Lead Center and its Service Centers must have in place disaster plans which are coordinated with the host institution to ensure delivery of services to small businesses in its area of operations. Such plans must be kept on file and available for review by SBA officials. Plans should be reviewed annually by the Lead and/or Service Center Directors and updated as needed. SBDCs individually, and in cooperation with SBA and other Federal Agencies as well as state and local entities are encouraged to provide disaster recovery assistance to support impacted small businesses in local economies.
